- 5.5** The Employer will advise Members of their right to representation by the Association. The parties recognize that the collegial process will continue to be fundamental to the life of the University. The parties undertake to respect that principle and thus recognize the right and responsibility of Members to participate individually, in accordance with each Member's responsibilities in the formulation of policies and procedures for the functioning of the University and to take part in the work of the appropriate committees, councils and assemblies.

ARTICLE 11: AMENDMENTS TO THE NIPISSING UNIVERSITY ACT

11.1 To ensure that any future proposals to amend the Nipissing University Act, proclaimed December 1992, reflect the shared aspirations of the University community, the parties agree that any proposal by the University to amend the Act requires consultation with the Senate and also consultation with the Association, and to this end the Senate and the Association will be provided a period of time not less than one month to comment to the Board on any such proposed changes.

13.3 An actual or apparent conflict of interest arises when a Member or Academic Administrator is placed in a situation where their personal or financial interests, or those of an immediate family member or other person with whom there exists or has recently existed an intimate or financial relationship, conflict or appear to conflict with their responsibilities to the University in accordance with the provisions of this Agreement.

13.4 Members and Academic Administrators are expected to avoid actual or apparent conflicts of interest as defined in this Article.

13.5 The existence of an actual or apparent conflict of interest does not necessarily preclude the involvement of the Member in the situation where the conflict has arisen or may arise, but it does require that the conflict be formally disclosed in writing to the Member's Dean before any action or decision is taken. Where the Dean also has an interest in the matter, the disclosure will be made in writing to the Provost.

13.6 Following consultation with the Member and other appropriate persons, the Dean (or Provost) will notify the Member whether an actual or apparent conflict exists, and, if so, decide how it is to be resolved and inform the Member in writing of the appropriate steps to deal with the conflict.

13.7 Notwithstanding the conflict obligations as set out in this Article, an individual will not be denied an appointment solely on the grounds of family or intimate relationship.

13.8 Without limiting the generality of the above:

- (a) When a student with whom a Member has a supervisory or evaluative relationship is either an immediate family member or someone with whom there exists or has recently existed an intimate or financial relationship, the Member will disclose this actual or apparent conflict in accordance with Article 13.5.
- (b) Members may employ students with whom they have a supervisory or evaluative relationship as research or teaching assistants.
- (c) Members will not accept additional remuneration for tutoring any students with whom they have a supervisory or evaluative relationship.

- (c) The Official File of each Member will contain only material pertaining to the employment of the Member. The material in the Official File may include, but will not be limited to, the Member's curriculum vitae, annual reports, university transcripts, letters of application, references, salary and work history, student opinion surveys of faculty teaching, disciplinary material, signed commendations and complaints, decisions and recommendations together with the reasons arising from personnel decisions, and copies of material reflecting professional development and achievement.

- (b) The contents of a Member's Official File will be made available only to authorized representatives of the Employer for the purpose of administering the Collective Agreement. The Official File can be made available to other persons only with the written consent of the Member, with the exception of instances where it is required by law. In such cases, the Member will be immediately notified of the details of the release, including the names of any persons granted access to the Official File and the legal reasons for the granting of access, unless such notification is prohibited by law.

14.3 Amendments to Official Files

- (a) A Member will have the right to supplement or correct the Member's Official File in the event of error or inadequacy.

- (b) A Member may request in writing to the Dean that material which the Member believes is false, irrelevant, inaccurate, or unsubstantiated be removed from the Member's Official File. The Dean will respond to a Member's request in writing within ten (10) working days. If the Dean rejects a request, the Member may place a response to the material in the Official File. The Member's response does not take the place of a grievance.

14.4 Anonymous Materials, Confidential Materials, and Complaints, in Official Files

(a) Anonymous Materials

- i) No anonymous material will be kept in any Member's Official File.
- ii) No anonymous material will be submitted as evidence in any formal decision or action involving a Member. If anonymous material is introduced as part of any deliberation, action, or proceeding, such material will be sufficient in and of itself to invalidate the deliberation, action or proceedings. Statistical information gathered pursuant to Article 27 will not be considered anonymous material. Non-statistical information gathered pursuant to Article 27 is considered anonymous material; however, it may be submitted by the Member without invalidating the process.

(b) Confidential Materials

- i) The Member will be informed in writing of any additions to or deletions of material from the Member's Official File within ten (10) working days of the addition or deletion. At any time, however, Members may request to view anonymized confidential letters of assessment held in their Official File.
- ii) Notwithstanding Article 14.4(b)(i), letters of assessment received in relation to the initial appointment of a Member at the University will be confidential and will not be shown to the candidate before or after the Member's appointment. Such letters of assessment will be destroyed within one (1) month after the Member's appointment commences.
- iii) If confidential material from the Member's Official File is used in the course of proceedings to resolve a grievance, and an arbitrator is deciding the case, the arbitrator will have access to all relevant confidential material in the Official File and may make use of it in the decision, having due regard to its confidentiality.

(c) Complaints

- i) In the case of a signed complaint made by anyone against a Member, the Member will be promptly advised by the Dean in writing that a complaint has been placed in the Official File. A copy of the signed complaint will be sent to the Member. The Member will be given an opportunity to place a comment or rebuttal in the Official File.

- ii) The Member will be informed in writing of any additions to or deletions from the Member's Official File of materials involving complaints within ten (10) working days of the addition or deletion.
- iii) In the case of complaints by students:
 - a. if the author is a student and does not consent to the disclosure of their name, then upon completion of final grade reports, the document, along with the Member's rebuttal, will be removed from the Member's Official File and destroyed;
 - b. if the students' names are disclosed, the Member will, at that time, be given an opportunity to place a further comment or rebuttal in the Member's Official File;
 - c. when written student comments are retained, copies will be placed in the Member's Official File and a copy forwarded to the Member.

14.5 Termination of Employment

- (a) On termination of a Member's employment for any reason other than cause, the Employer will permit, by appointment only, accompanied access for a period of fifteen (15) working days (or longer with the agreement of the Dean) by the former Member or designate to the former Member's communications and files, whether in paper or electronic format. The purpose of the allowed access is for transferring required documents to other faculty, the Chair or Director, or the Dean. Where files are not required to support continued student academic needs or ongoing operational requirements, the former Member or designate may remove or destroy the Member's communications and files. Items that are clearly of a personal nature or are owned by the former Member, such as furniture, pictures and books, may be removed at this time.
- (b) On termination for cause, a Member may make arrangements with Human Resources to have the Member's communications and files and any items which are clearly of a personal nature sent to the Member within fifteen (15) working days of the Member's termination date.
- (c) Any files of a former Member that remain after the application of the provisions in Articles 14.5(a) or 14.5(b) may be archived or may be destroyed at the discretion of the Dean after a minimum of seven (7) working days.

15.1 Universities in Ontario are subject to the Freedom of Information and Protection of Privacy Act (FIPPA). All records in the custody and control of the University are subject to FIPPA, with exceptions as defined by the Act (amendment date 2014). Persons may request and have a right to access University information or records. The Employer must notify the Association of any FIPPA request received by the Employer, which seeks to access the records, as defined under the Act, of a Member. A record is defined under the Act as any record of information however recorded, whether in printed or electronic form, film, or otherwise and includes the following:

15.4 The Employer will not inspect a Member's paper communications and files or engage in electronic monitoring or other scrutiny of the hard drive of computer(s) designated for a Member's use or of a Member's internet or e-mail beyond the need to guard against illegal activities, the need to meet concerns about liability, the need to comply with the law or an order of a court, the need to protect the security and health of individuals, or the need to assess volume of usage for the purpose of maintaining system integrity.

15.5 Notwithstanding the provisions of Article 15.4, the Employer will have access to Members' files for the operational requirements of the University when Members are unable to provide or consent to access.

Artistic expression, including presentations to the public, will have the same assurance of academic freedom.
- (b) Direct or indirect attempts to impose tests of propriety, ideology, or religion on the artistic activity of these Members will be resisted by the University community, it being agreed that such tests are acts of censorship that limit the freedom to explore, to teach, and to learn.

- (d) Members have the right to participate in the work of learned societies and professional organizations and associations, including NUFA, OCUFA and CAUT, provided such participation does not prevent the reasonable fulfillment of their assigned duties at the University. If such service conflicts with scheduled teaching or administrative duties, Members will make arrangements, in consultation with the Dean and, where appropriate, notify the Chair or Director, to ensure that those duties are fulfilled.
- (e) The activities of Members in learned societies and professional organizations and associations will be considered in the assessment of their service to the community in the same way as similar activities performed within the University.

- (b) The parties agree that while Members are committed to full-time employment with the University, unless otherwise provided for by this Agreement, they may engage in outside professional activities, provided that, such activities are not substantial. Such activities are considered substantial if they conflict or interfere with the fulfillment of the Member's obligations to the University, as outlined in Article 28.
- (c) Members will be responsible for seeking the Dean's permission in writing prior to engaging in any proposed outside professional activities which might be, or could become, substantial. In such cases, if the Dean's approval is granted, the number of hours will be noted and the Dean's permission will be documented in writing and placed in the Member's Official File.
- (d) Outside professional activities which involve a significant use of University supplies, equipment, facilities, employees or services will be subject to approval by the Provost. Written requests for approval will include information on the nature and scope of the outside professional activities for which support is being requested. - (e) Members will not use the corporate name and/or logo of the University when engaging in outside professional activities, unless so authorized by the Board, the President or the President's designate. However, when engaging in such activities, Members may identify their University or academic unit affiliation, their rank and title, and the nature of their employment.
- (f) The University assumes no liability for any action brought against a Member as a result of outside professional activities.

- (d) Notwithstanding Articles 19.8 (a) and (c), the Provost may, when time is of the essence, appoint a faculty Member for an initial Limited Term Appointment 1 (LTA 1) of one year or less without advertising, provided that the Provost gives the Association appropriate written reasons for the urgency within twenty (20) working days of the appointment. In such cases, if the appointment is to be renewed, an open competition for the position must be held, including national advertisements, and the information in Article 20.3(e) will apply.

19.9 Ranks for Faculty

All limited-term, tenure-track and tenured faculty appointments under this Collective Agreement will be made at the ranks of Lecturer, Assistant Professor, Associate Professor or Professor.

19.10 Type of Faculty Appointments

- (a) All appointments to faculty will be tenured, tenure-track, limited term or full-time instructor.
- (b) An appointment is contingent upon verification of the candidate's academic credentials. When the University employs a company to verify credentials, that company will affirm that, absent a court-ordered subpoena, it will not provide information on the candidate to a third party unless the third party has the written authorization of the candidate.
- (c) A tenured appointment grants permanency of appointment to the Member which may be terminated only through resignation (Article 37), retirement (Article 37), dismissal for cause (Article 41), financial exigency (Article 44) or program redundancy (Article 45).
- (d) A tenure-track appointment will normally be for a period of six (6) years. During this time, the University and the Member are afforded an opportunity for mutual appraisal. Tenure-track appointments end in a tenured appointment or in termination of the appointment.
- (e) A limited-term appointment is set out in Article 20. A limited term appointment is a contractual agreement between the Employer and a Member, made at a specified rank for a specified period, which normally will terminate at the end of that period with no further obligation on the part of either party.

ARTICLE 20: LIMITED-TERM APPOINTMENTS

20.1 Limited-Term Appointments 1 (LTA 1)

- (a) A Limited-Term Appointment 1 (LTA 1) may be made in the following circumstances:
 - i) to replace a Member who is on sabbatical or on leave, who has been seconded to an institution outside the University, or who has assumed an administrative position outside the Bargaining Unit;
 - ii) to fill vacancies that arise from the resignation, termination, or death of a tenured or tenure-track Member, when the circumstances warrant postponing for up to a year the advertisement for a tenure-track replacement;
 - iii) to fill temporarily a vacancy in an academic unit because a qualified candidate for a tenure-track appointment could not be found;
 - iv) to fill a position which has funding that is likely to be temporary and which has been earmarked by the government or other external agencies;
 - v) to fulfill the University's obligations to a Member denied tenure, per Article 26.35(f); and
 - vi) to meet a sudden increase in student enrolments which is expected to be temporary.
- (b) Members on an LTA 1 of up to two years will have a Teaching Intensive Workload. Members on an LTA 1 of more than two years will have a Normal Workload.

20.2 Duration of Limited-Term Appointments 1 (LTA 1)

- (a) With the exception noted in Article 20.2(e), initial LTA 1 appointments will be for ten (10) months, twelve (12) months, twenty-four (24) months, or thirty-six (36) months, except when extraordinary circumstances delay the start of the appointment.

- (b) A Member hired to teach for the Fall and Winter terms may be hired on an initial contract of a minimum of ten (10) months, except when extraordinary circumstances delay the start of the appointment. A Member may be renewed for a second ten (10) month contract, but any renewal beyond the second ten (10) month contract must be for a minimum of twelve (12) months. All contracts of twelve (12) months or less completed during the term of this Collective Agreement and prior to the signing of this Collective Agreement are counted as initial LTA 1 contracts.
- (c) If a Member on an initial LTA 1 appointment of a minimum of twelve (12) months is renewed, any renewed contract(s) must be for a minimum of twelve (12) months.
- (d) An LTA 1 appointment made in any academic unit under Article 20.1(a)(vi) may be renewed for a second year for the same reason with the approval of the Association. Such approval will not be unreasonably denied. No appointment will be made in an academic unit for more than two consecutive years under Article 20.1(a)(vi).
- (e) A faculty Member hired to teach for the Fall or Winter term will be hired on a contract of at least five (5) months, except when extraordinary circumstances delay the start of the appointment. Faculty will be hired on such contracts if they are replacing Members who are expected to be absent from the University for one academic term.

20.3 Reappointment of Members on Limited-Term Appointments 1 (LTA 1)

- (a) A Member holding a Limited-Term Appointment 1 (LTA 1) may be reappointed for a further limited term without the requirement for advertisement.
- (b) While an LTA 1 cannot assume renewal of the Member's contract, renewal without the requirement for advertisement will take place if there is a continuing need for a position; the academic unit has made a request to the Dean, normally by December 1, for renewal; and the performance of the LTA 1 is deemed satisfactory by the Dean.
- (c) When a Member is considered for a renewal of a limited term appointment without advertisement, such consideration by the Dean will include reference to Members performing similar work and comparison with other Members of similar experience.
- (d) If the Member is to be renewed for a subsequent limited term without advertisement, the Member will be notified in writing by the appropriate Dean by December 15 in the final year of the Member's appointment or within thirty (30) days of the availability of the position becoming known, whichever is later, and be invited to accept the position.

- (e) If any limited-term position is to be advertised and subject to open competition, and a Member applies for such position, the Member's file will be reviewed by the relevant Search Committee and, unless deemed unqualified for the position by the Committee, the Member will be added to the short list of candidates.

20.4 Limited-Term Appointments 2 (LTA 2)

- (a) A Limited-Term Appointment 2 (LTA 2) will be for twenty-four (24) to thirty-six (36) months.
- (b) The rationales for hiring an LTA 2 include, but are not limited to, the following:
 - i) to increase teaching capacity where enrolment growth does not yet justify the creation of a tenure-track position; and
 - ii) to meet teaching needs created by the development of a new program or the substantial modification of an existing program, but which do not yet justify the creation of a tenure-track position.
- (c) Before November 15 in the final year of an LTA 2 appointment, the academic unit will meet with the Dean to review the position. One of the following decisions will be made:
 - i) If the Dean agrees that enrolments are sufficient to justify the creation of a tenure-track position, the normal approval process for tenure-track appointments will be initiated.
 - ii) If the Dean agrees that the rationale for hiring the LTA 2 still applies, but enrolments do not yet justify a tenure-track position, the LTA 2 may be extended without advertisement for between twelve (12) and twenty-four (24) months.
 - iii) If the Dean does not agree that the rationale for hiring the LTA 2 still applies, the LTA 2 position will be discontinued. The academic unit will not be permitted to hire another LTA 2 or an LTA 1 to replace the discontinued position.
- (d) Before November 15 in the final year of an extended LTA 2 appointment, the academic unit will meet with the Dean to review the position. One of the following decisions will be made:
 - i) If the Dean agrees that enrolments are sufficient to justify the creation of a tenure-track position, the normal approval process for tenure-track appointments will be initiated.
 - ii) If the Dean does not agree that the rationale for hiring the LTA 2 still applies, the LTA 2 position will be discontinued. The academic unit will not be permitted to hire another LTA 2 or an LTA 1 to replace the discontinued position.

- (e) If an advertisement for a tenure-track position is placed, the Member holding the LTA 2 position will be added to the short list of candidates should the Member apply.
- (f) Members on an LTA 2 will have a Normal Workload or a Research Intensive Workload.

20.5 Reporting to the Association

Before October 31 each year, the Employer will provide the Association with a report on limited-term appointments. In this report, the name of each limited-term appointee will be listed alongside the length of the appointment and the reason (per Articles 20.1 and 20.4) why the appointee received a limited-term appointment rather than a tenure-track appointment.

20.6 General Provisions

- (a) Except as specifically provided for in this Agreement, the terms and conditions of employment for limited-term appointees will be the same as for other Members as set forth in this Collective Agreement.
- (b) Years of service at the University accumulated on limited-term appointments which are continuous and contiguous will be counted in the same way as years on a tenure-track appointment for purposes of consideration for tenure. However, if the Member does not want these years of service to be counted for consideration for tenure, the Member must indicate this in writing to the Dean and must do so no later than the end of the second year of the tenure-track appointment.
- (c) Whenever possible, letters of appointment of limited-term appointees will be issued at least two (2) months prior to the date of commencement of duties.
- (d) A Limited-Term Appointment contract signed under the terms of the 2015-2019 Collective Agreement will continue to its completion.

ARTICLE 21: EMPLOYMENT OF CASBU MEMBERS

- 21.1** (a) The Employer agrees not to employ CASBU Members to teach courses in the Spring or Summer Session without first circulating the advertisement of all such courses to Members of FASBU, unless the need to employ someone arises at such a late date that circulating an advertisement is not practical.
- (b) The Employer will normally give preference to Members of FASBU applying to teach courses in the Spring and Summer Session where the Members' qualifications are demonstrably equal to or better than those of all CASBU Members and applicants who would become members of CASBU, provided that such teaching does not contravene Article 28.8(c).
- 21.2** (a) In the event of a declaration of financial exigency by the Board of Governors pursuant to Article 44, the Employer may employ CASBU Members only when offering the course in question is important to the financial position of the University or when Senate deems it important to the continuing health of an academic program, and no Member of FASBU is available to teach it who is qualified to do so.
- (b) No Part-time Instructor will teach more than four (4) 3-credit courses or equivalent during the Fall/Winter term. This limit does not apply to pre-packaged courses.
- 21.3** **Limitations on CASBU Member Teaching as a Percentage of Courses Taught**
- (a) Over the course of this Agreement, the Employer will ensure that CASBU Member teaching will be a maximum of twenty-eight percent (28%) of full course equivalents (FCEs). For the purposes of this clause, FCEs exclude AQ courses, ABQ courses, labs, seminars, and courses taught by graduate teaching assistants.
- (b) Before August 30, if the rate of FCEs taught by CASBU Members for the upcoming academic year is anticipated to exceed twenty-eight percent (28%), the Employer will seek the approval of the Association to exceed the agreed upon rate. Such approval will not be unreasonably denied.

- ii) The parties agree that academic freedom does not require neutrality on the part of the individual. It is furthermore agreed that academic freedom makes intellectual discourse, critique, and commitment possible.

(b) The Freedom to Teach and its Responsibilities

- i) Members teaching courses have the right to the free expression of their views on the subject area and may use and refer to materials and their treatment thereof without reference or adherence to prescribed or official doctrine.

- ii) In such circumstances, the Member is expected to cover topics according to the Calendar description, to remain up to date in the knowledge of the discipline, to treat students fairly and ethically, and to teach effectively, which includes using fair, reasoned and fact-based arguments and showing a willingness to accommodate the expression of differing points of view.

(c) The Freedom to Research and its Responsibilities

While Members are not required to perform research as part of their duties and responsibilities, Members choosing to engage in research are bound by the following:

- i) Members have the freedom to carry out scholarly research within areas of their expertise without reference or adherence to prescribed or official doctrine. This also recognizes that Members' expertise can evolve over time in conjunction with new collaborations, combinations of disciplines, emerging theories and areas of interest.

While Members are not required to do so:

Artistic expression, including presentations to the public, will have the same assurance of academic freedom.
- ii) Direct or indirect attempts to impose tests of propriety, ideology, or religion on the artistic activity of these Members will be resisted by the University community, it being agreed that such tests are acts of censorship that limit the freedom to explore, to teach, and to learn.
- iii) Members in the visual and performing arts, when called upon to select or judge the artistic work of colleagues and students, must ensure that the criteria are educational and artistic and are applied in a fair and impartial manner.

(f) The Freedom to Speak Intramurally or Extramurally and its Responsibilities

- 24.3** The home unit of a cross-appointed faculty Member must be specified at the time of the cross-appointment. This is the academic unit that will have primary responsibility for the Member in administrative and academic matters. The home unit will normally be the academic unit allotted the larger share of the faculty Member's workload except in the case where the cross-appointment is on a half and half basis, or when the cross-appointment is for three (3) years or less. In these cases, the faculty Member has the right to select which of the academic units will be the home unit for the term of the cross-appointment, subject to the approval of the academic unit that has been selected.
- 24.4** The proportion of a cross-appointed faculty Member's workload in each of the units involved must be specified at the time of the cross-appointment. During any given year, however, this proportion may be altered on the agreement of the interested parties, including the faculty Member, the academic unit(s), and the Dean(s) without necessitating a change in the home unit.
- 24.5** A cross-appointed faculty Member has the same rights of participation in each of the units as a regular full-time faculty Member of those units, including all voting rights. In matters which concern both units, the cross-appointed Member will not vote twice on the same issue.
- 24.6** (a) Where a cross-appointment is made subsequent to the initial appointment, the Member will receive a new letter of appointment outlining the home unit and all items outlined in Article 19.11. A copy of this letter will be forwarded to the President of the Association.
- (b) Cross-appointments may be made for a definite term up to five (5) years or be permanent. The duration of the arrangement must be specified when it is requested and approved by the Dean(s) and the Provost. Any request for a further change in status, once a cross-appointment arrangement has been made, will be regarded as a new request and will have to follow the procedures outlined in Article 25.

ARTICLE 25: MEMBER TRANSFERS

- 25.1** An individual Member from one academic unit may request to be transferred, in whole or in part, to another academic unit to which the Member is qualified, by written application to the Provost.
- 25.2** The agreement of a majority of the voting members of both the sending and the receiving academic units will be required in order to approve an individual Member transfer.

- 25.3** The Provost will make the final decision on the transfer and will confirm the decision in writing to the Member. The decision of the Provost will be final and is not grievable under the Collective Agreement.
- 25.4** The decision to fill the vacated position in the sending unit is at the discretion of the Employer in consultation with the sending academic unit. The decision of the Provost will be final and is not grievable under the Collective Agreement.
- 25.5** Members who transfer will suffer no loss in rank, salary, benefits or seniority.

ARTICLE 26: TENURE AND PROMOTION

Preamble:

Tenure-track Members hired prior to July 1, 2019, and who are in the last two years of their probationary appointment (or extension to their probationary appointment) will be granted upon request, a three-year extension of their appointment in order to meet the expectations of the Tenure and Promotion process per Article 26. The Member must submit the request in writing to the Dean by May 31 of their penultimate year of their probationary appointment or extension to their probationary appointment. Members who currently are tenured at the Assistant or Associate Professor rank, may seek promotion to the next rank per Article 26.3.

Decisions related to tenure and promotion will be made through the Tenure and Promotion Committee (TPC) which consolidates the former Tenure and Promotion – Faculty (TPF), and Tenure and Promotion – University (TPU) committees.

26.2 Pathway to Tenure

During the tenure-track period, the University and the Member are afforded an opportunity for mutual appraisal. The Employer and the Association recognize the essential role of mentorship and regular feedback to the successful integration of the Member into the university community and performance in a tenure-track appointment.

