NUFA's Annual General Meeting will be held on Monday, May 7th in room F210 at 1:30pm. Contact [nufa@gmail.com](mailto:nufa@gmail.com) for more information.

## PROGRESS ON NON-FINANCIAL ISSUES

After a day-long session on Tuesday 10 April the bargaining team can report continued progress working through non-financial issues. Having reached agreement on a number of smaller items, the team is expecting to get down to business on the more substantial elements of each side's proposals during an unprecedented run of seven meetings with the employer over three weeks in May.

The hiatus will give members of the team a chance to mark exams and submit grades, but they will also be busy collecting further data and discussing strategy in preparation for the May marathon of bargaining. Though the greatest challenges lie ahead, we remain cautiously optimistic that we can reach a deal worthy of you, our members.

Thanks to all who came out to learn about the bargaining team's progress on the eve of the Easter-long weekend. Your consistent engagement and support is just what the team needs to get you the best deal possible. You can continue to show your support for NUFA by attending the Annual General Meeting on May 7 at 1:30 in F210 (North Bay), RM. 207 (Brantford) and Classroom 3 (Muskoka). Come and hear reports of NUFA's various activities over the past year, and participate (even stand) in elections.

If you need to blow off some end-of-term steam consider dropping in to catch up with colleagues at the term's final Faculty Club on Wednesday 25 April starting at 4pm in the Owl's Nest.