(a) Tenure-Track Appointment

- i) Normally, Members will apply for tenure in the penultimate year of the tenure-track appointment.
- ii) Members in the penultimate year of their tenure-track appointment do not need to send written notification to their Dean that they will be applying for tenure. Instead, between February 1 and February 28 of the penultimate year of a tenure-track appointment, the Dean will send written notification to Members that during the following academic year they will be automatically considered for tenure. Members must follow the submission deadlines in this Article.
- iii) Members may withdraw their applications for tenure at any time by sending written notification to the Member’s Dean. However, should a Member do this, the Member’s employment at the University will cease at the end of the tenure-track appointment.
- iv) Notwithstanding 26.2 (a) (i) and (ii), Members are eligible to apply for early tenure and promotion in the third year of a tenure-track appointment or any year thereafter until their penultimate year. Members may only apply for early tenure once.
- v) If a Member who applies for early tenure receives a deferral of the decision on tenure, or sends written notice to the Dean to withdraw the application after June 10, the Member will next be considered for tenure in the final year of the Member’s tenure-track appointment per Article 26.2(a) (i) and (ii). An application withdrawn on or before June 10 will not count as an application for early tenure.

- vi)** Notwithstanding 26.2(a) (i) and (ii), a Member on a tenure-track appointment may apply to the Member's Dean by May 31 of the penultimate year of the tenure-track appointment for an extension of no more than two years. An extension will not be unreasonably denied. Unless the circumstances are exceptional, a Member on a tenure-track appointment will not be granted an extension more than once.

- vii)** In the first year of a tenure-track appointment:

 - 1.** Within the first two (2) months of the first year, the Member will have an orientation meeting with the Chair or Director of the Member's academic unit. The purpose of this meeting is to discuss the rights and responsibilities of the Member per Article 18, provide guidance to the Member of the expectations in the areas of teaching; research, scholarly work and creative activities; and service. The Chair or Director will provide information on the support structures and services available to the Member.
 - 2.** Within the first six (6) months of the appointment, the Member will have a mentorship meeting with the Member's Dean. The purpose of this meeting is to discuss the rights and responsibilities of the Member per Article 18, provide guidance to the Member of the expectations in the areas of teaching; research, scholarly work and creative activities; and service. The Dean will explain the tenure and promotion timelines as well as the procedures for tenure and promotion to the Member. The Dean will also explain the role the Dean will have in mentoring and providing formative feedback as the Member progresses through the tenure and promotion pathway. The Dean will encourage the Member to start collating all relevant documentation for the dossier, as provided for in Article 26.15.
 - 3.** Within the first year, the Member will have a mentorship meeting with the Provost. The purpose of this meeting is to discuss the rights and responsibilities of the Member per Article 18, provide guidance to the Member of the expectations in the areas of teaching; research, scholarly work and creative activities; and service. The Provost will explain the tenure and promotion timelines and the procedures for tenure and promotion to the Member. The Provost will also explain the Provost's role in mentoring and providing feedback as the Member progresses through the tenure and promotion pathway. The Provost will encourage the Member to start collating all relevant documentation for the dossier, as provided for in Article 26.15. The Provost will explain the tenure and promotion committee structure and the evaluation criteria for tenure and promotion.
 - 4.** By June 30 of the Member's first year of a tenure-track appointment, the Member will submit an Annual Report per Article 18.7. The Member may comment upon the mentorship received from the Dean, and Provost in the Annual Report per Article 18.7.

viii) In years two to five of a tenure-track appointment:

1. Between February 1 and February 28, the Deans will inform Members of the time period in which they may submit a notice to apply for early tenure (that is, before the penultimate of a tenure-track appointment). An eligible Member may apply for early tenure by sending written notification to the Member's Dean between March 1 and March 31 as long as the Member will have completed at least three (3) years' service at the University on a tenure-track appointment by June 30. A Member who chooses to be considered for early tenure will not be required to demonstrate qualifications beyond those considered appropriate for tenure nor will evaluators lower standards in order to accommodate such a candidate.
2. After the completion of the first year and before the beginning of the fifth year of the tenure-track appointment, the Member may make a progress presentation to the Member's academic unit as a way of receiving formative feedback about the Member's teaching; research, scholarly and/or creative work; and service. If the Member chooses to make a progress presentation, the Member will notify the Chair or Director (normally one month prior to an anticipated presentation date) of the Member's intent to present to the academic unit. The Chair or Director will schedule a time and location in agreement with the Member, then notify all Members of the academic unit (including CASBU) of the date, time, and location of the progress presentation. The Member may choose to make more than one annual presentation in this period.
3. At the progress presentation, the Chair or Director will introduce the Member and explain that the purpose of the presentation is for the Member to receive formative feedback in the areas of teaching; research, scholarly work and creative activities; and service. The Chair or Director will instruct Members of the academic unit to provide written feedback to the Chair or Director within ten (10) days of the presentation.
4. The Chair or Director of the academic unit will prepare and submit to the Member a written summary of the unit's feedback within thirty (30) days of the presentation. The purpose of the summary is to provide the Member with formative feedback. The Chair or Director may include advice, if any, on how the Member may improve in the areas of teaching; research, scholarly work and creative activities; and service in order to strengthen the Member's case for tenure and/or promotion. The Member may, within thirty (30) days of receiving the written summary, provide a written response to the Chair or Director. This written summary of formative feedback is strictly for the benefit of the Member.
5. During the third, fourth, and/or fifth year of the tenure-track appointment, the Member may request (an) additional mentorship meeting(s) with the Dean. The purpose of mentorship meetings is to provide the Member in the tenure-track appointment with further

formative feedback on the Member's progress in the areas of teaching; research, scholarly work and creative activities; and service. If necessary, the Dean will provide advice on how the Member may improve in these areas. The Dean will provide the Member with a written summary of the assessment and advice within thirty (30) days of all mentorship meetings. This written summary of formative feedback is strictly for the benefit of the Member.

(b) Tenure-Track Appointment – Assistant Professor

For tenure-track Members hired at the rank of Assistant Professor, the process for application for tenure is outlined in Article 26.2(a). The criteria for tenure are in Article 26.17. Members who wish to simultaneously apply for promotion to Associate Professor may do so per Article 26.3. For the determination of promotion to Associate Professor, candidates must follow the criteria per Article 26.18. Applications for tenure and promotion to Associate Professor may submit one dossier per Article 26.15. The application for tenure will be considered separately from the application for promotion by the Tenure and Promotion Committee (TPC).

(c) Tenure-Track Appointment – Associate Professor

26.3 Pathway to Promotion

(a) Promotion to Associate Professor

Tenured Members at the rank of Assistant Professor are eligible to apply for promotion to Associate Professor in the same year they apply for tenure or in any year after attaining tenure. In the year the Member intends to apply for promotion, the Member will give written notification to the Dean by March 31 of the Member's intent to apply for promotion to Associate Professor. The criteria for promotion to Associate Professor are found in Article 26.18.

(b) Promotion to Professor

26.4 Confidentiality in the Tenure and Promotion Process

Except in cases allowed for under the Collective Agreement, all aspects of the tenure and promotion review procedures and process are deemed confidential, including the deliberations of the TPC, URAC, and University Review Appeals Board (URAB), and any written documentation associated with the process and decisions, including but not limited to the candidates' dossiers (which the candidates may make public if they so choose), written recommendations from the Deans, written recommendations of the committee Chairs, and any written decisions of the Provost and the President. All those associated with the process and procedures (including but not limited to the members of the various review and appeal bodies; the Deans; President of the University and any officers of the University; the referees; the President, officers and observers of NUFA; members of the Board of Governors, and any other individuals who become aware of any details regarding the consideration of tenure and promotion) shall maintain strict confidentiality regarding the process, procedures, recommendations and decisions.

26.5 Decision-Making Process

(a) A candidate's application for tenure or promotion is considered in the following stages of deliberation by:

- i)** First, the Dean(s) who will prepare a report per Article 26.12, and submits their recommendation to the Provost with a copy to the Tenure and Promotion Committee (TPC)
- ii)** Second, the Tenure and Promotion Committee (TPC), which makes a recommendation to the Provost; and
- iii)** Third, the Provost who considers the recommendation of both the Dean(s) and TPC, reviews the file and the dossier, and makes a final decision on behalf of the President and the Board of Governors, and reports that decision to the Board of Governors.

(b) For negative recommendations at the following stages in the process:

- i)** Neither the recommendation of the Dean(s) nor of the TPC is appealable.
- ii)** The candidate may appeal a negative decision of the Provost to the University Review Appeals Committee (URAC). The URAC reviews the appeal and makes a recommendation to the President.

- iii) The candidate may, with the agreement of the Association, appeal a negative decision of the President, to the University Review Appeals Board (URAB) per Article 26.25, which will make a recommendation to the Board of Governors.

26.6 Tenure and Promotion Committee (TPC)

The role of the Tenure and Promotion Committee (TPC) is to consider all aspects of the candidate's application within the context of the information that is brought before the Committee in accordance with Article 26.13 Standards for Tenure and Promotion, Article 26.17, 26.18, and Article 26.19, as appropriate. The Committee's recommendation shall be in the form of a report submitted to the Provost.

- (a) The Tenure and Promotion Committee will have seven (7) members: the Dean of Research or the Dean of Teaching who will be Chair, and six (6) tenured Members at the rank of Associate Professor or Professor. The Chair will be appointed by the Provost. Each Faculty will elect three (3) Members for a total of six (6) Members.
- (b) The role of the Chair is to ensure that process is followed. The Chair will vote only in case of a tie. All other members of the TPC will have full voting rights.
- (c) The TPC will also have four tenured alternates at the rank of Associate Professor or Professor. They will be the Members who, in the elections to the TPC, finish in the runner-up positions, two from each Faculty. If a vacancy occurs, one of the alternates will be appointed to the TPC by the Chair. If there are not enough candidates in an election to produce the required number of alternates, eligible alternates may be appointed jointly by the Provost and the President of the Association.
- (d) A non-voting NUFA Observer will be appointed by the President of the Association to sit on the TPC. The Observer may not participate in any manner in the deliberations of the Committee but will have the right to communicate observations to the Chair between meetings or, if deemed necessary, to request a recess in the proceedings of a given meeting for the purpose of communicating with the Chair of the Committee.
- (e) Quorum for the TPC is six (6) members. The Chair of the Committee must be in attendance and is counted towards the quorum. All Members of the TPC must be physically present in the room except when circumstances require accommodations under the Accessibility for Ontarians with Disabilities Act, and Ontario Human Rights Code.
- (f) The President of the Association will be informed by the Provost's Office of the membership of the TPC and in a timely manner of any subsequent membership changes that may be necessary.

26.7 University Review Appeals Committee (URAC)

- (a) The URAC will be a standing committee comprised of three (3) members, all of whom must be tenured faculty members at the rank of Associate Professor or Professor.
- (b) One member is appointed by the President, one is appointed by the Association, and one is appointed jointly by the President and the Association to serve as Chair. No more than two (2) members may be appointed from any Faculty. Appointees may not serve in any other capacity in the tenure and promotion process, including that of the NUFA Observer.
- (c) Members of the Committee will serve for a two (2) year term with a possibility of reappointment.
- (d) A candidate may appeal a negative decision of the Provost to the URAC per Article 26.23.

26.8 Elections and Appointments to the TPC

(a) Term of Appointments

Members elected or appointed to the TPC will serve a two (2) year term of office beginning on July 1 (or after) and ending on June 30, with the terms staggered so as to elect only one-half of the faculty members in any one year.

(b) Nominations and Elections to TPC

- i) The Office of the Provost will notify tenured Members at the rank of Associate Professor and Professor via e-mail that elections will be held for the TPC and that nominations are invited. Members must be nominated in writing to the Provost by another tenured or tenure-track Member. The nominator should also send a copy of the nomination to the President of the Association. The Provost will ascertain whether the nominated individuals will allow their names to stand for election and confirm that the nominated individuals are eligible. All advance nominations will be publicly announced by the Provost. At that time, the Provost will invite further nominations.
- ii) In a Faculty where there are more nominees than positions, the Members of the TPC will be elected by secret ballot. Provisions may be made for all or part of the vote to be conducted electronically as long as the integrity of the secret ballot process is assured. There will be no voting by proxy. Tenured and tenure-track Members are eligible to vote for all the Members of the TPC who represent their Faculty. The vote will be organized by the Provost and the ballots will be counted by two Members of the Association appointed by the President of the Association and two members of the University appointed by the Provost. Ties will be decided by lot. The Provost will publicly announce the names of the Members elected to the Committees and the names of

the alternates. If members or alternates are appointed after the election, the Provost will publicly announce their names in due course.

(c) Dates and Deadlines for Assembling the TPC

The following is a summary of dates and deadlines for assembling the TPC:

Before February 1	Call for nominations for TPC
February 10 or 11	Advance nominations for TPC announced
February 15	Deadline for nominations for TPC, 4:00 p.m.
February 17-19	Election of TPC
Before February 22	Announcement of Members elected to TPC and alternates
Before May 25	Announcement by the President of the Association of the appointment of a NUFA Observer to TPC and URAC, and announcement by the President of the University of the appointments to the URAC

The Provost and the President of the Association may agree to an extension of the deadlines noted in this Article, though such extensions should be minor in nature.

(d) Insufficient Numbers Elected

If a full complement of members were not elected to the TPC, within fifteen (15) working days following the final election date, after consultation with the President of the Association, the Provost will appoint as many eligible members as are required to sit as members of the Committee. The appointments must follow, whenever possible, the distribution requirements of the Committee.

(e) Committee Vacancies

If there is a vacancy on the TPC, and no alternate has been elected by the Faculty, an eligible Member will be jointly appointed by the Provost and the President of the Association from other faculty alternates. If no alternates are available to serve, an eligible member will be jointly appointed by the Provost and the President of the Association. The appointments must follow, whenever possible, the distribution requirements of the Committee.

(f) Alternates

In the case of a vacancy, the alternate designated from the appropriate Faculty will be asked by the Chair to join the Committee as a member with voting rights. Otherwise, alternates will not participate in the deliberations or decision-making of the Committee.

(g) Ineligibility

- i) Members must not serve on the TPC (including as alternates), or the URAC in any year in which they have applied for tenure or promotion.
- ii) Members must not serve on the TPC (including as alternates), or the URAC in any year in which they are planning to take a sabbatical (Article 29) or a leave/authorized absence (Article 36). If during the course of a term (July 1 to June 30) a member takes an extended unplanned leave or authorized absence or is away from the campus for any other reason, the member will resign from the Committee.
- iii) In any given year, Members can serve on only one of the following: the URAC or the TPC (including as an alternate).
- iv) No Member who has served two (2) consecutive terms on the TPC is eligible to serve again for a two (2) year period.
- v) The President of the Association, the Association's Grievance Officers, and the NUFA Observer on the TPC must not sit as members or alternates on any TPC or the URAC.
- vi) For any individual application, if any of the members of the TPC or URAC, the Provost, or the President of the University, have a close personal relationship with the candidate, that individual must not take a part in the candidate's evaluation.

(h) Training

Each year, prior to the beginning of the tenure and promotion process, the Office of the Provost and the Association will hold a joint tenure and promotion workshop for new and returning committee members, alternates, and NUFA Observers. All are encouraged to attend.

26.9 Tenure and Promotion Applications

- (a) The Employer and the Association will hold jointly an annual workshop for Members who are planning to apply for tenure and/or promotion.
- (b) In order to apply for tenure, a Member must hold a tenure-track appointment and, in addition, must hold an earned doctorate or hold the degree normally considered to be terminal in the discipline.
- (c) In order to apply for promotion a Member must hold a tenure-track or tenured appointment.
- (d) If a Member who has had tenure deferred, or who has had a promotion denied, reapplies for tenure and/or promotion at a future date, the candidate's application will require the submission of a new dossier and the procurement of new external letters of reference. However, the new external letters of reference may be solicited from previous referees.

- (e) For the purposes of assessing eligibility to apply for tenure, sabbatical leaves will be counted as regular periods of employment.
- (f) Between February 1 and February 28, the Deans will inform their faculty of the time period in which they may submit a notice to apply for early tenure (that is, before the penultimate or second-last year of a tenure-track appointment). An eligible Member may apply for early tenure by sending written notification to the Member's Dean between March 1 and March 31, as long as the Member will have completed at least three years' service at the University on a tenure-track appointment by the June 30 date. A Member who chooses to be considered for early tenure will not be required to demonstrate qualifications beyond those considered appropriate for tenure nor will evaluators lower standards in order to accommodate such a candidate.
- (g) Candidates for promotion may withdraw their applications at any time by sending written notification to their Dean. If a promotion is denied, the candidate may, without prejudice, apply for promotion in a subsequent year.

26.10 Dates and Deadlines for Applications

February 1-28	Deans inform Members of deadlines for early tenure and applications for promotion, and inform Members in penultimate year of tenure-track appointments of requirement to apply for tenure

- (b) For applications, the Association and the Employer may agree to an extension of these deadlines, though such extensions should be minor in nature. The Chair of the Committee(s) should communicate to candidates any delays or agreed to extensions in a timely manner.

26.11 External Letters of Reference

The letters of reference from external peers constitute a very important source of quality assessment for TPC members, but they do not constitute either recommendations or decisions on tenure or promotion. The letters of reference shall be used by the TPC to assist in determining the quality and appropriateness of the research and scholarly activity of the candidate, the quality and appropriateness of the professional activity of the candidate (where appropriate to the discipline), and for applications for promotion to Professor, the international or national standing of the candidate as a scholar.

- (a) All referees must be at arm's-length. That is, they cannot be the candidate's family members; have not served as a graduate or postdoctoral research supervisor for the candidate; have not collaborated in any meaningful way with the candidate on research, scholarly and/or creative activities (for example, through co-authorship or joint grant proposals); and do not hold and have not held simultaneous academic appointments at Nipissing University. The referee may have met the candidate at a conference, or may know people in common, and the candidate and referee may already be familiar with each other's works.
- (b) For tenure, reference letters from three (3) external referees with the rank of tenured Associate Professor or equivalent are required. By March 31 candidates will submit to their Dean a preliminary list of six (6) potential referees. By June 10, the candidate will submit in writing to the Dean a final list of six (6) potential referees.

- (c) For tenure and/or promotion to Associate Professor, reference letters from three (3) external referees are required. By March 31 candidates will submit to their Dean a preliminary list of six (6) potential referees. All referees must hold the rank of tenured Associate Professor or Professor save one (1) who may be a highly credentialed non-academic within a relevant profession or field of research. By June 10, the candidate will submit in writing to the Dean a final list of six (6) potential referees.
- (d) For tenure and promotion to Professor, or for promotion to Professor, reference letters from three (3) external referees are required. By March 31 candidates will submit to their Dean a preliminary list of six (6) potential referees. At least four (4) of the referees submitted must hold the rank of Professor. In exceptional circumstances appropriate to the candidate's field at least four (4) of the referees must have a stature equivalent to that of a Professor. By June 10, the candidate will submit in writing to the Dean a final list of six (6) potential referees.
- (e) At any time after March 31 and before June 10:
 - i) If the Dean has no challenges to the list proposed on March 31, the Dean may begin soliciting reference letters from the list.
 - ii) The Dean may question the independence or competence of nominated referees before soliciting the reference letters. If the Dean wishes to challenge any name on the list of referees the Dean will communicate the reason(s) for the challenge in writing to the candidate and ask the candidate to nominate one (1) further referee for each nominee challenged. After discussion, the candidate and the Dean will agree on the composition of the final list in writing by June 10.
 - iii) Should the Dean have any difficulty soliciting letters from the agreed upon list, the Dean will inform the candidate in writing and request from the candidate a further referee for each referee who declined.
- (f) If the Dean and the candidate cannot agree, they will meet with the Provost and the President of the Association to finalize the list. At this meeting, a different method of compiling the list may be proposed and agreed to, as long as that method is acceptable to both the Dean and the candidate. Once the list has been finalized, the Dean and the candidate will confirm in writing their satisfaction with the list. This confirmation and the list of referees agreed upon will be included in the candidate's file. All communications with nominated referees will be conducted by the Dean.
- (g) The candidate must not contact any potential referees on the candidate's list. The candidate will write and sign a statement describing the nature of the relationship and any interactions the candidate has had with the individuals proposed as referees, explaining how and why they are all arm's-length. The statement will be included in the candidate's file.

- (h) The nominated referees should be considered the candidate's peers. They are individuals who are capable of giving a fair, impartial and competent evaluation of the candidate. The candidate will provide the Dean with a brief description of each nominated referee's qualifications and area(s) of expertise. In order to further assist the Dean, the candidate may also provide the Dean with publicly available information on the nominated referees, such as abbreviated CV or publication lists posted on the Internet.
- (i) If a candidate wishes to seek assistance in identifying potential referees from the Dean, the Dean may suggest potential referees. Any potential referees must be at arm's-length to both the candidate and the Dean.
- (j) The Dean will solicit letters from any three (3) of the nominated referees from the list of six (6) using the sample letters in Appendix J-1. If a nominated referee declines to write a letter, the Dean will proceed through the list until three (3) nominated referees have agreed to provide evaluations. In a case where the list is exhausted after June 10, the Dean will ask the candidate for additional names of potential referees until three (3) nominated referees have agreed to provide evaluations. No record will be placed in a candidate's file of referees who have declined to write letters.
- (k) Referees who have agreed to serve and have been sent the appropriate materials, they will be given four (4) weeks to complete their evaluations. They will write a single letter for candidates applying for both tenure and promotion, in which case they may recommend in favour of tenure alone, promotion alone, tenure and promotion, or neither.
- (l) After the referees have received the appropriate materials, the University will not initiate any further communication with them without the written permission of the Member, except that if a referee's evaluation has not been received ten (10) working days prior to the deadline, the Dean will write to the referee (Appendix J-3), and if a referee's evaluation has not been received by the deadline, the Dean will write to the referee (Appendix J-4). If a referee requests further information and so communicates to the Dean, the Dean will reply in a strictly neutral manner. Copies of all correspondence between the Dean and the referees will be given to the candidate and will be included in the candidate's file.
- (m) If only two reference letters have been received by the first meeting of a TPC, the candidate's application will proceed. If the third referee's letter arrives after the first meeting of a TPC and the timing enables the TPC to use the letter, the candidate must be given at least three (3) working days to comment on the letter. If the third letter is received after the TPC has completed its deliberations, the letter will not be included in the file and will not be used at any further point in the decision-making process.

26.12 Report of the Dean

The report of the Dean shall be submitted to the Member, and Provost with a copy to TPC. The report will comment on each of the criteria for tenure and promotion as appropriate to each candidate. The Dean's report will assess the overall quality of the candidate for tenure and/or promotion. In the case of promotion to Professor, the Dean will comment specifically on external reference letters and on the international and/or national standing of the candidate in the appropriate discipline(s), or field of study. The Dean's report will include a recommendation on tenure and/or promotion as appropriate.

26.13 Standards for Tenure and Promotion

(a) Teaching Effectiveness

Nipissing University prides itself on being a student-centred university where effective teaching is a highly valued institutional priority. Good teaching is expected of all faculty members and the evaluation of teaching will form an essential component of tenure and promotion considerations. University teaching requires more than classroom performance. Candidates will be expected to demonstrate mastery of their subject area(s) or discipline(s), to make thorough preparation for their classes, to communicate effectively with their students, to show a willingness to respond to students' questions and concerns, and to exhibit fairness in evaluating students.

As stated below under the Scholarship of Teaching, teaching is a dynamic endeavour involving all the analogies, metaphors, and images that build bridges between the teacher's understanding and the student's learning. Pedagogical procedures must be carefully planned, continuously examined, and relate directly to the subject taught. Good teachers stimulate active, not passive, learning and encourage students to be critical, creative thinkers, with the capacity to go on learning long after their university days at Nipissing are over.

Members who have interdisciplinary appointments and who teach in more than one department or program must be evaluated on all of their teaching assignments, and not just within their primary department's discipline and programs.

Both before and after tenure is awarded, Members are expected to remain committed to improving/enhancing their teaching performance and to remedy problems identified with their teaching. As faculty progress through the ranks, they will be expected to extend their knowledge of their field(s) or discipline(s) with regard to course content, currency of the material presented, and new teaching methods.

(b) Research and Scholarship

A hallmark of a university education is that students are taught by active and successful scholars and researchers. At Nipissing University, research and scholarly activity are expected of all members of faculty. In order to evaluate faculty within the context of a “teacher-scholar” model, Nipissing University embraces the Boyer¹ model of scholarship as the basis for assessing faculty members for tenure and promotion².

All Members are expected to have developed an academic field of specialization and/or an area of focus and will demonstrate knowledge of the field of specialization and its relation to their discipline or disciplines. Evidence to be used to evaluate performance in this category will primarily focus on the breadth of the candidate's published work and its relationship to the discipline and/or professional field. Evidence used to evaluate the candidate's knowledge of the discipline and/or professional field will include a written statement by the candidate outlining the candidate's research program and its relationship to the discipline.

Candidates for tenure or promotion will engage in scholarly work appropriate to the profession or discipline with the fundamental expectation that the results of scholarly work will be shared with other members of the profession, and the academic community, and other appropriate outlets.

Typically, a candidate's dossier will include a mix of peer-reviewed research and other works, and the evaluators must determine whether the total package of research and scholarly productivity meets the requirements for tenure and/or promotion.

Work achieved prior to employment at Nipissing University shall be included and valued in the assessment, however all candidates will be expected to demonstrate that they have continued to be active and productive in research and scholarship since the date of appointment at Nipissing.

Evaluation of scholarly work for tenure and promotion at all ranks will address the quality and significance of the work through written references provided by external peers.

Where appropriate, candidates for tenure or promotion should have demonstrated their willingness to apply for external research funding to support their program of research. For those disciplines where significant resources are required to conduct and sustain an appropriate level of productive research, success in securing adequate external funding is a significant factor in determining success in research and scholarship.

¹ Boyer, E. L. *Op. cit.*

² The standards presented in this section draw heavily upon The Canadian Association of Schools for Nursing Position Statement on Scholarship in Nursing (2004, revised 2006).

Where the inability to secure external funds adversely impacts upon the faculty member's ability to conduct research successfully, it may be considered a factor in the assessment.

Definition of Scholarship

Scholarship encompasses a full range of intellectual and creative activities that may include the generation, validation, synthesis, and/or application of knowledge to advance research and teaching practice within an appropriate discipline, disciplines, and/or field of expertise. For the purposes of evaluation for tenure and promotion at Nipissing University, there are five defined areas of scholarship:

1. Scholarship of Discovery: investigative inquiry that builds a distinctive body of knowledge within the discipline and/or field of study;
2. Scholarship of Integration: analytical inquiry that develops new insights and understanding as a result of bringing together and synthesizing knowledge and information from a wide variety of sources;
3. Scholarship of Application: inquiry that advances knowledge through engagement with the application of knowledge and expert practice;
4. Scholarship of Teaching: inquiry that supports the pedagogy of the discipline and the transfer of knowledge to learners;
5. Scholarship of Professional Practice: inquiry that reflects the important scholarly work that faculty in professional programs undertake as being part of a practicing profession.

While the emphasis on one or more of the dimensions of scholarship (discovery, teaching, application, integration, and professional practice) may vary from one discipline or field of study to another, the pursuit of excellence does not.

1. Scholarship of Discovery

The scholarship of discovery is defined as a process of creating new and unique knowledge or creative works specific to the discipline, disciplines or field of expertise. Historically, this represents the most traditional form of scholarship and includes knowledge gained through theoretical, basic and applied research. The scholarship of discovery takes the form of systematic investigation using a range of quantitative and/or qualitative approaches, the results of which create new knowledge or creativity, either by advancing knowledge or creativity into an entirely new area or by adding new understanding to something that is already known.

The scholarship of discovery is central to the work of higher learning and is at the very heart of academic life. As such, all faculty members at Nipissing are expected to be or to have been engaged in discovery research to some level of recognized achievement. It must be noted that discovery research can occur within the scholarship of integration, and application, teaching, and professional practice. The key factor is whether or not new knowledge and understanding is generated and whether or not that new knowledge is recognized as significantly contributing to and advancing the discipline and/or disciplines involved.

Evidence of the Scholarship of Discovery

Documented evidence of the Scholarship of Discovery includes but is not limited to the following:

- Peer reviewed publications of research based, philosophical, or theoretical manuscripts;
- Peer reviewed presentation of papers at scientific and scholarly conferences;
- Peer reviewed exhibitions, catalogues or performances for those in disciplines where creative and artistic work is the primary focus;
- Peer reviewed grant awards in support of research related projects;
- Provincial, regional, national, or international recognition for expertise as a researcher (including awards, honours, etc.).

2. Scholarship of Integration

The scholarship of integration is defined as the generation of new knowledge and perspectives from the purposeful examination of original work in a discipline and/or disciplines. Synthesizing findings and discovering patterns and connections across disciplines creates an integration of knowledge and brings new meanings to original work. Closely related to discovery scholarship (and may include discovery research within it), the scholarship of integration is a serious, disciplined work that seeks to interpret, draw together, and bring new insight to bear on original research. Integration research may also be discovery research where the scholarship produces new knowledge that is recognized by peer review as significantly contributing to and advancing the discipline and/or disciplines involved.

Evidence of the Scholarship of Integration

Documented evidence of the scholarship of integration includes but is not limited to the following:

- Publication of a book that synthesizes different academic and/or professional perspectives on an issue;
- Peer reviewed publications designed to influence approaches, opinion, policy and/or legislation on an academic, educational, societal or professional issue;
- Development and dissemination of a new interdisciplinary program to meet an educational and/or societal demand;
- Development and dissemination of an evaluation tool based on a review of the literature and consultations with experts in other disciplines;
- Preparation of educational materials that are used by other programs.

3. Scholarship of Application

The scholarship of application is defined as the reflective investigation of the dynamic interaction between theory and practice. From this investigation new understandings are developed through both the exploration of how peer reviewed concepts, principles, research findings and theories are applied in practice, and the exploration of how they are explored in relation to peer reviewed concepts, principles, research findings and theories. In professional programs, the maintenance of practice competency of faculty and the advancement of practice knowledge in the discipline or field of study are critical components of the scholarship of application. This form of scholarship asks questions such as “How can this knowledge be helpful to society?”, and “How can this problem be solved given our current knowledge?”

Application research can result in discovery research, where the answer to the question results in a line of inquiry that pursues new knowledge in order to fill a gap in current knowledge. A significant amount of medical discovery research, for example, is generated as a result of seeking solutions to a problem (such as a cure for a disease) that then leads to the recognition of the need for new knowledge.

Evidence of the Scholarship of Application

Documented evidence of the scholarship of application may include but is not limited to the following:

- Peer reviewed grant awards in support of professional initiatives or applications of research to societal issues;
- Peer-reviewed presentations related to the application of research to address issues of concern to society;
- Peer-reviewed publications in journals of applied research;
- Synthesis of literature related to a particular societal problem;
- Evaluative Reports of professional demonstration projects including recommendations for future implementation;
- Publication of policy papers related to societal issues or professional issues impacting society and with peer review and dissemination.

4. Scholarship of Teaching

The scholarship of teaching is defined as the conveyance of the science and art of a discipline, disciplines, or field of studies from the expert to the novice. The scholarship of teaching does not refer to the primary research and scholarship of faculty whose primary discipline is Education. They are engaged in discovery, integration, and application research in the field of Education, and are assessed as such under the tenure and promotion process. However, regardless of their discipline or disciplines, all university faculty are teachers (i.e. professors) and the scholarship of teaching refers to scholarly activity related to that aspect of a faculty member's professional work.

Teaching is a dynamic endeavour involving all the analogies, metaphors, and images that build bridges between the teacher's understanding and the student's learning. This dimension involves an approach in which teachers read widely and are intellectually engaged while individualizing learning, adapting to different learning styles, integrating evidence-informed practice and understanding how knowledge is acquired and constructed. Teachers and students join together on a journey of inquiry and develop relationships that facilitate student learning. Further, good teaching means that faculty, as scholars, are learners too.

Although closely related to the evaluation of faculty as teachers for the purposes of tenure and promotion, the scholarship of teaching contributes to the work and productivity of faculty as scholars. As all faculty are engaged in the profession of teaching, they are in a position to contribute to the advancement of knowledge and practice in the area of university teaching.

Regardless of discipline or field of expertise, faculty members have the capacity to be scholars in teaching.

A common example of the scholarship of teaching for university faculty is the writing and publication of a textbook designed for teaching a course in a particular discipline or field of study. This type of publication is distinct from a book on a particular subject that might be used as a text in a course on that subject area (which would be considered integration research, or perhaps even discovery research). Another example would be the development of curricula that become adopted as standard or recognized curricula for teaching a particular subject.

Evidence of the Scholarship of Teaching

Documented evidence of the scholarship of teaching may include but is not limited to the following:

- Peer reviewed presentations and/or publications regarding teaching and learning;
- Peer reviewed grant awards for teaching and learning support;
- Publication of a course textbook;
- Invited presentations outside the university;
- Creation and dissemination of innovative modes of teaching and learning;
- Invitations as an external program evaluator.

5. Scholarship of Professional Practice

In certain disciplines and fields of study, professional practice and contributions to a profession beyond the University may constitute a required or major part of work duties, and may involve a significant and continuing commitment of time. In such cases, research and scholarly work are closely linked to professional practice.

Professional practice means mastery of the professional skills associated with the discipline or profession, and their effective use in a discipline-appropriate practice setting. Research and scholarly work is creative, intellectual work associated with professional practice which is in the public realm (i.e. the Scholarship of Application). In the case of professional practice, peers may include recognized professional practitioners in the field as well as those in academic or research-based professions.

In such disciplines and fields of study, both the professional practice and the research and scholarly work components of this category of assessment will be taken into account in the overall evaluation of the candidate's performance. The evaluation should reflect the balance between the practice of professional skills and the research and scholarly work in which the candidate is engaged.

Professional Practice Defined

Below are two examples of Professional Practice (e.g. applied and professional programs), provided for illustrative purposes.

- *Clinical Practice* applies to faculty members in one of the health science professions, and faculty members from other disciplines who engage in testing, diagnosis, remediation, coaching, counseling and similar activities.
- *Educational Practice* applies to faculty members engaged in a professional practice in educational program development and delivery, and/or in instructional design.

Evidence of the Scholarship of Professional Practice

Documented evidence of the scholarship of service may include but is not limited to the following:

- Descriptive reports or other documentation that outline the professional contributions and outcomes resulting from service activities;
- Professional consultation to external groups/organizations such as NGOs;
- Publications in peer reviewed professional literature;
- Peer reviewed presentations at professional conferences;
- Success in obtaining external funding;
- Effectiveness as a professional role model (for students and other trainees);
- Leadership in the discipline with respect to the profession.

(c) Service

This category describes the candidate's commitment to the academy and reflects "service" within and outside the university community. Members are expected to be actively engaged in the collegial decision-making processes, to participate in administrative work, and are encouraged to be involved in the activities of academic and professional organizations and, in some cases, in extension work. Members should use good judgment in balancing their activities in this category with those in other categories of assessment.

i) Administration

Members are expected to contribute effectively to the collegial decision-making processes within their department or school, Faculty and the university, and to carry their share of administrative work especially within their department or school. Aspects to be evaluated include the quality and impact of the candidate's contribution and the amount of time and/or effort involved. Where faculty engage in administrative duties as part of their formal duties (including work for compensation), this work will be recognized as contributing to the Service category for tenure and promotion.

ii) Extension

Extension work is defined as extending the University to the community through the provision of a service to the community outside of the University. Such extension work may include school visits, student recruitment activities, membership of provincial and/or national committees, providing university sponsored lectures, or teaching special courses or programs to the outside community. It is expected that such service will be sponsored or sanctioned by the Department and/or Faculty in which the faculty member resides.

ii) Public Service and Contributions to Academic and Professional Bodies

This describes the candidate's commitment to the broader university community and to the general public. These include:

a. Public Service

Public service is normally defined as the faculty member's provision of expertise to the outside community and will be accorded recognition insofar as the activities entail application of expertise associated with the candidate's position in the university.

b. Service to Academic, Professional or Scientific Organizations

To be recognized within this category, service to academic and/or professional organizations must go beyond membership in an organization and focus on active participation. Such activities might include: service on the committees or executives of academic or professional organizations; service on selection committees for provincial, national or international granting organizations; or service on the editorial board for academic, professional or scientific journals.

26.14 Required Degrees and Credentials for Tenure

In order to be eligible to be considered for tenure, an earned PhD (or equivalent Doctoral degree, such as a research thesis-based EdD or LLD) is the minimum terminal degree for faculty in all programs at Nipissing University with the exception of, but not limited to, faculty in the following programs. Wherever possible, exemption from the doctorate as a required credential will be noted within the letter of appointment of the faculty member or in a subsequent letter of exemption signed by the Provost.

- (a) Fine and Performing Arts – A Master of Fine Arts (MFA) or equivalent is the terminal degree for faculty in the Fine and Performing Arts program, with the exception of Art History, where a PhD or equivalent is the normal required credential.
- (b) Indigenous (Native) Studies – While the Doctoral degree is the preferred credential, for faculty with appropriate professional/community experience and/or Indigenous knowledge a Master's degree is the minimum credential required for tenure in the Indigenous (Native) Studies program.
- (c) Criminal Justice - While the Doctoral degree is generally the required credential, candidates with a Master of Laws (LLM) or equivalent Master's degree may be exempted from the doctoral requirement for tenure in the field of law within the Criminal Justice program.
- (d) Nursing – A Doctoral degree is the required credential; however, Members in the School of Nursing hired prior to July 1, 2019 will be grand-fathered, unless their letter of appointment states otherwise.
- (e) Business - While the Doctoral degree is the preferred credential, candidates with significant professional experience, an appropriate Master's degree, and an additional professional qualification (such as a CPA) may be exempted from the Doctoral degree requirement for tenure in the fields of accounting, finance, and law within the Business program.

26.15 The Dossier

- (a) Members applying for tenure and/or promotion must prepare a dossier that will be reviewed by evaluators. Members applying for tenure and promotion need to prepare only one dossier. The dossier must be submitted electronically. Books, creative works and other additional materials may be submitted in other formats. The dossier must begin with a cover page and a comprehensive table of contents, listing every individual document contained in, and appended to, the dossier. This table of contents should make it relatively easy for evaluators to locate materials. The dossier must contain Parts A, B, C, D and E noted below with each part linked to the table of contents.
- (b) It is the candidate's responsibility to provide evaluators with sufficient information for them to make a reasoned evaluation of the application for tenure and/or promotion. While some materials may fit in more than one Part of the dossier, Members should choose only one Part in which to place materials in order to avoid duplication. The description that follows in (c) to (h), in addition to delineating which materials are required and which are optional, serves as a guide to candidates on how best to organize their materials.

(c) **Part A: Statement of the Case for Tenure and/or Promotion**

This Part of the dossier will consist of a candidate's statement (of 1500 to 2500 words). It should be written in the form of a case that is made to a jury of one's peers as to why one should receive tenure and/or promotion and should reference the material in the dossier. The candidate will outline how the candidate's achievements have met expectations for each of the categories of evaluation: teaching; research, scholarly and/or creative activities; and service. The candidate may reference annual reports, annual report responses, formative feedback on progress presentations, etc., as appropriate. The title of the statement should reflect the candidate's application (e.g. Statement of the Case for Promotion to Professor). The candidate will provide an assessment of the candidate's career progress, including an explanation of any anomalies (for instance, career interruptions). The candidate may also include information on any special factors which have limited the candidate's productivity, such as personal circumstances or a lack of access to adequate resources or facilities.

The candidate's Statement of Case will:

- i) summarize teaching strategies, methods and objectives; highlight significant accomplishments; note steps taken to improve teaching (including innovative instruction and evaluation methods); and reflect on future teaching aspirations. The candidate should elaborate on the department or school context within which the candidate teaches; the type, level, credit value, and enrolment of courses taught; the number of new preparations assigned; the nature of the subject matter; and teaching workload for the past five (5) years of appointment;

- ii) indicate past research, scholarly and/or creative achievements; the projects currently in progress; and the projects the candidate plans to undertake over the next three or four years. Candidates should highlight the importance of their work – why it matters – and how their work contributes to their field; and
- iii) highlight the results of participation in service activities which have benefited the University and its faculty, professional associations, and/or the community in general. It is recognized that many service activities are dependent on either appointment or election and so are typically not under the candidate's control.

(d) Part B: Curriculum Vitae

This Part of the dossier will consist of an up-to-date curriculum vitae, covering the Member's entire academic career, in the Nipissing CV format (template found in Appendix I) or a format recognized by the Office of Research. This will include teaching and related activities; other research, scholarly and/or creative activities; grants and contracts received; service activities; and any other activities the candidate deems relevant.

(e) Part C: Teaching

This Part of the dossier should provide information that conveys the scope, quality and effectiveness of the candidate's teaching.

Student Opinion Surveys may be included at the discretion of the candidate. These will be conducted by Nipissing University in accordance with the procedures approved by Senate, and completed by students. Such opinions must not constitute the sole basis for evaluating teaching, hence the need for the candidate to provide evaluators with additional information.

For all applications, the candidate will normally provide a record of teaching with accompanying documents for four (4) years and normally not more than seven (7) years preceding the date of application. For a candidate with fewer than four (4) years of teaching experience at the University, the information will be at least for the candidate's period of employment at Nipissing and may include information from the candidate's employment at other universities.

This Part of the dossier will consist of the items listed from (i) to (iii) below:

- i) the most recent syllabus for each undergraduate and graduate course taught (or parts of courses taught as a member of a team). Previous syllabi may be included if the candidate wishes to highlight examples of substantial course revision;
- ii) if applicable, a list of individual student projects supervised or mentored at Nipissing and other universities, including honours theses, directed studies (or similar individually-supervised projects), Master's theses and Doctoral theses, whether completed or in progress, with an indication of the nature of the candidate's involvement (for example, as principal advisor, second reader, or external examiner); and

- iii) if applicable, a list of individual students supervised at Nipissing and other universities for practice teaching, field placements/field camps, clinical practica, and community/service learning.

As evidence of successful teaching, the candidate may also include, but is not limited to, a selection of information on any of the following items listed from (iv) to (xiv) below:

- iv) a concise, organized summary of the results obtained from student opinion surveys. A typed, representative sample of student comments, recorded at the time of the student opinion surveys, may also be provided. If so, on request by one of the Committees, candidates must be prepared to produce their students' original, handwritten comments from the relevant comment sheets;
- v) samples of course-related materials prepared by the candidate, such as laboratory exercises, assignments, tests, exams, guides, handouts, instructional materials, or reading lists;
- vi) evidence of contributions to curriculum development, including an account of the candidate's involvement in the design of new courses or the development of new programs (this information may go in Part E: Service);
- vii) a description of honours received as a result of teaching excellence (for instance, being awarded, or being nominated for, a distinguished teaching award at the university, provincial or national level);
- viii) letters or testimonials from students or alumni (with an indication whether solicited or unsolicited);
- ix) written reports from internal or external reviewers who have, at the candidate's invitation, observed the candidate's teaching; assessment of teaching performance may be based on a series of evaluations of a candidate's teaching performance and teaching materials over a period of time. The assessment may involve formative evaluations through self-evaluation, professional advice, and student evaluation, and may include class visits;
- x) evidence of outstanding achievements by students in which the candidate played an important supporting role (for example, information pertaining to publications by students of course-related work or a list of students pursuing graduate education);
- xi) information on any instructional development grants received and the outcome of those grants;
- xii) examples of teaching using traditional/Indigenous knowledge and/or learning practices;
- xiii) evidence of undergraduate research supervision; or
- xiv) any other teaching material the candidate deems relevant.

(f) Part D: Research, Scholarly and/or Creative Activities

An assessment will be made of the candidate's participation in an individual or joint program of research, scholarly and/or creative activities, the quality and originality of the results emanating from such activities ("works"), and the general contribution of such works to knowledge, practice and/or culture. In aiding this assessment, the candidate will make clear the extent of the candidate's contribution to works produced in cooperation with others.

The candidate will also include a comprehensive collection of the candidate's works in the dossier as well as copies of "stand alone" works such as books. The works, in particular when they are extensive, should be organized in some semblance of logical order (for example, chronologically, thematically, by "type" – as in (i) to (xxvi) below – or a combination of the aforementioned). The candidate may include a clear and detailed description of these works when the works are such that their physical submission is not practical. It should be noted that the assessment of the following items must be done in a holistic manner, taking into account the wide variety of academic disciplines, approaches, scholarship, and knowledge mobilization. Research, scholarly and/or creative activities include the following:

- i) authored books, monographs and text books;
- ii) edited books;
- iii) peer-reviewed journal articles;

- xxiv)** works not mentioned in (i) through (xxiii) above such as annotated bibliographies, indexes, concordances, registries, data banks or patents;
- xxv)** professional handbooks; and
- xxvi)** any other research material the candidate deems relevant.

As evidence of successful research, scholarly and/or creative activities, the candidate may also include, but is not limited to, evidence of any of the following items listed from (xxvii) to (xliv) below:

- xxvii)** peer-reviewed external research funding awarded from research granting agencies, making sure to identify whether Principal Investigator, Co-Principal Investigator or team member;
- xxviii)** other external research funding received from grants, research contracts or fellowships in support of research, scholarly and/or

- xl iv)** patents and/or trademarks.

(g) Research, scholarly and/or creative activities also include the application of academic approaches to the advancement of a profession or field of professional practice. Professional activities to be considered include knowledge mobilization in a professional field in written form (such as professional handbooks, briefs and technical reports); the development of specialized training materials; the development of materials and methodologies for the practice of a profession (for example, textbooks, curricula, software or assessment tools); and substantive contributions to professional organizations (for example, membership of the executive of a professional organization, major involvement in the development of a code of ethics; or the development of policies or legislation for the regulation or practice of a profession).

(h) Part E: Service

This Part of the dossier should provide information on the candidate's service activities which have benefited the University and its faculty, professional associations, and/or the community in general. Service may include, but is not limited to, participation in the following:

One (1) electronic copy of the dossier must be submitted to the Dean's office in PDF format. The appropriate Dean's Office will bear all associated costs to a maximum of \$150.

26.16 The Tenure and Promotion File

- (a) Except where provided for in the Collective Agreement, no material will be placed in the candidate's file by anyone other than the candidate without the written consent of the candidate. No anonymous material will be placed in the candidate's file unless it has been placed in the dossier by the candidate.
- (b) At various points in the decision-making process, materials will be sent to a candidate and will be included in the candidate's file. The candidate will be entitled in each case to respond to such materials. Failure by a candidate to respond will not prejudice the substantive consideration of the application and will only be interpreted as the candidate choosing not to respond.
- (c) Candidates will have the option to include new or updated material in their dossier up to and including the preliminary ballot of the TPC. The dossier is considered closed once TPC holds its final ballot at which point no new or updated information may be added.

- (d) The contents of the file will be available for inspection only by the candidate applying for tenure and/or promotion (accompanied by an Association representative if the candidate wishes), the Dean, the members of the TPC, the members of the URAC (if applicable), the Provost, and the President of the University, and, if applicable, the members of the URAB. Candidates will not be permitted to see original, signed letters of reference. With the exception of office administrators, no other person will have access to the file without the written permission of the candidate. At the appropriate stages of deliberation, the office responsible for the file will ensure that the individuals named in this Article have convenient, secure and unprejudiced access to the file.
- (e) For the duration of the tenure and promotion processes, the file remains in the Office of the Provost.

26.17 Criteria for Tenure

- (a) The categories for evaluation and the criteria for assessing tenure are:
 - i) Academic or Professional Credentials – possession of the normal credentials as defined for the position of Assistant Professor; usually an earned Ph.D. (or equivalent) or the degree that is determined as the terminal degree for the discipline (as identified in this Article); and any additional credentials required for the specific position that were stated in the letter of appointment.
 - ii) Teaching Effectiveness – a record of effective performance as a university teacher constituting promise for a successful career as a professor.
 - iii) Research, Scholarly and/or Creative Work – evidence of a productive record of research, scholarship, and/or creative achievement, including work assessed by peer review, since the completion of the candidate's terminal degree and over the course of the period of appointment at Nipissing University, as constituting promise for a successful career as a professor.
 - iv) Service – a satisfactory record of service to Nipissing University (and other institutions where appropriate), the profession, and the wider community.
- (b) Candidates will be granted tenure if they meet expectations in all of the categories of evaluation.
- (c) Candidates will have their tenure deferred if they meet expectations in only some of the categories but are deemed to be able to address the weaknesses in the other categories within the period when they would have to re-apply for tenure. Tenure can be deferred only once.
- (d) Candidates who have re-applied for tenure following a deferral (see Article 26.17(c) above) must meet expectations in all of the four categories to be awarded tenure.

- (e) Candidates will have their tenure denied if they do not meet expectations in any one or more of the categories and it is deemed that the weaknesses cannot be addressed satisfactorily within the period when they would have to re-apply for tenure.

26.18 Criteria for Promotion to Associate Professor

- (a) The categories for evaluation and the criteria for assessing promotion to Associate Professor are:
 - i) Academic or Professional Credentials – these must meet the criteria for the position of Assistant Professor.
 - ii) Teaching Effectiveness – a sustained record of effective performance as a university teacher.
 - iii) Research, Scholarly and/or Creative Work – a demonstrated record of sustained and—productive research, scholarship, and/or creative achievement, including work assessed by peer review.
 - iv) Service – a sustained and satisfactory record of service to Nipissing University (and other institutions where appropriate), the profession and the wider community.
- (b) Candidates who hold a tenure-track or tenured position at the rank of Assistant Professor are eligible to apply for promotion to Associate Professor.
- (c) Candidates will be granted promotion if they meet expectations in all four categories of evaluation.

26.19 Criteria for Promotion to Professor

- (a) The categories for evaluation and the criteria for assessing promotion to Professor are:
 - i) Academic or Professional Credentials – these must meet the criteria for the position of Assistant Professor.
 - ii) Teaching Effectiveness – a sustained record of effective performance as a university teacher.
 - iii) Research, Scholarly and/or Creative Work – a demonstrated record of sustained and productive research, scholarship, and/or creative achievement, including work assessed by peer review that has resulted in national and/or international recognition and high standing in the discipline or field of expertise.
 - iv) Service – a sustained and satisfactory record of service to Nipissing University (and other institutions where appropriate), the profession, and the wider community.

- (b) Candidates who hold a tenured position at the rank of Associate Professor are eligible to apply for promotion to Professor at the end of their third year as an Associate Professor.
- (c) Candidates who hold a tenure-track appointment at the rank of Associate Professor may apply for promotion to Professor at the same time that they apply for tenure.
- (d) Candidates will be granted promotion if they meet expectations in all four categories of evaluation.

26.20 Guidelines for Assessment

- (a) Principles of equity, diversity, and inclusion are to be honoured as integral to the quality of the university's intellectual mission, in both discipline and methodology, and in faculty complement. Thus, scholarship and teaching in non-traditional areas and methodologies and/or by historically disadvantaged groups and/or designated under-represented groups are not to be penalized and will be considered equitably in decisions of tenure and/or promotion. Nothing in this Article, or in this agreement, can be used to create barriers for faculty Members from groups described above. The criteria and standards shall also recognize diversity and emerging and/or non-traditional scholarship and teaching methodologies.
- (b) Candidates for tenure and/or promotion will be assessed using the criteria which they have to meet, and standards in this Article which will serve as a guide to evaluators of what is to be expected of candidates; they are not a rigid set of rules to be applied mechanically.
- (c) The diversity of academic and professional disciplines at Nipissing University make inequitable if not impractical any single evaluation scheme for tenure and/or promotion. Evaluators must be flexible in their assessment and weighting of the candidate's accomplishments, especially for promotions to the rank of Associate Professor. This includes acknowledging diverse career paths, ways of knowing, and forms of communicating knowledge.
- (d) In order to meet expectations in the category of research, scholarly and/or creative activities, candidates for tenure must have developed a research program that goes beyond the requirements for the terminal degree.
- (e) Candidates for promotion to Associate Professor must provide evidence of progress in carrying out an agenda of research, scholarly and/or creative activities and, based on the record of accomplishments thus far, the prospect of further development of those activities. Candidates for Associate Professor must demonstrate that they have established themselves as recognized scholars within their academic and professional communities (as appropriate to the discipline), and have established the foundation of an enduring and productive scholarly/creative career.
- (f) In order to meet expectations in the category of research, scholarly and/or creative activities, candidates for Professor must have produced works in addition to those required for promotion to Associate Professor.

Furthermore, the candidate must have achieved an international and/or national reputation as an important scholar/creator whose work is having an impact in the candidate's field. The overall contributions of candidates for Professor must be recognized both within and beyond Nipissing University. A Professor is a distinguished member of the University community who has compiled a record of significant achievements at Nipissing and/or elsewhere and who has added considerably to the research, scholarly and/or creative culture in the candidate's field of expertise.

- (g) A recommendation for promotion from Associate Professor to Professor usually requires that the Member's research, scholarly and/or creative activities be recognized internationally and/or nationally. However, notwithstanding this provision, demonstrated and externally recognized excellence in teaching and/or service, together with a satisfactory record of research, scholarly and/or creative activities, will be considered towards meeting expectations for promotion to Professor.

26.21 Decision-Making Procedures

(a) General

- i) In assessing applications for tenure and/or promotion, the deliberations of all evaluators will be governed by the highest standards of integrity, fairness, professionalism, discretion, equity and confidentiality. Evaluations will be based only on the information contained in the candidate's file and only on the criteria outlined in this Agreement. Evaluators will not use, formally or informally, criteria which differ from those set forth in this Agreement.
- ii) In order to evaluate a candidate for tenure and/or promotion, it is necessary to consider the total contribution the candidate has made to the University. Candidates who have applied for tenure or promotion will be evaluated using the criteria described above. In each category, evaluators will ask the following question: "Does the candidate's contributions meet expectations?" The answer will be "yes" or "no." The answer will be "yes" when the criteria have been met. All accomplishments for each of the required criteria will be carefully weighed in accordance with accepted norms of assessment.
- iii) Evaluators must consider teaching; research, scholarly and/or creative activities; and service in the context of the working conditions at Nipissing, a small university that is primarily focused on undergraduate education, with relatively few graduate programs. Evaluators will also take into account the type of appointment held by the Member, in particular the number of years the candidate has served at Nipissing under a "teaching intensive workload" (six three-credit courses or equivalent), a "normal workload" (five three-credit courses or equivalent) and a "research intensive workload" (four three-credit courses or equivalent). Candidates will make their workload history evident in their curriculum vitae and/or their Statement of the Case for Tenure and Promotion (Article 26.15[c]).

- iv) For an application for tenure and/or promotion, the Committee will be guided by the letters from the external referees (Article 26.11). If the referees' letters differ in important ways, evaluators will identify the differences in their report and will give reasons for the way in which their recommendation was made in light of the differences.
- v) A NUFA Observer will be present at all TPC meetings. The Observer must not participate in the deliberations of the TPC but will have the right to communicate observations to the Chair between meetings or, if deemed necessary, to request a recess in a meeting for the purpose of communicating with the Chair. The Observer will be present for the vote counting for each application. If the Association is unable to provide an observer, the meeting must go forward. The Observer must disclose any potential violations of the Collective Agreement to the Chair of the TPC, and may disclose such potential violations of the Collective Agreement to the Provost and the President of the Association, at a meeting of the NUFA Grievance Committee, and/or a meeting of the URAC or the University Review Appeals Board.
- vi) Except when the procedures in this Agreement require the communication of information between members of a Committee or from one evaluator to another, the files and the deliberations of the TPC considering tenure and/or promotion applications will be treated as strictly confidential. Candidates will communicate with the TPC only through the Chair. In reference to their applications, candidates will not communicate with members of the TPC, either personally or through an intermediary, nor will members of the TPC invite such interventions. The TPC members must not discuss cases with any persons outside the TPC, except as specified in this Article.
- vii) Once the TPC has started to hear a case, it will be the responsibility of the TPC to see that case through to completion even if the process extends beyond June 30. In such cases, if replacement members are required, they will be appointed in accordance with Articles 26.6(c) and 26.8(e).

(b) TPC Decision-Making Procedures

- i) Candidates' dossiers, along with all associated materials, including new materials added, the Dean's report, and letters of reference, will be forwarded from the Deans' offices to the Office of the Provost.
- ii) The TPC will meet, without the candidates, to consider applications. At any time, the Committee may ask the candidate to provide clarification of information and/or material contained in the dossier. After deliberating on an application, and determining whether or not the candidate meets the required criteria, the Committee will hold a preliminary ballot. The motion will be framed in the affirmative: that the candidate be granted tenure, or promotion. A secret ballot will be used, based on the model in Appendix J-6 and/or J-7. All eligible Committee members will vote on the motion; abstentions will not be permitted. The vote will be recorded. The Committee's recommendation will be determined by a majority of the ballots cast.

To be eligible to vote, a Committee member must have been present during all of the Committee's deliberations concerning a candidate. The Chair will only vote in cases of a tie.

- iii) If a motion to grant tenure or promotion is adopted after a preliminary ballot, that ballot will be deemed to be the final ballot, and the Committee will proceed to Article 26.21 (b)(xii).
- iv) If a motion is defeated on a preliminary ballot, the candidate will be given notice in writing of this fact and must be made aware of all the factors that make the application problematic, with opinions and comments related to the relevant criteria for tenure or promotion. The candidate will have the option of writing a response to the TPC's notice. The candidate may also request to make a presentation at a TPC meeting. At any such meeting, the candidate may be accompanied by a Member of the Member's choosing, who will be an observer at the meeting and will be bound by the confidentiality of the meeting and the tenure and promotion process.
- v) After satisfying requirements outlined in Article 26.21 (b)(iv), and after further deliberation, the TPC will hold a final ballot based on the procedure outlined in Article 26.21 (b)(ii) with the additional proviso that to be eligible to vote, a Committee member must have been present during all of the Committee's deliberations concerning a candidate and, if applicable, a candidate's presentation in a meeting between the candidate and the Committee. Only the votes on the final ballot are binding. The ballots will be the official record of the vote and will be included in the candidate's file. The ballots will not be destroyed until the Board has made a final decision
- vi) On the final ballot, for an application for tenure, the TPC votes on whether the candidate should be granted tenure.
- vii) If the majority of votes cast indicate the granting of tenure the TPC will proceed to Article 26.21 (b)(xii).
- viii) If the majority of votes on a first-time application of tenure indicate the denial of tenure, the Committee will hold a subsequent vote on the question of deferral of tenure (that is, whether or not the candidate is to receive a further two-year tenure-track appointment. Should this be the decision of the Committee, the candidate must reapply for tenure in the second year of the candidate's new appointment). If the majority of votes in the subsequent vote indicate a deferral of tenure, the Committee will then proceed to Article 26.21 (b)(xii).

NOTE: When the deferred application for tenure is considered in a subsequent year, evaluators will only assess whether or not the candidate has met the requirements for tenure and will make one of only two recommendations: that tenure be granted or that tenure be denied. The TPC will then proceed to Article 26.21 (b)(xii).

- ix)** If the majority of votes cast in a subsequent vote (the granting/denial of a deferral) indicate a denial of a deferral of decision on tenure, the Committee will then proceed to Article 26.21 (b) (xii).
- x)** On the final ballot, for an application for promotion, the TPC will vote on whether the candidate should be granted promotion.
- xi)** If the majority of votes cast indicate either the granting or denial of promotion the TPC will proceed to Article 26.21 (b) (xii).
- xii)** After the final ballot(s) has been taken, the TPC will draft separate reports (Appendix J-8 and/or J-9) for candidates applying for tenure and promotion.
- xiii)** The reports will include the following as appropriate:
 - a.** Granting of Tenure: Factors that were persuasive in the recommendations. The specific reasons given will be related to the criteria for tenure.
 - b.** Granting of Deferral of Decision on Tenure: Reasons for the deferral of decision on tenure as related to the criteria for tenure.
 - c.** Denial of Deferral of Decision on Tenure: Reasons for the denial of deferral of decision as related to the criteria for tenure.
 - d.** Denial of Tenure: Reasons for the denial of tenure as related to the criteria for tenure.
 - e.** Granting of Promotion: Factors that were persuasive in the recommendations. The specific reasons given will be related to the criteria for promotion to the appropriate rank.
 - f.** Denial of Promotion: Reasons for the denial of promotion as related to the criteria for promotion to the appropriate rank.
- xiv)** The draft report(s) will be reviewed by the Committee and members may propose changes to the report(s). Once the Committee agrees that the draft report is an accurate reflection of their deliberations, including any dissenting views, a final report will be prepared by the Chair which all members of the Committee will sign.
- xv)** For each application, the Chair of the TPC will forward to the Provost, with a copy to the candidate, the written report comprised of the assessment and the recommendation of the Committee (which includes the results of the final ballot). After receiving a recommendation, the candidate will have the option of sending a response to the recommendation to the Chair of the TPC who in turn will deposit it in the dossier sent to the Provost.

26.22 Conflict of Interest

- (a) Members on all Committees will familiarize themselves with Article 13 of the Collective Agreement (Conflict of Interest). In particular, Committee members will not participate in the deliberations or recommendations of any application where they are in a conflict of interest or where there may be a reasonable perception that they are unlikely to render an unbiased judgment.
- (b) By July 15 candidates may indicate to their Dean in writing the member(s) of the TPC or URAC they consider to be in a conflict of interest vis-à-vis their application and the reasons for same. If the Dean determines that a conflict of interest exists, such members will be replaced with an alternate by the Provost for that application only.
- (c) By July 15 candidates may indicate to the Provost in writing that they consider the Chair of the TPC, and/or the Chair of the URAC to be in a conflict of interest vis-à-vis their application. If the Provost determines that a conflict of interest exists, the Chair will be replaced with an alternate by the Provost for that application only.
- (d) By August 30 a member of a Committee may declare a conflict of interest with a candidate and may withdraw from the Committee for that particular application, in which case the member will be replaced by an alternate.
- (e) If a Committee member perceives a conflict of interest that has not been declared by either a candidate or another member of a Committee, the member perceiving the conflict may raise the matter with the Committee Chair. If the Chair deems the potential conflict to be relevant, the Chair may discuss the matter with the entire Committee, including the member in question. In such instances, the Committee will make a decision on the matter *in camera*, by majority vote, in the absence of the candidate and the member of the Committee in question.

26.23 Appeals to the University Review Appeals Committee (URAC)

(a) General

- i) A candidate may appeal a negative decision of the Provost to the URAC on one or more of the following alleged grounds:
 - a. procedural irregularity or defect in the application of, or failure to apply, the tenure and promotion procedures by the TPC or the Provost (Article 26);
 - b. discrimination within the meaning of Article 12 (No Discrimination);
 - c. a violation or violations of academic freedom within the meaning of Article 17 (Academic Freedom and Academic Responsibility); or
 - d. improper application of the standards for tenure and/or promotion.

- ii) The candidate will submit a notice of appeal to the Chair of the URAC with a copy to the President of the University and to the President of the Association. The notice of appeal must include a statement of case that clearly identifies at least one of the four alleged grounds. [see 26.23 (a)(i)]
- iii) The President of the University will inform the Office of the Provost upon receipt of any appeal to the URAC. The Provost's Office will make available the appellant's dossier and all associated materials to the URAC.
- iv) The Chair of the URAC will then convene a meeting.
- v) A non-voting NUFA Observer will be appointed by the President of the Association to attend the URAC meeting. The Observer may not participate in any manner in the deliberations of the Committee but will have the right to communicate observations to the Chair between meetings or, if deemed necessary, to request a recess in the proceedings of a given meeting for the purpose of communicating with the Chair of the Committee.

(b) URAC Decision-Making Procedures

- i) The Chair of the URAC will convene a meeting of the Committee at the earliest possible date.
- ii) The URAC will verify that the notice of appeal from the appellant meets one of the four alleged grounds. [see 26.23 (a)(i)]
- iii) The URAC will review the decision of the Provost and any other materials deemed relevant to assess the merits of the appeal.
- iv) As may be needed, the URAC may invite the appellant to submit clarification of the appellant's notice of appeal. Clarifications from the appellant will be submitted to the URAC in writing.
- v) The URAC will assess the merits of the appeal on tenure and vote to recommend to the President either to uphold or overturn the Provost's decision. In the case that the negative decision is upheld the URAC will then vote on the question of deferral of tenure for two years.
- vi) The URAC will assess the merits of the appeal on promotion and vote to recommend to the President either to uphold or overturn the Provost's decision.

- vi) All members of the URAC, including the Chair, shall vote. No abstentions are permitted. The majority of votes will indicate the majority decision.
 - a. The Chair of URAC will draft a Committee report to the President of the University explaining the reasons for the recommendation. The draft report will be reviewed by the Committee and members may propose changes. Once the URAC agrees that the draft report is an accurate reflection of their deliberations, including any dissenting views, a final report will be prepared by the Chair which all members of the Committee will sign.
 - b. For each appellant, the Chair of the URAC will forward to the President of the University, with a copy to the appellant, the written recommendation (which includes the results of the vote). After receiving a recommendation, the appellant will have the option of sending a response to the recommendation to the Chair of the URAC and the President with a copy to the Dean, Provost and the President of the Association.

26.24 Decision of the President

- (a) The President reviews the decision of the Provost and, when applicable, the recommendation of the URAC, and makes one of the following decisions on behalf of the Board:
 - i) For promotion: either that the candidate be promoted or not be promoted;
 - ii) For tenure: that tenure be granted; that tenure be denied; or (for candidates who have not been previously deferred) that consideration for tenure be deferred for a period of two years.
- (b) The President of the University will not assign more weight to the recommendation of the URAC, or the decision of the Provost, when the outcome of the recommendation and the decision on an application differ. In such instances, the President will read and review the written recommendations in the file and make a decision based on all the available evidence. If the President's decision is to deny tenure or defer the tenure decision, or to deny a promotion, the President will specify in writing the specific reasons for the deferral or denial.
- (c) Where the President overturns a recommendation of the URAC, the President's written report will present clear reasons why the President does not consider that recommendation to be acceptable.

- (d) In instances where the President of the University finds that there has been a procedural irregularity or defect in the application of, or failure to apply, the tenure and promotion procedures by the TPC or the Provost, the application will be returned for reconsideration, with instructions on how the error(s) can be ameliorated. In such instances, the TPC/Provost will reexamine the case, paying particular attention to the instructions received. After deliberating, the TPC/Provost may submit a new recommendation/decision or resubmit the original recommendation/decision to the President.

26.25 University Review Appeals Board (URAB)

- (a) The University Review Appeals Board (URAB) is an *ad hoc* Board consisting of an arbitrator, appointed in accordance with Article 40.8, and two other members who will be full-time or retired faculty at the rank of Professor who work or have worked at another Canadian university. The two other members will be jointly appointed to the URAB by the President of the University and the President of the Association. The arbitrator will chair the URAB.
- (b) After receiving a letter from the President of the University stating that tenure or promotion was denied following a positive decision from the Provost, or a positive recommendation from the University Review Appeals Committee (URAC), the candidate may consult with the Association on whether or not to grieve to the URAB. Within twenty (20) working days of the candidate receiving the President's letter, the Association may write to the President of the University giving notice of a grievance.
- (c) The President's decision may be grieved on one or more of the following alleged grounds:
 - i) procedural irregularity or defect in the application of, or failure to apply, the tenure and/or promotion procedures;
 - ii) discrimination within the meaning of Article 12 (No Discrimination);
 - iii) a violation or violations of academic freedom within the meaning of Article 17 (Academic Freedom and Academic Responsibility); or
 - iv) improper application of the prevailing standards for tenure and/or promotion.
- (d) Within twenty (20) working days of the appointment of the URAB, the appellant (the Association) will send a written notice to the Chair of the URAB, with a copy to the President of the University and the President of the Association, stating the grounds for the grievance. Within ten (10) working days of the receipt of the written notice, the President of the University will send a written response to the Chair of the URAB, with a copy to the appellant. The URAB will hold its first meeting as soon as possible after receiving the President's written response to the notice.

- (e) The URAB will have access to all the materials in the appellant's file. The URAB will also have access, in confidence, to all the files reviewed by the Provost for the current year; all the successful files from previous years in the Reference File on Tenure and Promotion for which consultation permission has been granted (see Article 26.33); and all previous written decisions of the URAB. Previous decisions are not regarded as binding precedents; each appeal must be decided on its own merits.
- (f) Quorum for the URAB is all three members. In undertaking its work, the Chair of the URAB will give the appellant and the President of the University reasonable written notice of the date, time and location of all meetings. Both the appellant and the President will have submitted their cases in writing and they may also submit their cases in person. They will have the right to be accompanied by any advisor(s) and/or legal counsel and they (or their advisors/legal counsel) may call, examine and cross-examine witnesses. Any witnesses will be called into a meeting to give testimony and will leave the meeting after their testimony has been completed. Members of the URAB may question the appellant, the President and any witnesses called.
- (g) The URAB may call for and is entitled to receive any information that in its view is necessary for a proper review of the appeal, except that no evidence will be presented by the University which has not been available to both the Provost and the URAC unless it is in response to new information raised by the appellant in the grievance.
- (h) The URAB may not make a recommendation that tenure or promotion be awarded, only that the decision be reconsidered. Therefore, a Member may not be granted tenure and/or promotion as a direct result of a grievance. Rather, the remedy sought (and, if successful, awarded) in any such grievance by the Association will be limited to a requirement that the application be reconsidered, with specific instructions to ensure that the circumstances which led to the grievance will be appropriately addressed. The URAB will review the grievance and make one of the following decisions:

 - i) Dismiss the grievance and uphold the decision of the President;
 - ii) Determine that the grievance has merit but that the final decision was not affected by the matter, and uphold the decision of the President;
 - iii) Determine that the grievance has merit and affected the outcome of the final decision, in which case the URAB will identify the error or errors, give specific directions as to what is to be done on the reconsideration, and direct that the matter in question be reconsidered commencing at the level of consideration at which the error or errors occurred. In so ordering, the URAB will provide specific instructions to ensure that the circumstances which led to the grievance will be appropriately addressed.

- (i) The URAB will conduct its work as expeditiously as possible and submit its decision (the final vote of the URAB which will be a unanimous or a majority vote of the three members of the URAB), and the written reasons for its decision, to the appellant and the President of the University, with a copy to the President of the Association, normally not later than thirty (30) working days after its first meeting. The written reasons for the decision will include particular reference to the grounds for the grievance submitted by the appellant and will address the arguments raised by each party with respect to the main issues of the case. The decision will be dated and signed by all members of the URAB.
- (j) The Chair of the URAB will forward the URAB's decision to the Chair of the Board of Governors of the University for implementation by the Executive Committee of the Board.
- (k) The costs of the URAB will be shared equally by the Employer and the Association. Each party is responsible for any costs involved in the preparation of its cases.
- (l) Written decisions of the URAB will be maintained permanently in the Office of the Provost.
- (m) If the decision of the URAB is rendered after June 30 and the Member is denied tenure, the Member will have the Member's tenure-track appointment extended by twelve (12) months effective July 1. If the decision of the URAB is rendered after October 31 and the Member is denied tenure, the Member will be offered an additional twelve (12) month limited term appointment, pursuant to Article 26.35(f) commencing the following July 1.

26.26 Board's Implementation of the URAB Decision

- (a) Following the receipt of the decision by the URAB, the Board Executive Committee will review the decision at an *in camera* meeting.
 - i) Where the decision of the URAB is to dismiss the grievance, the Board will confirm the original decision of the President;
 - ii) Where the decision of the URAB is to determine that the grievance has merit but that the final decision was not affected by the matter, the Board will confirm the original decision of the President;
 - iii) Where the decision of the URAB is to uphold the grievance and provides directions for reconsideration of the case, the Board Executive will ensure that the reconsideration is carried out in accordance with the directions of the URAB. Failure of the Board Executive to do so is grievable. Following that reconsideration, the final decision on the case will be made by the Board Executive Committee.
- (b) Decisions of the Board Executive Committee regarding tenure and/or promotion will be reported to the full Board at the next closed session following the decision.

26.27 Dates and Deadlines for Decisions

- (a) The following are the deadline dates for decisions on tenure and/or promotion to Associate Professor, and tenure and/or promotion to Professor. - April 15 President informs the Chair of the Board of decisions, with copies to candidates, in cases with appeals to the URAC but no grievances to the URAB.
- July 1 Positive decisions on tenure and/or promotion take effect on July 1. In cases where a grievance leads to a positive decision at a later date, the decision is retroactive to July 1 of the year following application with remuneration and pension adjusted accordingly.
- (b)** For decisions, the Association and the Employer may agree to an extension of these deadlines, though such extensions should be minor in nature. The Chair of the Committee(s) should communicate to candidates any delays or agreed to extensions in a timely manner.

³ In the case of a grievance to the URAB, the dates will vary depending upon the time it takes to establish the URAB. Once the URAB is established, then the timelines for the URAB process will proceed in accordance with Article 26.25 of these procedures.

26.28 Procedure for Promotion to Assistant Professor

- (a) If a Member who holds any appointment (tenured, tenure-track or limited-term) as a Lecturer has been awarded an earned doctorate or has been awarded the degree normally considered to be terminal in the Member's discipline, the Member will be automatically promoted to Assistant Professor.
- (b) The promotion will take effect on the first day of the month following confirmation of academic credentials.

26.29 Tenure and/or Promotion on Appointment

- (a) Applicants for positions may be appointed with tenure, appointed at the rank of Associate Professor, or appointed at the rank of Professor, if they have attained that rank at a recognized post-secondary institution. Applicants will provide proof to the appropriate Dean that they hold tenure and/or the rank in question. At the rank of Associate Professor or Professor, where tenure has not been granted on initial appointment, the tenure-track appointment will normally not be longer than three years.
- (b) In exceptional circumstances, Members may be granted tenure and/or promotion to the rank of Associate Professor or Professor on their initial appointment to the University. Following a hiring recommendation by a Search Committee, the Dean of a Faculty may bring a request to the Chair of the TPC, seeking the granting of tenure and/or promotion on initial appointment. After receiving the request, the TPC will meet as soon as possible. The Dean will present the candidate's dossier (or as much similar information as is practical) to the TPC as well as a written summary of an evaluation of the candidate by the Search Committee. The candidate may also attend the TPC meeting if available.
- (c) The TPC will send its recommendation to the Provost normally within five (5) working days of the meeting attended by the Dean. Within five (5) working days of receiving the recommendation from the TPC, the Provost will make a decision and inform the Dean and the Executive Committee of the Board.

26.30 Tenure and Promotion for Academic Administrators - Internal Candidates

- (a) In order for Academic Administrators to apply for tenure and/or promotion, they must have completed a three-year residency at Nipissing University.
- (b) Academic Administrators will complete a dossier as outlined in Article 26.15.
- (c) Criteria for both tenure or promotion, guidelines for assessment of the dossier, and decision-making procedures will follow Articles 26.17 through 26.19.

- (d) External letters of reference will follow the procedure outlined in Article 26.11, except that the Provost will replace the Dean in all instances and the President will be called upon if the candidate and the Provost cannot agree on the list of external references. In the event that the Provost is seeking tenure and/or promotion, the President will replace the Dean in all instances.
- (e) The candidate's dossier, along with the external letters of reference and a report from the immediate supervisor (similar to Article 26.12 Report of the Dean) will be submitted to the Tenure and Promotion - Academic Administrator Committee (TPAA) for assessment. Timelines will be determined as needed.
- (f) The TPAA will have six standing and one *ad hoc* member: the Provost, who will be Chair, one Dean appointed by the Provost, and four full professors, two from each of the faculties of Arts and Science, and Education and Professional Studies. The *ad hoc* member will be one full professor from the candidate's own discipline, or a cognate discipline. In the event that the Provost is the candidate, the President will be Chair.
- (g) The four TPAA full professor standing members representing each Faculty will be elected following the process outlined in Article 26.8 (b). Standing members elected or appointed to the TPAA will normally serve a three-year term of office. There is no limit on how often any member can be elected to serve on TPAA.
- (h) Ineligibility will follow Article 26.8 (g), with the exception that a Member elected to the TPAA, may also hold a position on the TPC.
- (i) Upon receiving notification of a candidate's intention to apply for tenure and/or promotion, the Chair of the committee will seek an *ad hoc* full professor from the candidate's own discipline, or cognate discipline to join the TPAA committee. This *ad hoc* member will hold this position until the file under consideration is complete.
- (j) The role of the Chair on the TPAA is to ensure that all procedures are followed. The Chair will vote only in case of a tie.
- (k) Should an alternate be required, the Chair together with the President of the Faculty Association will appoint an alternate.
- (l) A non-voting NUFA Observer will be appointed by the President of the Faculty Association to sit on the TPAA. The Observer may not participate in any manner in the deliberations of the Committee but will have the right to communicate observations to the Chair between meetings or, if deemed necessary, to request a recess in the proceedings of a given meeting for the purpose of communicating with the Chair of the Committee.
- (m) Quorum requires all six (6) Members in attendance, in-person. All members of the TPAA must be physically present in the room except when circumstances require accommodations under the Accessibility for Ontarians with Disabilities Act, and Ontario Human Rights Code.

- (n) Should the decision of the TPAA be positive, the dossier proceeds per Article 26.
- (o) Should the decision of the TPAA be negative, the candidate may appeal to the URAC per Article 26.
- (p) The decision of the President is final and is not appealable through the URAB.
- (q) If the candidate in question is the President, noting that this only applies in the case of an internal applicant, the full Board of Governors will make the final decision by a secret ballot vote. The decision is not appealable through the URAB.
- (r) Should the final decision of the President or the Board of Governors be a negative decision, the candidate has the right to apply again as early as the following year. The URAB appeal process is not available to academic administrators.

26.31 Tenure and Promotion for Academic Administrators - External Candidates

- (a) If the candidate has the terminal degree in the candidate's field the candidate will be assigned a department/school as may be appropriate to the candidate's expertise and may be granted tenure and rank on appointment by the Board of Governors.
- (b) Typically, candidates will be appointed at the rank comparable to that achieved at the candidate's previous academic institution. If the candidate's previous academic experience warrants promotion, the candidate may be granted promotion to the rank of either Associate Professor or Professor on their initial appointment pending the following conditions outlined below.
 - i) Following the hiring recommendation by the Search Committee, the Chair of the Search Committee may bring a request for promotion to the Chair of the TPAA. After receiving the request, the TPAA will meet as soon as possible.
 - ii) The Chair of the Search Committee will present the candidate's dossier (or as much similar information as is practical) to the TPAA as well as a written summary of an evaluation of the candidate by the Search Committee.
 - iii) Where possible, the candidate will be offered the opportunity to present to the Committee.
 - iv) The TPAA will send its recommendation to the President of the University normally within five (5) working days of the meeting of TPAA.

- v) Within five (5) working days of receiving the recommendation from the TPAA, the President of the University will make a decision and inform the Dean and the Executive Committee of the Board. If the candidate in question is the President, the decision will be made by the Board of Governors by a secret ballot vote.
- (c) If the candidate lacks a terminal degree and/or has not obtained rank at another recognized post-secondary institution, the candidate will be appointed as an administrator without rank or tenure. Following a three-year residency at Nipissing University, they may apply for tenure and/or promotion in accordance with the internal applicant process as outlined in this Article.

26.32 Provost's Annual Report

- (a) Every year by May 20, the Provost will prepare a Report on Tenure and Promotion which will be appended to the September Senate agenda and submitted to the Board around the same time.
- (b) The Report will give totals for the following:
 - i) applications for tenure and promotion, or tenure – number granted, number denied, number deferred and number withdrawn;
 - ii) applications for promotion to Associate Professor – number granted, number denied and number withdrawn;
 - iii) applications for promotion to Professor – number granted, number denied and number withdrawn;
 - iv) number of applications heard by the University Review Appeals Committee;
 - v) number of grievances heard by the University Review Appeals Board
 - vi) number of job candidates awarded tenure upon appointment; and
 - vii) number of job candidates awarded promotion to Associate Professor or Professor upon appointment.
- (c) The Report will also include the names of all individuals awarded tenure, tenure and promotion to Associate Professor, promotion to Associate Professor, and promotion to Professor, either through the regular tenure and promotion process or upon appointment to the University.

26.33 Access to Files

- (a) By July 5 each year, successful candidates for tenure and/or promotion will be asked by the Office of the Provost to complete, sign and return a copy of the form in Appendix J-5. If successful candidates have not handed in a form, it will be assumed that they have not given their consent for anyone to have access to the contents of their files. A Member's consent may be withdrawn at any time by filling out and submitting an updated form to the Office of the Provost.
- (b) The Provost will maintain a Reference File on Tenure and Promotion (RFTP), updated on an annual basis. The RFTP will contain a copy of each Member's file that, over the previous five (5) years, culminated in the granting of tenure and/or promotion. These files will be available for consultation by the Tenure and Promotion Committee (TPC), the University Review Appeals Committee (URAC), the University Review Appeals Board (URAB), the Provost, the President of the University, and the President of the Association or designate. These evaluators may consult the RFTP in order to ensure that they are applying the prevailing norms for tenure and/or promotion in a way that is fair, equitable and consistent. The evaluators may review the Provost's Annual Reports on Tenure and Promotion for the last five years in order to compile a list of the files that might be available for consultation. Any consultation of a Member's file will be permitted only where the Member has given consent to such consultation.

26.34 Disposal of Files

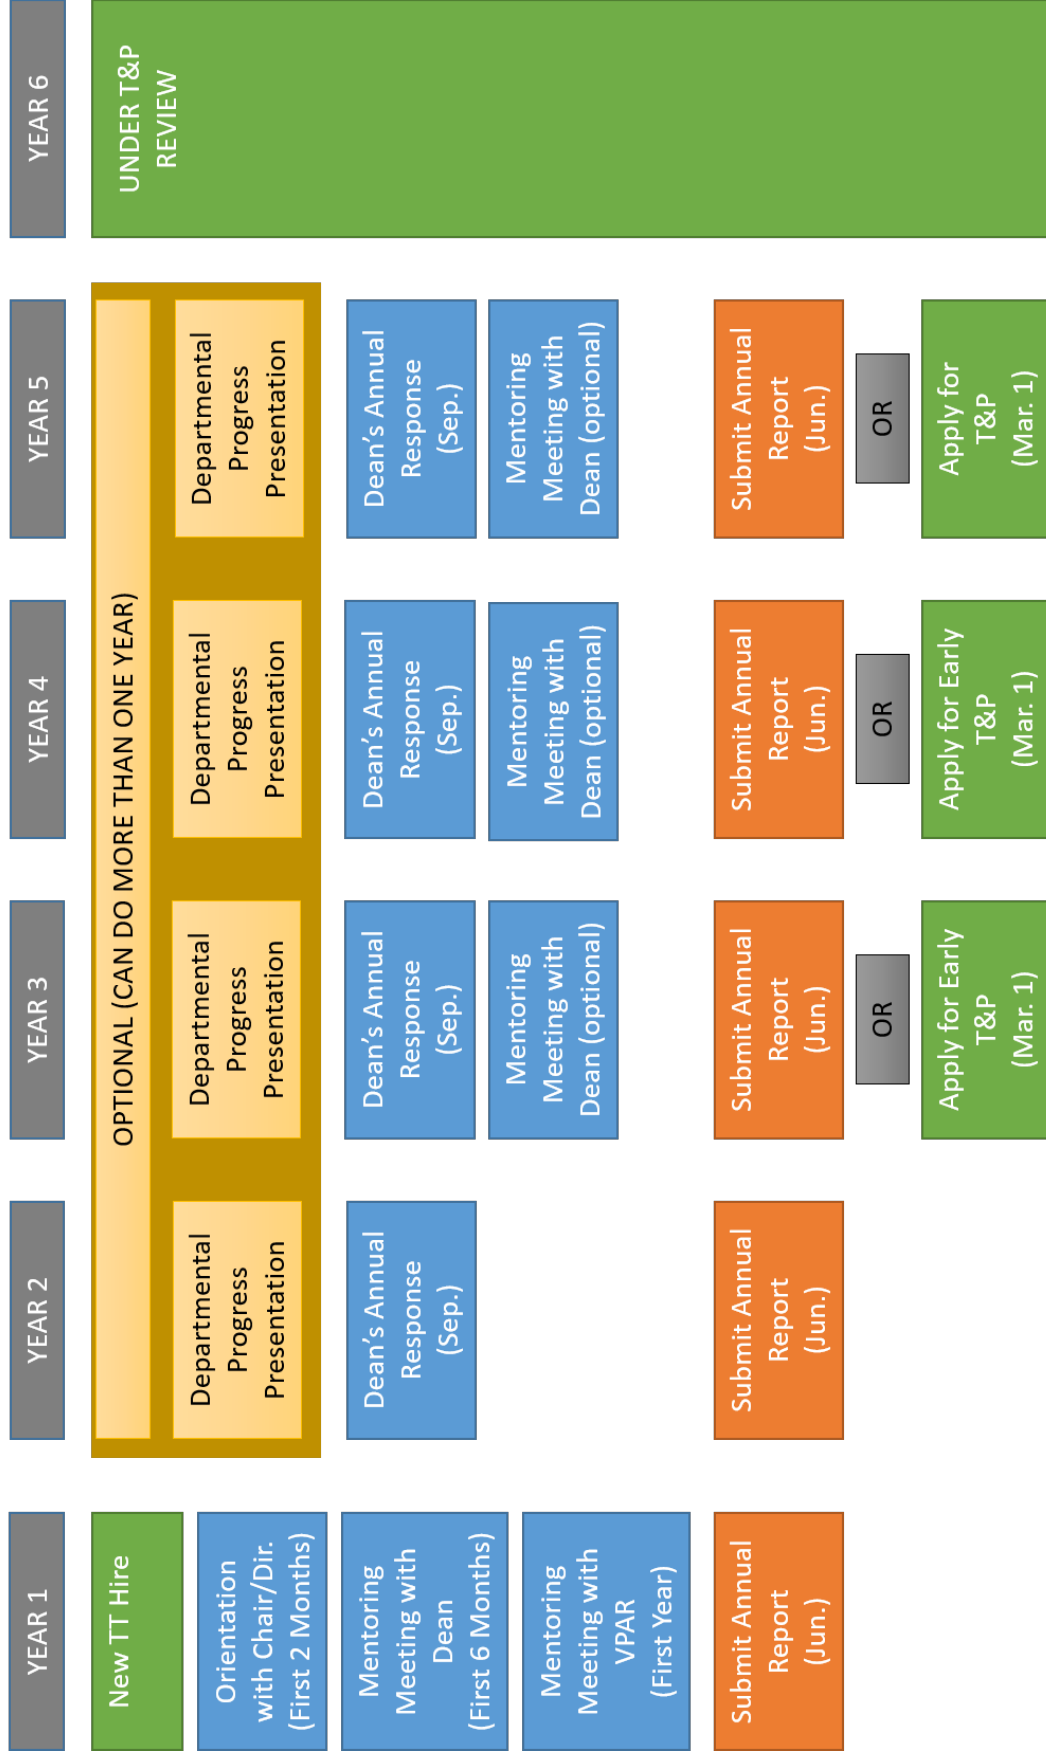

With the exception of the dossier, all the materials contained in a file for tenure and/or promotion will be destroyed within three months after the fifth anniversary of the date that the Member received the decision from the Board on the Member's tenure and/or promotion application. Every effort will be made to return the dossier to the Member. If this is impractical (for example, because the Member is no longer in the employ of the University and has left no forwarding address) or no longer possible because of the death of the Member, the dossier will be destroyed except for "stand alone" works, which may be donated to suitable individuals or institutions.

26.35 General Matters

- (a) If any deadline date in this Article falls on a Saturday or a Sunday, the deadline will be moved to the following Monday. If any deadline date in this Agreement falls on a public holiday, the deadline date will be moved to the next working day.
- (b) Candidates and evaluators should be aware of the following Articles in the Collective Agreement that impact in some way on applications for tenure and/or promotion: 14.1(d), 18.6(g), 20.6(b), 27.3, 28.1(c), 28.11(i), 29.2(c), 36.2 (c), and 36.10 (e)(i), (ii) and (iii).

- (c) Between September 1 and September 30 each year, prior to commencing the evaluation of applications for tenure and promotion, the Employer and the Association will jointly sponsor at least one information session for the purpose of familiarizing all Committee members with their responsibilities and with the tenure and promotion procedures. All evaluators (including alternates on all Committees) will be invited to attend. While it is not a requirement that invitees attend, it is highly recommended that they do so. The Employer will produce an audio-visual recording of at least one information session and will make this recording available to all invitees, including those who were not able to attend.
- (d) The JCAA will meet between May 1 and June 30 in each year of this Agreement to discuss possible revisions to this Article. In their deliberations, the JCAA may invite anyone to attend its meetings and it may consult with any individual or group before formulating recommendations to the Employer and the Association. Neither the Employer nor the Association is bound to accept any such recommendations.
- (e) If in the course of its deliberations on tenure and promotion, a Committee encounters an issue for which clear guidance is not provided by this Agreement, the Committee may call upon the JCAA to rule on the issue.
- (f) Members considered for tenure in the final year of their tenure-track appointments and who have been denied tenure, including Members who have previously received a deferral of tenure, will be offered a final 12-month LTA1 appointment for the following July 1 – June 30. It is understood that the Member's employment will terminate at the end of the additional 12-month LTA1 appointment. Where such a Member appeals to the URAB, the LTA1 appointment may, if required, be extended beyond 12 months until the conclusion of the appeal process.

TENURE TRACK PATHWAY (ASSISTANT, ASSOCIATE, PROFESSOR)

ARTICLE 27: STUDENT OPINION SURVEYS OF FACULTY TEACHING (SOS)

27.1 A primary purpose of student opinion surveys of faculty teaching (SOS) is the self-development of Members and the improvement of their teaching abilities.

- (a) SOS will be conducted in all courses and will be supervised by individual Faculties.
- (b) Paper summaries of SOS will be maintained in the office of the relevant Dean for the previous seven (7) years of Member's employment.

27.2 Administration of Student Opinion Surveys of Faculty Teaching

- (a) SOS will be obtained through questionnaires, administered in such a way as to afford all the students in a given course or class reasonable time to respond. Such questionnaires will be designed to survey the students' opinions of the Member's effectiveness, the wording of which will be determined by Senate. Any questionnaire used for the purposes of this Article must be approved by the JCAA.
- (b) With each questionnaire a separate sheet of paper will be provided for students to make detailed written comments. The sole purpose of these comments is to assist the Member in evaluating all aspects of the course. These comments will be returned unexamined to the Member.
- (c) Up to twenty (20) minutes of scheduled class time, in the last two (2) weeks of a course will be used to fill out the questionnaires. The Member will not be present while questionnaires are being filled out. No questionnaire will contain any indication of the identity of the student filling it out. After questionnaires have been completed, they will be placed in a sealed envelope, which will not be opened until final grades for the course have been approved by the appropriate Dean.
- (d) The responses to student questionnaires will be opened and aggregated in such a way as to present a fair and accurate picture of the opinions of the respondents. All completed SOS will be returned to the Member.

ARTICLE 28: ACADEMIC WORKLOAD

28.1 Workload – General

- (a) The full-time workload of Members will include teaching, research/scholarly/creative activities, and service to the community in proportions as governed by and varied in accordance with past practice and the provisions of this Agreement. The workload of the Member is determined by the Dean, in consultation with the Member and, where applicable, the academic unit Chair or Director, it being understood that no Member can be assigned specific research/scholarly/creative or professional activities, and no Member can be assigned to teach courses outside the Member's competency. The workload of Academic Librarians and Archivists is outlined in Article 22 and of Full-time Instructors in Article 23.

- (b) Pursuant to Article 28.1(a), a Member's workload may, with the permission of the relevant Deans, include courses taught in more than one Faculty as part of the Member's teaching load.
- (c) Members on any workload arrangement will be eligible, where applicable, for consideration for sabbaticals, reappointment, tenure, and promotion under the appropriate guidelines.
- (d) A Member's teaching load will normally be spread over the Fall and Winter terms. Members are entitled to at least one non-teaching term in each academic year where the three terms are defined as Fall, Winter, and Spring/Summer.
 - i) As part of their workload, Members may request teaching in the Spring/Summer term so that their annual teaching load will be spread over three terms, but the Member will not be required to do so by the Employer.
 - ii) Members may request a pattern of teaching in two terms, one of which is Spring/Summer.
 - iii) Where program requirements necessitate teaching in the Spring/Summer term, the Dean may request, through the relevant academic unit Chair or Director, teaching in Spring and Summer as part of a Member's workload; however, if no Member agrees to do so, the Dean will assign teaching in the Spring/Summer term to a Member as part of the Member's workload. No Member shall be required to teach in two consecutive Spring/Summer terms.
- (e) In the event that an assigned course is cancelled, the Dean will meet with the Member to discuss options and will then assign a replacement course. In all such cases, the Dean will inform the Association in writing.

28.2 Workload – Teaching

- (a) Each Member on a tenure-track or tenured appointment will be assigned, following consultation with the Member and Chair, Director, or Dean as appropriate, in accordance with Article 28, one of the following workloads:
 - i) Normal Workload: an average of five (5) three-credit courses or equivalent per year over two consecutive academic years. Members on a Normal Workload will be active and productive in research, scholarly and/or creative activity as described in Article 26.15(f) and (g) and will contribute to University service.
 - ii) Teaching Intensive Workload: an average of six (6) three-credit courses or equivalent per year over two consecutive academic years. Members on a Teaching Intensive Workload are expected to be actively engaged in research, scholarly and/or creative activity as described in Article 26.15(f) and (g) and will contribute to University service.

- iii) Research Intensive Workload: an average of four (4) three-credit courses or equivalent per year over two consecutive academic years. Members on a Research Intensive Workload will be active and productive in research, scholarly and/or creative activity as described in Article 26.15(f) and (g). Members on a Research Intensive Workload will contribute to University service.
- (b) While Members may receive additional course releases as a result of research, administrative service, or other assigned responsibilities, all Members will normally teach a minimum of two (2) three-credit courses every academic year.
- (c) Members with an external research grant from one of the three (3) federal granting councils or other recognized granting agencies may be assigned a Research Intensive Workload by the Dean.
 - i) Members who apply by June 1 will receive a decision from their Dean by June 30. Any approved changes in workload will take effect on January 1 of the following year.
 - ii) Members who apply by November 1 will receive a decision from their Dean by November 30. Any approved changes in workload will take effect on July 1 of the following year.
- (d) Members who have an external source of support (such as a secondment or a Killam Fellowship) that provides for a total buy-out of teaching duties may be relieved of all teaching duties during all or part of an academic year.
- (e) Members appointed to an externally funded research Chair (such as a Canada Research Chair or an Industrial Research Chair) will have their teaching load assigned by the Provost in consultation with the Dean. The teaching load in each academic year will not exceed two (2) three-credit courses or equivalent for the duration of the appointment.
- (f) Members without an external research grant may apply to their Dean for a Research Intensive Workload before November 1 if the course releases are to be granted for the following academic year. The application will include a brief summary of the applicant's research project, including the expected date of completion, the project's likely outcomes and a rationale for the release time. The Dean will reply to the applicant by November 30. Any approved changes in workload will take effect on July 1 of the following year.
- (g) The teaching loads of Members on Limited-Term Appointments are noted in Article 20.
- (h) Newly hired tenure-track Members will be assigned a Normal Workload with a reduction in teaching of three credits or equivalent for the first year of their initial appointment. The Dean may extend the reduction in teaching of three credits or equivalent into the second year of the Member's initial tenure-track appointment where significant progress towards establishing an active and productive research and scholarly profile has been demonstrated in the first year, where the need for such a workload is clearly

demonstrated, and where circumstances permit (such as the ability of the academic unit to offer the program). In such cases where the Dean would have approved the second course reduction but the circumstances do not permit it to occur in the upcoming academic year, the Dean may defer the course reduction for one year. The application process is as follows: newly hired tenure-track Members must apply to their Dean for a second year of reduced teaching before November 1 if the course release is to be granted for the following academic year. The Dean will reply to the applicant by February 15. These requests will not be unreasonably denied.

- (i) Tenured Members on a Normal Workload or a Research Intensive Workload may request a Teaching Intensive Workload by notifying the Dean by November 1 of the year prior to the year in which the requested workload change would take effect. Such a request will not be unreasonably denied. Any approved changes in workload will take effect on July 1.
- (j) Tenured Members on a Teaching Intensive Workload may request a Normal Workload by notifying the Dean by November 1 of the year prior to the year in which the workload change would take effect. The notification will include a Research Plan. The Dean will review the request in terms of the Member's demonstrated research record, the proposed Research Plan and the impact of the workload reassignment on program operations. The Dean may either accept the request, accept the request for a limited period of time to be agreed with the Member, defer the request for one year in order to allow for program requirements to be met, or reject the request. A request will not be unreasonably denied. Any approved changes in workload will take effect on July 1.
- (k) For program reasons, Members on a Normal Workload may request or alternately be requested or required by the Dean to teach six (6) three-credit courses or equivalent for one year, following which they would be provided with a four (4) three-credit course or equivalent teaching allocation for the next academic year, unless they would be on an approved leave that year, in which case the four (4) three-credit course or equivalent allocation would carry forward to the year of the Member's return from leave. The Member's workload will, over a two-year period, average the normal five (5) three-credit courses or equivalent per academic year over the period of the arrangement with the Member. Such a redistribution of teaching assignments will not be treated as "overload". Tenure-track Members are not subject to this Article.

(l) Team Teaching

- i) Two faculty Members may be assigned to teach a single course as a team. Such an arrangement will be deemed an approved team teaching assignment if either:
 - a. The course proposal approved by the Senate explicitly provided that the course would be team taught; or
 - b. Such an arrangement is approved by all departments involved and by the appropriate Dean(s).

- ii) It is understood that all Members so assigned are expected to be present at all classes of the course. Participation in an approved team-teaching assignment will count as full course credit, or overload, for each Member involved. The offering of all team teaching courses will be at the discretion of the Dean of the academic unit in which the course will be offered.
- iii) No Member will be required to team teach.

(m) Travel Courses

- i) Travel courses may be credited toward a Member's teaching load if the course is a minimum of three credits and the travel component of the course is required to fulfill the course learning outcomes.
- ii) A travel course may be assigned as teaching load or overload with the written consent of the Member and the Dean(s). Consent will be obtained prior to the beginning of the course. No Member will be required to teach a travel course.
- iii) Members will be accorded full course credit in the Member's annual teaching load assignment with corresponding financial compensation per Article 30.2 or 30.4 as appropriate.
- iv) Travel courses that are not credited toward a Member's teaching load may be counted towards a Member's service.
- v) All travel costs must be preapproved by the Dean and must be eligible expenses under the Nipissing University Travel Expense Policy.
- vi) No Member will be required to teach a travel course.

28.3 Workload – Chairs and Directors of Academic Units

- (a) The annual workload reduction and/or stipend for Chairs of academic units will be one of the following:
 - i) One (1) six-credit course release; or
 - ii) Two (2) three-credit course releases; or
 - iii) One (1) three-credit course release and one (1) three-credit stipend; or
 - iv) A stipend equivalent to two (2) three-credit overload payments.
- (b) The annual workload reduction for Directors of academic units will be three (3) three-credit course releases.

- (c) The scheduling of release time must be approved by the Dean in consultation with the academic unit Chair or Director. If a release time is deferred, the annual maximum course release in the future in any one academic year is two (2) three-credit courses or equivalent below the Member's assigned teaching workload.
- (d) Chairs or Directors of academic units who resign or who are removed during an academic year will receive prorated compensation per Article 28.3(a). Chairs or Directors who have taken a course release in the Fall and/or Winter term, and who resign or are removed within two months of the beginning of term, will receive a prorated stipend and will make up the teaching credits in a future semester.
- (e) Replacement Chairs and Directors of academic units who serve for more than one month but less than one year will receive prorated compensation per Article 28.3(a).

28.4 Workload – Graduate Program Coordinators

- (a) The annual workload reduction or stipend for Graduate Program Coordinators will be one of the following:
 - i) One (1) three-credit course release; or
 - ii) One (1) three-credit stipend.

28.5 Annual Report and Dean's Assessment

- (a) Each Member must provide clear evidence of ongoing accomplishments in teaching; research, scholarly and/or creative activities; and service in the form of an Annual Report as outlined in Article 18.7(a). Using the Annual Report, the Dean will write an assessment of the Member's performance in the three areas, as is appropriate to the Member's academic responsibilities and assigned workload.
- (b) The Dean's assessment will be signed and placed in the Member's Official File. A copy will be sent to the Member by September 1. The Member may reply to the Dean's response by September 15, and a copy of the Member's reply will also be placed in the Member's Official File.
- (c) For all Members:
 - i) Once the Dean has placed an assessment of the Annual Report in the Member's Official File and the Member has had an opportunity to reply, either the Dean or the Member may request a meeting to discuss the Annual Report, the Dean's assessment and/or the Member's reply. If either party so requests, this meeting will occur after September 15 but before October 20. Those present at the meeting will be the Dean, the Member, and, if the Member wishes, the Member's Chair or Director and/or a representative of the Association. Where the Member is accompanied by another Member, the Dean may request that another member of the senior Administration be present at the meeting. The purpose of this meeting is:

- a. to discuss the Member's achievements and performance of the Member's academic responsibilities;
 - b. to discuss the development of the Member's teaching; research, scholarly and/or creative activities; and/or service, as appropriate to the Member's academic responsibilities and assigned workload;
 - c. to discuss any expectations necessary to address any concerns.
- ii) Within fifteen (15) working days of this meeting, the Dean will provide a written summary of the meeting to the Member. The summary will include an appropriate schedule for meeting any required expectations. This summary will be signed by the Dean and placed in the Member's Official File. At the same time, a copy of the summary will be sent to the Member.
 - iii) A Member has a right to respond to the Dean's summary. The Member's response, which will be in writing and supplied to the Dean within fifteen (15) working days of receiving the Dean's summary, will be placed in the Member's Official File.

28.6 Moving from a Normal Workload to a Teaching Intensive Workload

- (a) The Dean will meet with a tenured Member who is on a Normal Workload if the Dean indicates in the Annual Assessment that the Member's performance in the area of research and scholarship is unsatisfactory for the Member's academic responsibilities and assigned workload. At the meeting, the Dean will discuss with the Member research expectations for a Normal Workload.
- (b) By November 1 the Dean will meet with the Member if the Member receives a second consecutive Annual Assessment indicating that the Member's performance in the area of research and scholarship is unsatisfactory for the Member's academic responsibilities and assigned workload. The Dean may assign the Member to a Teaching Intensive Workload at the beginning of the next academic year. Within fifteen (15) working days of the meeting, the Dean will provide written reasons to the Member in support of the decision.
- (c) Tenured Members who have been moved by the Dean from a Normal Workload to a Teaching Intensive Workload may request a Normal Workload or Research Intensive Workload by notifying the Dean by November 1. The request will include a Research Plan. The Dean will review the request in terms of the Member's demonstrated research record as appropriate to the Member's academic responsibilities and assigned workload. By January 1, the Dean will either grant the request or reject the request. A request will not be unreasonably denied. Any approved changes in workload will take effect on July 1.
- (d) The Dean cannot request that a Member on a tenure-track appointment or a Member on a limited-term appointment with a Normal Workload move to a Teaching Intensive Workload.

28.7 Balancing Teaching Load Among Members

Subject to Article 28.1(a), the Dean, in consultation with the Chairs or Directors of academic units, will attempt to ensure a reasonably equitable workload among Members within an academic unit and among Members within a Faculty over time. The Chair or Director, after consultation with Members of the academic unit, will provide the Dean with a recommendation for an equitable workload within the academic unit. An equitable workload will permit all Members to pursue fairly their research activity. A Member who believes that the Member's assigned teaching load is excessive in relation to other Members has the right to have the Provost review the Member's workload. The Provost will provide the Member with a written response.

28.8 Overload Teaching

- (a) Members cannot be required to teach overload. However, if Members want to teach overload, they require the advanced written approval of the Dean.
- (b) Members are ineligible to teach overload if they are:
 - i) on a research intensive load;
 - ii) on a tenure-track appointment; or
 - iii) if they have course releases for any other reasons.
- (c) In any academic year (July 1 to June 30), a Member's overload teaching will not exceed the equivalent of two (2) three-credit courses or equivalent for a Member on a Teaching Intensive Workload or a Normal Workload. A course is considered overload teaching if it is greater than a Member's assigned teaching load per Article 28.2. Any exceptions to overload maximums require the support of the Provost and the consent of the Association.
- (d) In any academic year, Members on a Teaching Intensive Workload who teach overload will receive overload payments per Article 30.4.
- (e) In any academic year, Members on a Normal Workload who teach overload will receive overload payments or have their workload adjusted in the following academic year as follows:
 - i) if they teach three (3) overload credits, they will receive an overload payment per Article 30.4 for one (1) three-credit course or a three (3) credit teaching reduction in the following academic year; and
 - ii) if they teach six (6) overload credits, they will receive overload payment per Article 30.4 for two (2) three-credit courses or overload payment for one (1) three-credit course and one (1) three-credit teaching reduction in the following academic year.

- (f) In any academic year (July 1 to June 30), the following will not be counted in calculating overload limits for the purposes of Article 28.8(c): Additional Qualification (AQ) and Additional Basic Qualification (ABQ) courses. Similarly, labs, seminars and tutorials which are a supplement to courses will not be counted as overload. For these courses, in any academic year, there is no limit on the number of credits which may be taught by a Member on a Teaching Intensive Workload or a Normal Workload. The teaching of all such courses must first be approved by the appropriate Dean.
- (g) Individualized study courses will not be considered part of the assigned teaching load and will not be considered overload for the purposes of the calculation of the maximum teaching overload limit. Members are not required to teach any individualized study courses in any academic year, nor are they limited in the number of credits of individualized study courses they teach in any academic year. The teaching of such courses must first be approved by the appropriate Dean. If an individualized study course duplicates the content of a regular course, the individualized study course will not be offered.
- (h) When courses during the academic year, including the Spring/Summer terms, require teaching paid by overload, the Dean will first notify Members of the academic unit of the availability of the course.

28.9 Courses Taught Off the Primary Campus

- (a) Primary Campus refers to the location from which a Member's program is generally administered, to which the Member usually reports for work, and where the Member's faculty office is located.
- (b) Members will not be required to teach courses off the Primary Campus unless hired for teaching duties off the Primary Campus. However, at any time, Members may agree to accept teaching duties off the Primary Campus after receiving a request to do so from the appropriate Dean.
- (c) A Member teaching Nipissing University courses, whether credit or non-credit, off the Member's Primary Campus will be reimbursed for reasonable and actual costs of travel to and from the place of teaching, including meals and accommodation where necessary. If a course off the Primary Campus is taught on an overload basis, the Member will receive the appropriate overload stipend.

28.10 Teaching in Graduate Programs

Graduate courses (not including theses, major research papers, directed studies courses and/or supervision) will be counted towards a Member's teaching load in the same way that undergraduate courses are counted.

28.11 Reduced Workload with Pro-Rated Pay

- (a) Reduced workload (RW) with pro-rated pay may be granted by the Employer at any time to any Member who applies voluntarily for such status. A Member who wants a RW will notify the Dean in writing prior to October 15. The Member will state the proposed date of commencement of the RW, the number of year(s) of RW, and the percentage of full workload the Member will carry in each year. By November 5, the Dean will inform the Member in writing of the terms of the proposed RW, including a reference to the specific section(s) of the Collective Agreement which governs RW. By November 20, the Member will write to the Dean indicating his or her acceptance or rejection of the terms of the proposed RW. Failure by the Member to respond by November 20 will constitute rejection of the terms. If accepted by the Member, a copy of the terms of the RW will be sent by the Dean to the Provost and the President of the Association by December 5. These dates may be altered by mutual agreement of the parties. All RW arrangements will commence the following July 1.
- (b) The Member may request that the RW arrangement be made permanent. A permanent RW is subject to a career maximum of ten (10) years. A Member on a permanent RW will either retire or otherwise leave the University's employ at the end of the permanent RW.
- (c) The Member may also request a temporary RW arrangement for one or two years, agreed to by the Member and the Employer. A Member whose RW will expire on June 30 may apply to the relevant Dean for an extension(s) of up to two years using the procedure described in Article 28.11(a). After a maximum total of five years, no further extensions will be granted, and a Member will automatically return to full workload.
- (d) Requests for RW will not be unreasonably denied. The RW will not be less than one half (1/2) of the Member's teaching load as defined by Article 28.2. The rights and responsibilities of Members (see Article 18) on RW are the same as Members with a full workload but are carried out on a less than full-time basis.
- (e) A Member on RW will continue as a Member of the Bargaining Unit.
- (f) The Member will continue to participate in all benefit plans as listed in Article 32 at the Member's nominal salary, subject to the conditions of any particular plan, and including such cost-sharing arrangements as there specified, except for life insurance, short term disability and long term disability, which will be based on the Member's actual (RW) salary.
- (g) For Members in the Nipissing University Pension Plan, contributions will be based on actual (RW) salary or, at the request of the Member, nominal full-time salary, subject to Canada Revenue Agency limitations on pension contributions for time not worked or periods of reduced pay. The Employer will make its pension contributions on the same basis as the Member.

- (h) A Member on RW will earn sabbatical credits on a pro-rated basis and will be entitled to a sabbatical allowance based on the Member's nominal full-time salary.
- (i) A Member on RW will be eligible for tenure and promotion. The Member will earn service towards tenure eligibility on a pro-rated basis or, if the Member chooses, on a full-time basis. In any application for tenure and/or promotion, the timelines for tenure and/or promotion will be adjusted accordingly to reflect the pro-rated nature of the Member's position.
- (j) A Member on RW will be eligible for professional expenses reimbursement (PER) similar to full-time tenured and tenure-track Members.
- (k) A Member on RW will receive such additions to the Member's nominal salary as will be implemented as a result of collective bargaining, including Progress Through the Ranks.
- (l) A Member seeking a RW may be represented by the Association at every stage of the discussions concerning such an arrangement.

28.12 Reduced Workload Via Buy-out of Credits

A Member may request, and the Employer in its absolute discretion may grant, a reduction in the Member's normal teaching load of up to one full course equivalent, in return for which the Member will remit to the Employer an amount equal to the appropriate overload stipend as set out in Article 30. The granting or failure to grant such a request is not grievable.

ARTICLE 29: SABBATICALS

29.1 Preamble

In recognition of the fact that tenured Members are required as a condition of their employment to continue to develop as scholars and researchers throughout their careers, the University maintains a policy of sabbaticals intended for academic study, research, writing, or travel for investigation purposes that provides means by which faculty Members increase their knowledge, further their research, stimulate intellectual interest, strengthen their contacts with the world-wide community of scholars, and thus enhance their contribution to the University on their return. As such, a sabbatical constitutes a leave from a tenured Member's normal responsibilities of teaching and service to focus on research and scholarship. It is also recognized that the number of sabbaticals approved in any given year is a function of the merit of the applications, and the Employer's ability to replace Members on sabbatical when necessary, and/or to maintain program integrity.

29.2 Years of Full-Time Credited Service for First Sabbatical

In determining years of full-time credited service at Nipissing University, the following will apply:

- (a) Each year of service at the University accumulated in a tenure-track or tenured appointment, including periods designated as research release time, will count as one year of full-time credited service for a twelve-month sabbatical or a six-month sabbatical.
- (b) In addition, at the time of the initial tenure-track or tenured appointment, a Member will receive credited service under whichever of the following options provides the Member with the largest number of years of credited service:

 - i) Years of service at Nipissing University accumulated in limited term appointments of at least twelve (12) months will be credited in the same way as years in tenure-track or tenured appointments for the purposes of sabbatical eligibility, up to a maximum of four (4) years credit. An interruption of two or more years in the sequence of limited term contracts will return the cumulative total years of credit to zero; or
 - ii) Years of service at Nipissing University accumulated in limited term appointments of nine (9) months or more and less than twelve (12) months will be credited in the same way as years in tenure-track or tenured appointments for the purposes of sabbatical eligibility, up to a maximum of two (2) years credit, as follows: two limited term appointments will receive one year of credit for a twelve-month sabbatical, while three or more limited term appointments will receive two years of credit for a twelve-month sabbatical or one year of credit for a six-month sabbatical. An interruption of two or more years in the sequence of limited term contracts will return the cumulative total years of credit to zero; or
 - iii) Years of service equivalent to a full-time academic appointment at Nipissing University and accumulated in appointments of at least twelve (12) months each will be credited from another institution for the purpose of sabbatical eligibility at the time of the Member's initial appointment to a maximum of two (2) years credit toward a twelve-month sabbatical or one (1) year's credit toward a six-month sabbatical; or
 - iv) Years of service at Nipissing University accumulated in CASBU appointments will be credited for the purposes of sabbatical eligibility as follows: the accumulation of the equivalent of two (2) years of full-time, normal workload (36 credits) will receive one year's credit for a twelve-month sabbatical or for a six-month sabbatical.
- (c) Members will be eligible to apply for and receive promotion during their sabbaticals. If so, they will be expected to comply with the application process as outlined in Article 26.

- (d) The year that a Member is on sabbatical (six month or twelve month) will not be credited toward the next sabbatical.

29.3 Twelve-Month Sabbaticals and Six-Month Sabbaticals

- (a) Each tenured Member will have the right to apply for a sabbatical of twelve months in their sixth year (or more) of full-time credited service at Nipissing University, including years of credited service upon appointment. Notwithstanding this, Members in their sixth year of credited service may apply for a twelve-month sabbatical in the same academic year that they apply for tenure. In such cases, if a sabbatical is granted, it will be granted on the condition that tenure is granted by April 30. All twelve-month sabbaticals will commence on July 1.
- (b) As an alternative to a twelve-month sabbatical under Article 29.3(a), a tenured Member may apply for a six-month sabbatical in their third year (or more) of full-time credited service at Nipissing University, including years of credited service upon appointment. Notwithstanding this, Members in their third year of credited service may apply for a six-month sabbatical in the same academic year that they apply for tenure. In such cases, if a sabbatical is granted, it will be granted on the condition that tenure is granted by April 30. All six-month sabbaticals will start on either July 1 or January 1 by agreement of the Employer and the Member.
- (c) If a Member on a Normal Workload (3 and 2) takes a six-month sabbatical after three (3) years or more of credited service, the Member will teach three (3) three-credit courses or equivalent during the teaching term. If the Member takes a subsequent six-month sabbatical, the Member will teach two (2) three-credit courses or equivalent during the teaching term. Should the Member be granted further six-month sabbaticals, the pattern of alternating between teaching three (3) three-credit courses and teaching two (2) three-credit courses will be repeated. This information will be indicated in the Member's sabbatical approval letter.
- (d) Members elected to a Chair or Director position are not eligible for sabbatical during the first year of their term.
- (e) Members have an obligation to return to the service of the Employer for a period of not less than one year following any sabbatical, it being understood that this condition will not apply to a Member whose return from sabbatical coincides with the beginning of retirement. In the event the Member does not return to the University for the required period, the Member will reimburse the University at the rate of one-twelfth of the Member's nominal salary for each month of the one-year period not served.

29.4 Criteria and Procedures for Application

Sabbatical applications for the upcoming academic year will be submitted by the Member to the Dean no later than November 1 each year, both for a twelve-month sabbatical commencing the following July 1 and for a six-month sabbatical commencing either the following July 1 or the next following January 1. Such applications will include:

- (a) the proposed starting date, the proposed length of the sabbatical and the expected sabbatical allowance level;
- (b) a clear indication of which years of full-time credited service are being used to establish the eligibility and the sabbatical allowance level;
- (c) the Member's up-to-date curriculum vitae;
- (d) a Sabbatical Plan, comprising a clear statement of the scholarly or creative purposes and activities of the requested sabbatical and a description of the anticipated outcomes and benefits to the sabbaticant's research range and productivity, as well as a knowledge mobilization plan for the outcomes of the sabbatical;
- (e) a copy of the sabbatical report per Article 29.7 for the most recent sabbatical in cases where this is not the Member's first sabbatical at the University;
- (f) if the applicant's most recent sabbatical was from a university other than Nipissing, a copy of the Sabbatical Report, if one is available; and
- (g) any other documentation or information which the Member wishes to provide.

29.5 Decisions on Sabbatical Applications

- (a) The Dean, in consultation with the Provost, will assess the sabbatical application according to the objectives in Article 29.1. The Dean will inform the Member in writing as soon as possible but no later than February 1 whether the application has been approved or denied and, if approved, whether the requested sabbatical has been granted or deferred.
- (b) A sabbatical application that includes a sabbatical plan consistent with Article 29.4(d) will not be unreasonably denied; when an application is denied, the written notification from the Dean will include reasons for the decision.
- (c) Once a sabbatical application has been approved, deferral of the sabbatical by the Employer will be for good administrative reason, which will be provided in a written notification from the Dean before March 15. Deferral may be for a period of not less than six months and not more than one year. Deferrals may be repeated, but the total duration of such deferrals will not exceed two years.

- (d) If the Employer has requested a deferral, at the option of the Member, service during a deferral period will either be credited toward eligibility for the Member's next sabbatical or used to increase the sabbatical allowance as follows:
 - i) a 5% increase for the first deferral;
 - ii) an additional 10% increase for the second deferral to a maximum of 100% of salary.
 - iii) Members taking a six-month sabbatical, based on six or more years of service at 100% of nominal salary per Article 29.6 (b)(iii), will be credited one year of service toward the next sabbatical for each deferral.

29.6 Salary and Benefits During Sabbaticals

While on sabbatical, Members continue to be paid employees of the University and are expected to devote their energies primarily to research or other scholarly activities. Members on sabbatical will be entitled to receive a sabbatical allowance from the Employer during the term of the sabbatical. The amount is determined as follows:

(a) First Sabbaticals

- i) 85% of nominal salary for a twelve-month sabbatical based on six or more years of service with the option to spread the impact equally over twenty-four (24) months (i.e. 92.5% of nominal salary in each of two years); and
- ii) 85% of nominal salary for a six-month sabbatical, based on six or more years of service.

(b) Subsequent Sabbaticals

- i) 85% of nominal salary for a twelve-month sabbatical, based on six or more years of service;
- ii) 85% of nominal salary for a six-month sabbatical, based on three or more years of service;
- iii) 100% of nominal salary for a six-month sabbatical, based on six or more years of service with no service credited toward the Member's next sabbatical; and
- iv) 85% of nominal salary for a six-month sabbatical, based on six or more years of service with three years of service credited toward the Member's next sabbatical.

- (c) Notwithstanding Articles 29.6(a) and (b), Members on sabbatical may also receive outside assistance in the form of grants or scholarships, and may engage in paid or unpaid outside professional/academic activities, provided that these are in accordance with Article 18.5.

- (d) Members on sabbatical may request that a portion of their sabbatical allowance be designated as a research grant, in accordance with the relevant provisions of the Income Tax Act. Such a request, along with relevant information, will be submitted to the Provost who will determine the portion of the allowance which will be so designated. A request that a specific portion of a Member's sabbatical allowance be designated as a research grant will not be unreasonably denied. The Member is solely responsible for the administration of this grant and will take all action required by any government body in respect of the research grant.
- (e) While on sabbatical, Members will continue coverage under the Employer benefit plans. The Member has the option of making pension contributions on the basis of the Member's actual salary or nominal salary, subject to Canada Revenue Agency (CRA) limits, and may also top up the Employer contributions on the same basis.
- (f) Where possible, Members on sabbatical may retain the use of their offices, it being understood that the first priority for faculty office space will be for Members not on sabbatical.
- (g) Where possible, after satisfying normal university demands, Members on sabbatical will be entitled to University secretarial and other support services.

29.7 Sabbatical Report

- (a) Within ninety (90) days of return from sabbatical, a Member will submit a report on the sabbatical to the Member's Dean(s). The report will describe the activities undertaken during the sabbatical and will indicate to what extent the research goals were achieved or modified over the course of the sabbatical. This report will be added to the Member's Official File by the Dean(s) and will be used as part of the assessment of any future sabbatical applications.
- (b) The Dean will provide a written response to the Member's sabbatical report within thirty (30) days of receipt of the report. The Dean's response will be added to the Member's official file by the Dean and will be used as part of the assessment of any future sabbatical applications.
- (c) The Member will have the opportunity to submit a written response to the Dean's response within thirty (30) days of receipt of the Dean's response. The Member's response will be added to the Member's official file by the Dean and will be used as part of the assessment of any future sabbatical applications.
- (d) The Dean of Graduate Studies and Research will organize an event in which the sabbaticant will present their research, scholarly and/or creative work.
- (e) Further sabbaticals are predicated on the submission of a written sabbatical report.

36.13 General Leave

A leave of absence, with or without pay, may be granted by the Employer to a Member for any reason or purpose not expressly provided for in this Agreement.

36.14 Availability and Authorized Absence

- (a) Members not on leave are required to be present on campus when their presence is required for assigned teaching duties or scheduled consultation with or guidance of students, including a reasonable number of regularly scheduled office hours, and in the case of faculty Members, to assume a fair share of academic service activities, and when the Dean gives them reasonable notice that, for good and valid reason, their presence on campus is required. Members not on leave who have assigned teaching duties require the authorization of the Dean prior to any absence.

- (b) Members are not required to be present on campus to fulfill their workload obligations whenever another location is more appropriate for that purpose and absence from campus does not conflict with obligations under Article 36.14(a). However, each Member who is not on leave will ensure that the Dean is aware of how and where the Member can be contacted without undue delay in case, for good and valid reason, the Member's presence on campus is required, in which event the Member will return to campus, also without undue delay.
- (c) Notwithstanding the foregoing, a Member may request and the Dean may grant an authorized absence of up to sixty (60) calendar days during which a Member is not subject to being recalled to the campus, provided that during the period of authorized absence the Member has no scheduled teaching or academic service activities. The Dean will decide within fifteen (15) working days of the request, and the Dean will not unreasonably deny a request for authorized absence. While an authorized absence can be renewed, a continuous period of authorized absence should not normally exceed one hundred and twenty (120) calendar days.
- (d) A period of authorized absence is not a leave, and the Member is presumed to be at work by carrying out research, engaging in scholarly, creative, or professional activities, participating in conferences or the like, performing services for the academic community, or preparing for scheduled duties.

ARTICLE 37: RESIGNATION AND RETIREMENT

37.1 Resignation

Members will give written notice of their intention to resign as early as possible, and usually at least two (2) months in advance of the planned date of resignation. Letters of resignation, stating the intended date of resignation, will be addressed to the Provost, with copies sent to the relevant Dean and the Chair or Director of the academic unit. Resignations will normally take effect on June 30 or December 31, unless otherwise agreed to in writing by the Member and the Provost.

37.2 Retirement

Members retiring will give written notice to the appropriate Dean of their intention to retire normally not later than six (6) months in advance of their proposed retirement date, which will be June 30 or December 31.

ARTICLE 38: INTELLECTUAL PROPERTY

38.1 Ownership of Intellectual Property

- (a) Members own all the intellectual property they develop. Except as otherwise specifically provided, Nipissing University waives, disclaims and abandons any interest or claim to any intellectual property developed by Members.
- (b) Nipissing University may retain ownership of intellectual property resulting from Member work initiatives that are specifically commissioned by the Employer and fall outside the Member's research/scholarly/creative activities, service, and assigned teaching workload as defined by this Agreement. In such cases, ownership is determined by the terms of a contract between the University and the Member.

38.2 Protection of Intellectual Property

- (a) Members will decide whether or not to seek formal registration in any country of any intellectual property they develop. Members are not obligated to seek formal registration of their intellectual property. The University will respect the decision of Members not to formally register their intellectual property and hence place it in the public domain.
- (b) A Member at the Member's sole discretion and the Member's own expense may apply for formal registration of any intellectual property. If so, a Member will give notification in writing to the Provost of any application made by the Member at least one (1) month prior to the date of making such application.
- (c) A Member at the Member's sole discretion may propose a written agreement with the University under which the University will assume carriage of the costs (in Canada and elsewhere) of an application for formal registration of any intellectual property and of the costs (in Canada and elsewhere) of the commercial exploitation of any intellectual property, in return for a sharing of net income. In any such agreement, the Member will maintain ownership rights to the intellectual property, unless the Member chooses to transfer the ownership rights to the University. The University is not obligated to enter into any such agreement with a Member.

38.3 Income Generated from Intellectual Property

- (a) All net income resulting from intellectual property (except copyright) developed in the course of a Member's employment, which has not been funded by an external sponsor, will be divided as follows:
 - i) When a Member at the Member's sole discretion and the Member's own expense has registered the intellectual property (for example, as a patent or a trademark) and has assumed the costs of the commercial exploitation of the intellectual property, the University will receive ten (10) percent of net income each year and the Member will receive ninety (90) percent of net income each year; or

- ii) When the University at its own expense has registered the intellectual property (for example, as a patent or a trademark) and has assumed the costs of the commercial exploitation of the intellectual property, the University will receive fifty (50) percent of net income each year and the Member will receive fifty (50) percent of net income each year.
- (b) For the purposes of dividing income under Article 38.3(a), income will be net income (gross income less all expenses). For the purposes of calculating net income, expenses include all direct costs incurred by the University or the Member and paid or owed to an arms-length third party for obtaining and maintaining statutory protection for the intellectual property, developing a prototype for the intellectual property, and exploiting the intellectual property for commercial gain. Expenses will not include any costs for time spent by the Member or by University employees in activities involving the commercial exploitation of intellectual property.
- (c) Any net income received by the University as a consequence of the exploitation of intellectual property under Article 38.3(a) will be distributed as follows:
 - i) sixty (60) percent will support general research and scholarly activities at the University and will be managed and allocated through the Nipissing University Research Council (NURC) granting process; and
 - ii) forty (40) percent will go into general revenue.
- (d) All net income resulting from copyright accrues to the Member, except in cases where the University has specifically commissioned the Member to produce a work that falls outside the Member's research/scholarly/creative activities, service, and assigned teaching workload as defined by this Agreement. In such cases, the division of net income is determined by the terms of the contract between the University and the Member.
- (e) The University will receive no income from a Member's intellectual property that is developed outside the course of the Member's employment and which does not arise from University supported activities. University supported activities do not include the payment of salary to the Member and the provision of a normal academic environment in which to work. University supported activities do include the use of University funds, designated research facilities, and more than nominal assistance from support/technical personnel.

38.4 Contracts with External Sponsors

- (a) Members will conduct research with an external sponsor under the terms of a contract between the external sponsor and the University. External sponsors include, but are not limited to, universities, government bodies, non-governmental organizations, individuals, and corporations (or consortia of the aforementioned) that are not directly affiliated with Nipissing University.

- (b) The University may, at a Member's request, or with a Member's permission, enter into a contract with an external sponsor on the Member's behalf which may involve the creation of intellectual property and/or an application to register intellectual property. The terms of the contract will be subject to the approval of the Member, the University and the external body. Within twenty (20) working days of its signing, a copy of any such contract will be given by the University to the Association.
- (c) The contract will specify the extent to which the Member, the University, the external sponsor, and any other participants share in the ownership of any intellectual property created under the contract, and will specify which party or parties will have the right to protect the intellectual property and exploit it for commercial gain. The contract will not alter the Member's intellectual property rights as stated in this Agreement without the written consent of the Member.
- (d) The contract will specify how any net income generated from intellectual property will be divided between the Member, the University and the external sponsors.
- (e) The contract will specify any period of time that must elapse before any of the participants in the contract can publish or otherwise disclose any intellectual property created under the contract. Such period of time will not exceed six (6) months from the conclusion of a research project to allow for the statutory protection of intellectual property.
- (f) The contract will contain a provision that gives Members a right to publicly disclose information about risks to research participants, risks to the general public, or threats to the public interest that become known in the course of conducting their research.
- (g) In exercising any right under Article 38.4, Members will be responsible for ensuring compliance with any applicable law addressing the collection and dissemination of personal information.

38.5 University's Name, Trademarks, Service Marks and Logos

The name "Nipissing University" or abbreviations thereof and the logos of Nipissing University or its component parts are trademarks and service marks of the University and are owned by the University. The use of the University's name, trademarks, service marks and logos may not be used in commercial advertising or product promotions without the prior written approval of the Provost or designate.

38.6 License for the University's Internal Use

A Member who creates intellectual property in the course of his or her normal duties and responsibilities as defined by this Agreement will grant the University, solely for the University's internal use, a non-exclusive, perpetual, royalty-free, and non-transferable license to use the work for non-commercial educational and research purposes. This license will not apply to copyrightable material created by a Member and intended for use only by the students registered in the Member's course.

38.7 Reporting Information to the Association

By October 31 each year, the University will provide the Association with a complete summary accounting of the income and expenses over the last fiscal year, if any, related to the exploitation of intellectual property (per Article 38.3). The Association will have access to information under the University's control required to verify compliance with this Article.

38.8 Member or Former Member Death and Transfer of Rights

When a Member or former Member dies, the Member's estate will retain all the Member's rights, responsibilities, and obligations under this Article, unless the estate chooses to transfer the rights, responsibilities, and obligations in writing to the University or to another party.

38.9 Dispute Resolution

Any dispute between Members and the University which arises solely from the application of the provisions of this Article will be referred to the Joint Committee on the Administration of the Agreement (JCAA). Discussions at the JCAA may continue for a maximum of thirty (30) days after the referral of the dispute. If the dispute is not resolved by the JCAA, the University or the Association may submit the dispute to arbitration. If the dispute proceeds to arbitration (Article 40.7[c]), the arbitrator will be appointed in accordance with Article 40.8, with the addition that the arbitrator should be qualified by education and training to rule on the particular matter under dispute, and the arbitrator will agree that the decision will be delivered in writing within sixty (60) days of the completion of the hearing, unless the parties agree otherwise.

ARTICLE 39: GRANTS AND CONTRACTS FOR RESEARCH AND CREATIVE ACTIVITY

- 39.1 (a)** Any Member may apply for a grant, or propose a contract, which will provide the Member with funds for research, development, critical, artistic or literary activities. Such grants and contracts may, but need not, be administered by the Employer.
- (b)** If the Employer is required to administer the grant or contract, the Member must give written notice to the Office of Research Services and Graduate Studies prior to submitting the application and receive written approval from this office that the Member is eligible to apply for the grant or contract and that the Employer agrees to administer the grant or contract.
- (c)** Ordinary consulting contracts are not regulated by this Article.
- 39.2** Where a contract calls for the performance of work on Employer premises, the contract will be between Nipissing University and the funding agent.

39.3 For purposes of this Article, the grantee is:

- (a) in the case of a grant, the Member to whom the grant is awarded; and
- (b) in the case of a contract, the Member responsible for the supervision and management of the work which is to be done pursuant to the contract.

39.4 Grants and Contracts Not Administered by the Employer

- (a) In the case of a grant not administered by the Employer, the provisions of Article 18.5 will apply.
- (b) A Member who is the grantee of a grant or contract not administered by the Employer which is of the type described in Article 39.1(a) will promptly report to the Employer the source, amount, budget summary and purpose of any grant or contract not administered by the Employer. The Employer may seek to attract or distribute outside matching funds or related formula financing, if available.
- (c) Notwithstanding Article 39.4(b), where the grantee is not the principal investigator, and where the grantee is not privy to the entire budget, the grantee will only report those budget elements under the grantee's control.
- (d) In all cases, the Member agrees to carry out the Member's research in a manner that complies with University research policies and procedures and Article 17.3(b).

39.5 Grants and Contracts Administered by the Employer

- (a) Overhead payments to the Employer, from grant or contract funds, will not be in excess of amounts determined by the terms of the grant or contract. Allocation of such funds will be at the discretion of the Employer.
- (b) The grantee is responsible for the general and financial management of the grant or contract, including over-expenditures for which the grantee is responsible, and will manage the grant or contract in compliance with relevant regulations of the funding agent and applicable regulations of the Employer. Periodic accounting reports will be reviewed by the grantee, who will promptly bring any irregularity to the attention of the Vice-President, Finance and Administration.
- (c) The Employer will deliver to the grantee responsible for any contract, as well as to any person explicitly designated by name in the contract and whose services are called for by the contract, a full and complete copy of the contract and all relevant statements of account.

ARTICLE 40: GRIEVANCES AND ARBITRATION

- 40.1** (a) The parties agree that they will use their best efforts to encourage informal, amicable and prompt settlement of grievances. Grievances are claims arising from the interpretation, application, administration or alleged violation(s) of this Agreement.
- (b) The parties also recognize that one of the corner-stones of collective bargaining is a viable grievance procedure allowing for a prompt and fair hearing of matters arising from the interpretation, application, administration or alleged violation(s) of the Agreement. Except as otherwise provided in this Agreement, the procedures outlined below will be the sole method for the resolution of grievances. There will be no discrimination, harassment or coercion of any kind by either party or their agents against any person who elects to avail or not to avail themselves of these procedures.
- 40.2** (a) The Association will have carriage of all Member and Association grievances. The Employer will deal only with the Association with respect to a Member or an Association grievance submitted by the Association. The Employer and the Association will have the right to have representatives present at all steps of the grievance procedure.
- (b) The parties will be bound by and will promptly implement all decisions arrived at under the procedures described in this Article.
- 40.3** All communications that are required by this Article to be in writing will be circulated or delivered by e-mail and a corresponding hard copy sent by internal mail with acknowledgement of receipt or, when appropriate, by Canada Post Office registered mail with acknowledgment of receipt.
- 40.4** If a grievance is initiated, it must begin within twenty (20) working days of the occurrence of the issue that precipitated the grievance or the date when grounds for a grievance were first known or reasonably could have been known by the grievor.
- 40.5 Types of Grievances**
- (a) Member Grievance: A Member grievance is a claim initiated by the Association on behalf of an individual Member based on a dispute or difference arising out of the interpretation, application, administration or alleged violation(s) of the provisions of the Collective Agreement that solely affects the Member.
- (b) Association Grievance: An Association grievance is a claim initiated by the Association on behalf of more than one Member, a claim involving Bargaining Unit or association rights, or a dispute or difference between the Employer and the Association, arising out of the interpretation, application, administration, or alleged violation(s) of the provisions of the Collective Agreement.

- (c) Employer Grievance: An Employer grievance is a claim initiated by the Employer, based on a dispute or difference arising out of the interpretation, application, administration or alleged violation(s) of the provisions of the Collective Agreement.

40.6 Informal Stage for Member Grievances

- (a) After consultation with a Member, an Association representative, on behalf of the Member, will meet with the appropriate Dean to discuss any matter relating to an alleged grievance. This meeting is to be informal and directed at improving communication and solving problems. The Dean will notify the Provost of the outcome of the meeting.
- (b) In the event that the Association and the Dean cannot resolve the alleged grievance, the Dean will, within ten (10) working days of the informal meeting, forward in writing to the relevant Association Grievance Officer the reason(s) why the alleged grievance cannot be resolved.
- (c) If the alleged grievance is resolved, the resolution will be put in writing by the Dean within ten (10) working days of the meeting at which the grievance was resolved and the signature of the relevant Association Grievance Officer will confirm acceptance of the resolution. A copy will be sent to the Member, the President of the Association, and the Provost.
- (d) Any settlement at the Informal Stage will not prejudice the position of the Association or the Employer in dealing with other grievances of a similar nature.

40.7 Formal Stages

(a) Step 1: Provost

- i) If a grievance is not resolved at the Informal Stage, the Association may, within twenty (20) working days of receiving the reasons for the non-resolution, file a written grievance. The grievance will be signed by the Member.
- ii) The written grievance will be addressed to the Provost. The grievance will set forth the following:
 - a. the type of grievance;
 - b. the issue(s) that precipitated the grievance;
 - c. the remedy sought;
 - d. if applicable, the result of the Informal Stage; and
 - e. the article(s) of this Agreement claimed to have been misinterpreted, improperly applied, improperly administered, or violated.

- iii) The Association Grievance Officer and the Provost will meet at least once to discuss the grievance. In the event that a settlement is not reached within ten (10) working days from the date of receipt of the grievance, the Provost will forward in writing to the relevant Association Grievance Officer the reason(s) for denying the grievance.
- iv) If the grievance is resolved, the resolution will be put in writing by the Provost within ten (10) working days from the date of receipt of the grievance, and the signature of the relevant Association Grievance Officer will confirm acceptance of the resolution. A copy will be sent to the President of the Association and, if applicable, the individual Member.
- v) If the grievance is denied at Step 1, the Association may proceed to either Step 2 or Step 3.

(b) Step 2: Mediation

- i) If a grievance is denied at Step 1, within ten (10) working days of receiving the written reason(s), either (a) the Association may submit to the Provost notification of intent to proceed to Step 2, or (b) the Employer may make a request to the President of the Association that the parties proceed to Step 2. The Association has ten (10) working days to respond to the Employer request for mediation.
- ii) If the parties proceed to Step 2, they will agree to appoint a qualified mediator jointly selected by the Association and the Employer. The Association and the Employer will select a mediator within fifteen (15) working days following the Association's notification in Article 40.7(b)(i) or the Association's agreement to the Employer's request for mediation. Mediation will normally commence within fifteen (15) working days of the appointment of a qualified mediator.
- iii) Proceedings before the mediator will be informal. While the mediator will consider the positions of both parties, the formal rules of evidence will not apply, no record of the proceedings will be made, and legal counsel will not be in attendance for either party. The Mediation Conference will terminate within one (1) day unless the parties agree otherwise.
- iv) In advance of the Mediation Conference, the mediator will be provided with the written grievance and any written response(s) and counter-response(s).
- v) The mediator will have the authority to meet separately with any person or persons.

- vi) The parties to the grievance and the mediator will sign any resulting memorandum of settlement. No settlement of any grievance following mediation will serve as a precedent for any future grievance. The terms of any settlement agreed to will not be referred to by the parties in any subsequent grievance or in any other setting unless mutually agreed to by the parties. This notwithstanding, the Employer recognizes the Association's obligation to report to its Executive and its Grievance Committee, and the Association recognizes the Employer's obligation to report to the Human Resources Committee of the Board of Governors and the Board of Governors.
- vii) The mediator will not have the authority to compel the resolution of a grievance.
- viii) If no settlement is reached within five (5) days of the Mediation Conference, either party may submit the matter to Step 3.
- ix) Nothing said or done by the mediator may be referred to at arbitration. Any documentation relied upon or any statement made by one party for the first time at the Mediation Conference must not be used by the other party at arbitration.
- x) The mediation process is without prejudice to and without precedent for either party.

(c) Step 3: Arbitration

- i) If the efforts of the parties to resolve the grievance at Step 1 or, if applicable, Step 2 are unsuccessful, the grieving party may submit the matter to binding arbitration within twenty (20) working days of receiving the written decision in Step 1, or a letter from the Mediator to both parties in Step 2, indicating that mediation has failed to reach a settlement. Where applicable, the Association will notify the Provost in writing of such action, while the Employer will notify the President of the Association in writing of such action.

40.8 Appointment of an Arbitrator

The parties hereby authorize and appoint the persons listed in Appendix B to serve as a panel of arbitrators on a rotating basis for the duration of this Collective Agreement. In the event of a grievance proceeding to Step 3, the arbitrators will be requested to serve singly according to the order in which they are listed in Appendix B. If an arbitrator is not available within a reasonable period of time, but in any case not to exceed three (3) months, the next arbitrator in order will be selected and so on until one of the arbitrators is available. For the next arbitration thereafter, the arbitrator who was listed after the arbitrator last selected will be next in line. By mutual consent, however, any listed arbitrator may be selected out of turn. If none of the arbitrators are available within a reasonable time, but in any case not to exceed three (3) months, an arbitrator outside the panel will be selected by mutual agreement.

If such agreement cannot be reached within twenty (20) working days, the parties agree to request the Minister of Labour for authority to appoint an arbitrator in accordance with the provisions of Section 48 (4) of the Ontario Labour Relations Act. It is agreed, however, that by mutual consent, any of the names may be stricken from the list during periods when no arbitrations are pending by either party on one (1) month's written notice, provided that the parties agree to replace those names stricken from the list within one (1) month following such notice. No person may be appointed as an arbitrator who has been involved as a mediator for the grievance in process.

40.9 Limits on Arbitration

The arbitrator will not have jurisdiction to amend or add to any of the provisions of this Collective Agreement nor substitute any new provisions in lieu thereof, nor to give any decision inconsistent with the terms of this Collective Agreement, provided, however, that the arbitrator will not be barred on the basis of a minor technical irregularity from hearing a grievance and rendering an award.

40.10 Association Grievances

Association Grievances will follow the procedures beginning with Article 40.7 (a)(ii).

40.11 Employer Grievances

- (a) Step 1 of an Employer Grievance will be in writing and will set forth the information listed in Article 40.7(a)(ii), except 40.7(a)(ii)(d). The grievance will be addressed to the President of the Association. Within ten (10) working days following receipt of the grievance, a representative of the Association will meet with the Provost and will make every reasonable attempt to resolve the grievance.
- (b) In the event that a settlement is not reached within twenty (20) working days of the date of the first meeting hereunder, the President of the Association will, within ten (10) working days thereafter, forward in writing to the Provost reasons for denying the grievance.
- (c) If the grievance is resolved, the resolution will be put in writing by the President of the Association within ten (10) working days of the meeting at which the grievance was resolved. The resolution will be signed by the President of the Association and the Provost. A copy will be sent to the Provost.
- (d) If a grievance is denied at Step 1, within ten (10) working days of receiving the written reason(s) the Employer may submit to the Association notification of intent to proceed to Step 2. The Association has ten (10) working days to respond to the Employer's intent to proceed to Step 2. If the Association declines the intent to mediate, the University may proceed to Step 3. If the Association agrees to mediation, the parties will follow the procedure beginning with Article 40.7(b)(ii).

40.12 Failure to Respond

- (a) In the event that the respondent fails to reply to a grievance within the prescribed time limits in this Article, the grieving party may submit the grievance to the next step.
- (b) In the event that the grieving party fails to submit the grievance to the next step in the grievance procedure within the time limits expressed in this Article, the grievance will be considered settled without setting a precedent.

40.13 Abandonment

The Association may, by written notice to the Provost, abandon a grievance at any time during the grievance process. The University may, by written notice to the President of the Association, abandon a grievance at any time during the grievance process. The abandonment of a grievance will not prejudice the position of the grieving party in dealing with grievances of a similar nature.

40.14 Expenses

The parties will jointly share the fees and expenses of the mediator and arbitrator.

40.15 Time Limits

The time limits fixed in both the grievance and arbitration procedures may be extended by the consent in writing of both parties, such consent to be signed by the Provost on behalf of the University and by the President of the Association on behalf of the Association.

ARTICLE 41: INVESTIGATIONS AND DISCIPLINE

41.1 Discipline will only be imposed on a Member for just and sufficient cause. Such discipline will be fair, reasonable, commensurate with the circumstances, and based on the principle of progressive discipline.

41.2 The parties will make reasonable efforts to encourage resolution. At the first instance of the creation of a written record of the matter, an investigation commences.

41.3 Types of Disciplinary Measures

- (a) Disciplinary measures will be signed by the appropriate Dean, Executive Director of Library Services or the Provost and are limited to the following, listed in increasing order of severity: warning, reprimand, suspension with pay, suspension without pay, and dismissal for cause.

- (b) A warning or reprimand must be addressed directly to the Member and be clearly identified as a disciplinary measure. A warning or reprimand does not impact on a Member's position, rank, salary or benefits. A copy of the notice of the disciplinary measure must be sent to the President of the Association.
- (c) Suspension with or without pay is the act of relieving a Member of some or all University duties for cause without the Member's consent. Suspension with or without pay must be addressed directly to the Member and be clearly identified as a disciplinary measure. A copy of the notice of the disciplinary measure will simultaneously be sent to the President of the Association. On reinstatement following a suspension with or without pay, the Member will be returned to the position and rank held prior to the disciplinary measure. Suspension with pay does not impact on a Member's salary or benefits.
- (d) Dismissal for cause means the termination of a Member's appointment by the Employer without the Member's consent, as follows: for tenured Members, before retirement; for all other Members, before the end of their contract of appointment. Dismissal for cause must be addressed directly to the Member. A copy of the notice of the disciplinary measure will simultaneously be sent to the President of the Association. Grounds for dismissal with cause of a Member will be gross misconduct, which may be found to arise from a single incident but which also may include repeated serious misconduct.

41.4 Investigations

- (a) Any alleged behaviour giving the Provost or the Member's Dean concern that a situation exists which may lead to disciplinary measures against a Member will be properly investigated by the Provost or by the Member's Dean, it being understood that a properly conducted investigation will not constitute a disciplinary action and as such is not grievable.
- (b) In conducting any investigation of alleged behaviour, the Provost or the Member's Dean will:
 - i) communicate to the Member in writing, and simultaneously inform the President of the Association in writing, within ten (10) working days of the receipt of the concern(s), with confidentiality safeguards where appropriate, and provide the Member with an opportunity to respond to the concern(s), by meeting or by submission of materials, or both; the written communication will inform the Member that the President of the Association has been informed of the investigation and will inform the Member of the Member's right to seek advice from the Association;
 - ii) respect all provisions of this Agreement and, where there are no relevant provisions, act in a manner appropriate to the alleged behaviour;

- iii) notify the Member, and simultaneously the President of the Association, in writing, as promptly as is practicable if an investigation is to be conducted, including the reasons for and the nature of the investigation being undertaken; and
 - iv) inform the Member, and simultaneously the President of the Association, in writing of any results of that investigation within ten (10) working days of such results being known.
- (c) After being informed of the results of an investigation, a Member will in all cases have the right to meet with the Provost or the Member's Dean, to provide explanations and to make submissions before any disciplinary measure is imposed.

41.5 Communication of Disciplinary Measures

Any Member who is disciplined under the provisions of this Article will:

- (a) be sent a written notice of the disciplinary measure, to be delivered electronically, by hand, or to the Member's last known address by registered mail. The written notice will include the following information: the specific nature of the offense, the reasons for taking the action, the measures that must be taken for corrective action if appropriate, the consequences if not adhered to if appropriate, a summary of the evidence supporting the allegation, and, where relevant, the identity of any witnesses upon whose testimony the Employer is relying, unless identification could put the witness at risk. If required, the written notice will also include the dates of commencement of a suspension and, where possible, termination of the suspension. The letter will inform the Member of the Member's right to seek advice from the Association. A copy of the letter will be sent to the President of the Association with the permission of the Member, except where such permission is not required as indicated in this Article;
- (b) reserve the right to respond to the notice of discipline, either in writing or by an arranged meeting with the Employer, within ten (10) working days of the receipt of the written notice;
- (c) reserve the right, in dealing with the Employer, to be accompanied by an Association representative or to be represented by a person, including legal counsel, appointed for that purpose by the Member or the Association. However, if legal counsel is to attend, the Association will inform the Employer ten (10) working days in advance of the meeting;
- (d) waive the right to respond to the disciplinary measure should the Member fail to respond within ten (10) working days of receipt of the written notice, either personally or through an Association representative. In such case, the Employer reserves the right to proceed with its disciplinary measure.

41.6 Emergency Powers to Discipline

- (a)** The President of the University may exercise emergency powers to relieve a Member of some or all of the Member's duties and remove some or all of the Member's privileges, by written notice, only when:
 - i)** an investigation which may lead to the imposition of discipline on the Member is underway; and
 - ii)** the President has reasonable grounds for concern that a failure to use such emergency powers could result in significant harm to a student, an employee or any person associated with the institution, or to the property of the institution.
- (b)** The exercise of these emergency powers is deemed not to be a suspension for the purposes of this Article.

41.7 Grieving Disciplinary Measures

- (a)** All disciplinary measures are grievable. In all cases, the burden of proof is upon the Employer.
- (b)** Article 40.14 notwithstanding, in the event that a disciplinary measure is successfully grieved, the fees and expenses of the arbitrator will be borne by the Employer.
- (c)** If a suspension from duties without pay results in a grievance that reaches arbitration, and if the arbitrator finds that insufficient or no cause for suspension without pay exists, the arbitrator will award the Member all back pay and benefits.
- (d)** If a formal grievance is not presented for dismissal with cause by the Association within ten (10) working days, the Member's employment terminates effective the date of dismissal. If a dismissal results in a grievance that reaches arbitration, and if the arbitrator finds that insufficient or no cause for dismissal exists, the arbitrator will award, at a minimum, all back pay and benefits.
- (e)** If a Member is dismissed or suspended without pay and benefits and is grieving the disciplinary action, the Member will have the right to maintain a portion of the benefits at the Member's expense. The Member reserves the right to reclaim any amounts so disbursed if the grievance is upheld.

41.8 Restrictions on Disciplinary Measures

- (a)** A Member may not be subjected to a disciplinary measure for violation of a rule, regulation, or instruction unless that rule, regulation, or instruction is reasonable, does not contravene the provisions of this Collective Agreement, and has been promulgated and communicated by the appropriate authority.

- (b) If there is an alleged deficiency in the performance of workload duties, the Member must be accorded a reasonable opportunity to correct the deficiency before any disciplinary measure is imposed.
- (c) If the alleged behaviour or action is of a type for which a separate institutional policy exists, the procedures of such a policy should be followed to the extent that they are not in conflict with this Collective Agreement, but in the event that such a policy is inconsistent with this Collective Agreement, and either the complainant or respondent is a Member, this Collective Agreement will have primacy.
- (d) In the implementation of disciplinary measures:
 - i) only the Member's Dean, the Provost, the President, or the Board may issue to the Member a warning or reprimand;
 - ii) only the President or the Board may suspend a Member, with or without pay;
 - iii) only the Board may dismiss a Member.

41.9 In the case of a warning, reprimand, or suspension with or without pay, all communications related to the disciplinary measure will be placed in the Member's Official File. Any communications relating to disciplinary measures will be removed from a Member's Official File after a period of forty-eight (48) months from the date of the infraction provided that no subsequent infractions have occurred within that period. However, all records of any investigation undertaken in accordance with Article 41.4 will be destroyed within one week of the parties agreeing that the complaint has not been substantiated.

41.10 In the event that disciplinary measures put a Member's research at risk of irreparable damage (such as the loss of live or decomposable materials, or missing the occurrence of an infrequent event), the Employer will facilitate access to specific research facilities by the Member or a mutually acceptable designate in order to minimize any such risk.

41.11 Lay-off, as provided for in Article 45 (Program Redundancy), is not dismissal for the purposes of this Article.

ARTICLE 42: CHAIRS, DIRECTORS AND GRADUATE PROGRAM COORDINATORS

42.1 Chairs and Directors

A Chair or a Director will be elected in every academic unit.

42.2 Election of Chairs, Directors and Graduate Program Coordinators

Chairs, Directors, and Graduate Program Coordinators will be elected by Members of their academic unit according to the following process:

- (a)** By February 28 in the final year of a Chair's, Director's, or Graduate Program Coordinator's term, the Dean will issue a call for nominations. Any Member of the academic unit may nominate one or more tenured or tenure-track Members of the academic unit. A Member cannot self-nominate. The deadline for nominations is March 31. If more than one candidate is nominated for the position, an election will be held and the votes will be counted per this Article.
- (b)** By April 7, when an election is required, the Dean will call a meeting of the academic unit to be held normally between April 15 and May 15. The Dean will not attend this meeting. A volunteer from the academic unit who is not seeking election will chair the meeting and ensure that all rules and procedures are followed.
- (c)** Those eligible to vote in elections for Chairs, Directors and Graduate Program Coordinators are all FASBU Members in the academic unit and a maximum of two CASBU representatives, if that academic unit employs CASBU Members. The CASBU representatives will be chosen per the CASBU Collective Agreement Article 18.4; however, no CASBU Member can be obliged to participate in the voting process.
- (d)** Voting by secret ballot will begin at the meeting called by the Dean and continue over a period of three (3) working days. The Dean's Office will distribute, collect and count the ballots during the election with the volunteer chair of the meeting per Article 42.2 (b) and the Dean confirming the count. Members may vote in person or by e-mail to the Dean's Office. The candidate who receives most votes cast in the election will be proclaimed Chair, Director or Graduate Program Coordinator as appropriate, in a confirmation e-mail from the Dean to the Members of the academic unit. In cases where the vote results in a tie, there will be (a) subsequent election(s) until one Member is elected. The vote count will remain confidential. The Chair's, Director's or Graduate Program Coordinator's term will commence July 1.

- (e) In the event that no tenured or tenure track candidate is willing to stand for election, the Dean may appoint from the Membership an interim Chair, Director or Graduate Program Coordinator by April 30 for a term of one (1) year (July 1 to June 30). During the interim appointment of a Chair, Director or Graduate Program Coordinator, the Dean may either initiate an external search process for a tenured or tenure-track appointment per Article 19 for the Chair, Director or Graduate Program Coordinator, or re-initiate the nomination process for an elected Chair, Director or Graduate Program Coordinator per Article 42.2.
- (f) Both the Association and the Employer recognize that the duties of a Director can differ from the duties of a Chair. As a result, the Provost, in consultation with the Dean, can reject the result of the election. The Dean may appoint an Interim Director.

42.3 Removal of Chairs, Directors or Graduate Program Coordinators

The parties agree that Chairs, Directors or Graduate Program Coordinators elected pursuant to and in accordance with Article 42.2 should be removed only in extraordinary circumstances. The process for the removal of a Chair, Director, or Graduate Program Coordinator is as follows:

- (a) At least two eligible voting Members of the academic unit must express their concerns in a signed letter to the appropriate Dean; or the Dean must express concerns in a signed letter to the Provost.
- (b) Within five (5) working days of receipt of the letter(s), the Dean or Provost will provide the Chair, Director or Graduate Program Coordinator with a copy of the signed letter(s).
- (c) Within fifteen (15) working days, the Dean will convene a meeting of the relevant academic unit, after giving due notice about the nature of the meeting, to discuss the concerns with eligible voting Members. The Chair, Director or Graduate Program Coordinator will be invited to respond freely and without restriction.
- (d) Once the views of those who have participated in the process as described above have been heard, the Dean will conduct a vote regarding the continuation of the Chair, Director or Graduate Program Coordinator with the assistance of a volunteer from the academic unit who is not the Chair, Director or Graduate Program Coordinator. Voting by secret ballot will begin at the meeting called by the Dean and continue over a period of three (3) working days. An employee in the Dean's Office will distribute the ballots. Members may vote in person or by e-mail to the designated employee in the Dean's Office. The Dean and the volunteer from the academic unit will count the ballots and confirm the result in writing to the academic unit. The vote count will remain confidential.
- (e) As a result of this process, the Chair, Director or Graduate Program Coordinator will be removed only if a majority of votes cast are in favour of removal.

- (f) If the Chair, Director or Graduate Program Coordinator is removed by this process, the Dean of the academic unit will issue a call for nominations within two (2) weeks of the vote in Article 42.2(d). Procedures for this election will follow Articles 42.2(a) to 42.2(f), and will replicate their time frames, in order to elect or appoint an interim Chair, Director or Graduate Program Coordinator to complete the interrupted term.
- (g) Following removal, a Chair, Director or Graduate Program Coordinator will continue as a Member in the academic unit to which the Member was originally appointed.

42.4 Resignation of Chairs, Directors or Graduate Program Coordinators

- (a) A Chair, Director, or Graduate Program Coordinator may resign at any time.
- (b) Any Chair, Director or Graduate Program Coordinator who resigns the position must submit a letter of resignation to the appropriate Dean. Within two (2) working days of receipt of the letter, the Dean will inform the academic unit in writing of the Chair, Director or Graduate Program Coordinator's resignation.
- (c) The Dean will follow the process for nominations and electing a new Chair, Director or Graduate Program Coordinator per Article 42.3(f). If the circumstances that caused a Chair, Director or Graduate Program Coordinator to resign change following the submission of the letter of resignation, that Member may stand as a candidate in the election if nominated. There is no provision for automatic reinstatement of a Chair, Director or Graduate Program Coordinator who resigns.
- (d) Unless circumstances do not permit, a Chair, Director or Graduate Program Coordinator who resigns will provide at least two (2) weeks' notice of resignation and will assist in the transition to a new Chair, Director or Graduate Program Coordinator.

42.5 Length of Term for Chairs, Directors and Graduate Program Coordinators

- (a) The term for Chairs, Directors, and Graduate Program Coordinators is three (3) years. After completing the term, the Chair, Director or Graduate Program Coordinator will continue as a Member of the academic unit to which the Member was originally appointed.
- (b) Chair, Directors or Graduate Program Coordinators may be re-elected following the election process outlined in Article 42.2, beginning with the Dean issuing a call for nominations.

42.6 Duties of Chairs and Directors

The duties of a Chair and Director are to:

- (a)** Provide academic leadership in the following areas:
 - i)** updating, revising and developing programs;
 - ii)** mentoring Members in their teaching and research careers; and
 - iii)** fostering an environment of excellence in teaching and research in the academic unit.
- (b)** Work with and assist the Dean in the orderly, effective and efficient operation of the academic unit, including informing the Dean of faculty needs;
- (c)** Practice collegial decision-making, including observing Senate regulations; calling and organizing meetings of the academic unit; ensure CASBU Members are informed of unit meetings and facilitate CASBU Members' participation (per the CASBU Collective Agreement Article 18.4) circulating agendas prior to meetings; arranging for minutes of meetings to be taken, circulated and approved; allowing for the presentation of formal motions, discussions and votes; and where required, moving recommendations forward to the appropriate Faculty or University committees. Meetings of the academic unit will be held at least four times during the academic year, with at least two meetings in each of the Fall and Winter terms;
- (d)** Represent the academic unit's interests in administrative matters. In cases where Members are divided on a particular matter, the Chair or Director will, after appropriate discussion at a meeting, represent the majority view of the academic unit;
- (e)** Inform Members of the relevant business conducted and decisions made at meetings where the Chair or Director represents the academic unit, and ensures effective communication both within the academic unit and with other relevant academic units;
- (f)** Provide input to the Dean on the annual budget for all programs and operations housed in the academic unit;
- (g)** Provide leadership in the development of proposals for curricula and academic regulations for programs housed in the academic unit;
- (h)** Submit the academic unit's Annual Academic Plan to the Dean;
- (i)** Work with and assist the Provost and the Dean while preparing the required documentation for reviews (e.g. IQAP) of all programs in the academic unit, while involving the academic unit in the review process;

- (j) Work with the Dean and academic unit Members to produce an annual draft course timetable which shall include all courses in the unit's program area regardless of delivery mode, and attempt to ensure a reasonably equitable workload among Members per Article 28.7;
- (k) Serve on Search Committees in the academic unit for academic positions and relevant staff positions as prescribed by the Collective Agreement;
- (l) Maintain effective communication with students in the academic unit's courses and programs; involve them in academic unit activities and discussions, where appropriate; and respond expeditiously to student issues and concerns;
- (m) Provide direction to non-academic staff in the academic unit as required by the Dean;
- (n) Perform other reasonable duties in connection with the administration of the academic unit as the appropriate Dean may assign, as long as these duties do not conflict with the Chair's or Director's status as a Member of the Bargaining Unit;
- (o) Administer budgets for the academic unit under the supervision of the Dean; and
- (p) Prior to commencing their duties and annually thereafter, all Chairs and Directors must attend a one-day training session coordinated by the Human Resources Department with respect to the duties and responsibilities of Chairs and Directors.

42.7 Additional Duties of Directors

- (a) Liaise with appropriate external associations and engage the academic unit in ensuring proper accreditations for the programs are gained and maintained.
- (b) Represent the academic unit's interests in administrative matters including associations external to the University (for example, but not limited to, community organizations). In cases where Members are divided on a particular matter, the Director will, after appropriate discussion at a meeting, represent the majority view of the academic unit;
- (c) Work with and assist the Provost and the Dean in preparing the required documentation for reviews (e.g. IQAP and Accreditation) of all programs in the academic unit, while involving the academic unit in the review process.

42.8 Duties of Graduate Program Coordinators

- (a) Graduate programs are typically administered by a Graduate Program Committee which is chaired by a Graduate Program Coordinator. Members of a Graduate Program Committee elect the Committee's Coordinator.

- (b) Graduate Program Coordinators organize and coordinate their respective Graduate Program Committees. They assist graduate students in their programs and work with the academic administrator of Graduate Studies and the relevant Faculty Dean to ensure that the graduate regulations, policies and procedures as approved by Senate are followed.

ARTICLE 43: COURSE PLANNING PROCESS

- 43.1** By October 31, Chairs and Directors will call a meeting of their academic unit to complete draft loading sheets. The loading sheets include a list of anticipated courses as of that date to be offered by the academic unit in the Fall and Winter terms of the following academic year. The loading sheets will include course codes and titles, classroom characteristics and requested equipment where relevant, potential morning/afternoon/evening time blocks as determined by the Registrar, and space for faculty to identify their delivery pattern and time block preferences. In the completed draft loading sheets, reasonable efforts will be made to reflect the preferences of the Members of the academic unit.
- 43.2** By November 7 of each year, Chairs and Directors will submit to the appropriate Dean the draft loading sheets.
- 43.3** By November 30 of each year, the Dean, in consultation with the Chairs and/or Directors, will review the draft loading sheets to ensure that all program and student requirements are met. After November 30, the Dean will send the draft loading sheets to the Registrar's Office for review.
- 43.4** By December 20 of each year, the Registrar's Office will return to the Dean, Chairs and Directors the draft loading sheets for review with Members of their academic units. The review will address such issues as timetabling conflicts, errors or omissions.
- 43.5** By January 20 of each year, Chairs and Directors will re-submit draft loading sheets to the Dean.
- 43.6** By January 31 of each year, the Dean will review, sign off and submit to the Registrar's Office the final loading sheets. Reasonable efforts will be made to reflect the preferences as submitted by the respective academic units, but such requests are not guaranteed to be satisfied. The Dean's decision with regard to such requests shall be final.
- 43.7** After January 31 of each year, a course timetable will be prepared by the Registrar using the loading sheets.
- 43.8** For the Spring/Summer term, the draft timetable will be completed by mid-February.
- 43.9** For the Fall/Winter undergraduate and graduate timetables (excluding Schulich School of Education), the draft timetable will be completed by late April.
- 43.10** For the Schulich School of Education, the draft timetable will be completed by early July.

- 43.11** Excluding Members in the Schulich School of Education, any change in a Member's schedule after June 1 will take place in consultation with the Member and only as a result of changes in circumstances which could not reasonably have been foreseen at the time the schedule was finalized.
- 43.12** For the Schulich School of Education, any change in a Member's schedule after July 15 will take place in consultation with the Member and only as a result of changes in circumstances which could not reasonably have been foreseen at the time the schedule was finalized.
- 43.13** While every reasonable effort will be made to keep to the deadline dates noted in this Article extenuating circumstances may result in delays. Every effort will be made by both parties to keep such delays to a minimum.

ARTICLE 44: FINANCIAL EXIGENCY

- 44.1 (a)** Financial exigency is defined as a situation in which the Employer has or projects substantial and continuing financial losses which threaten the continued functioning of the Employer and which are projected by generally accepted accounting methods to persist for more than one year. The Board may only declare that a state of financial exigency exists after giving due consideration to a report by a Financial Commission established in accord with Articles 44.4 and 44.5.
- (b)** In the event of a declaration of financial exigency by the Employer, Members may be laid off according to the procedures contained in this Article.
- (c)** The projection of financial losses may be accompanied by a failure to meet enrolment expectations, concerns about program quality or other elements of program redundancy, but if the impetus towards action comes principally from financial concerns, the matter will be dealt with as provided for in this Article.
- (d)** Concerns about program quality or enrolment may exist within a context of fiscal constraint, but if the impetus towards action comes principally from concerns about academic quality or demand, the matter will be dealt with as provided for in Article 45 (Program Redundancy).
- 44.2** In the event that the Board considers that a financial exigency may exist within the meaning of Article 44.1, it will give notice to the Association within five (5) days that it intends to act in accordance with the procedures set out below. As of the date of such notice, Members may have contracts renewed, but no new appointments may be made, that is, no person will be appointed to a position in the Bargaining Unit covered by this Agreement. As of the date of such notice, the Employer undertakes to make no additional appointments to the administrative complement.

- 44.3** Within twenty (20) working days of giving notice that it considers a financial exigency may exist, the Board will forward to the Association a comprehensive package of financial documentation relevant to the proposed state of financial exigency. The documentation will be sufficiently detailed that by usual accounting principles a state of financial exigency can be evaluated.
- 44.4** Within twenty (20) working days of the notice specified in Article 44.2 above, the Board will establish a Financial Commission which will review the material on the state of financial exigency.
- 44.5** The Financial Commission will consist of seven (7) members, three (3) of whom will be appointed by the Board, and three (3) of whom will be appointed by the Association. An independent Chair will be selected by the other six (6) members of the Commission, and in the event the other members of the Commission cannot agree on a Chair, the Chair will be named by the Senior General Division Court Judge for the Judicial District of Nipissing. No member of the Financial Commission will be a provincial government official.
- 44.6** The Employer will cooperate with the Financial Commission in its deliberations and will accommodate any reasonable request for documentation by the commission.
- 44.7** The Financial Commission will establish its own procedures.
- 44.8** (a) The terms of reference of the Financial Commission will be to review the material on the financial situation of the University and to advise the Board whether or not it believes that a state of financial exigency exists as defined in Article 44.1.
- (b) The Financial Commission will invite and consider submissions on the financial condition of the University and in any event will meet with Senate and the Association for recommendations.
- (c) Notwithstanding (a) above, the Commission will advise that a state of financial exigency exists only after it has determined whether,
- i) the reduction of the number of Members and/or the reduction in the salaries and benefits of Members is a reasonable way to effect a cost saving given the primacy of academic goals within the University;
 - ii) other means of achieving savings have been explored and utilized;
 - iii) every reasonable effort has been made to secure further assistance from the provincial government and to improve the University's revenue position by any other means;
 - iv) enrolment projections are consistent with the intended reduction in the complement of Members;

- v) all other means of reducing the complement of Members including voluntary early retirement, voluntary resignation, voluntary leave, voluntary transfer to Reduced Load status, and redeployment have been considered; and,
- vi) any other matters that it considers relevant to the proposed financial exigency.

44.9 The Financial Commission will make its report to the Board within three (3) months of its appointment. A failure to report within that time limit will have the effect of relieving the Board of the constraint in Article 44.1(a).

44.10 After the Financial Commission reports, a thirty (30) day period will elapse before any procedures for lay-offs are invoked. During that period, the parties will meet and consider the recommendations of the Commission with respect to the implications of the financial exigency. It will be open to the parties, notwithstanding any provisions to the contrary of this Agreement, to renegotiate provisions of this Agreement bearing directly on salaries and benefits, or to reach other mutually acceptable emergency methods of reducing expenditures that could avert lay-offs or decrease the number of lay-offs.

44.11 (a) If the Financial Commission reports within the time limit set out in Article 44.9, the Board will give the report due consideration before making a declaration of financial exigency. If the decision of the Board does not accord with advice contained in the report from the Financial Commission, the Board will clearly state the basis upon which it disagrees with the advice of the Financial Commission. In the event that the Financial Commission has not reported within the time limits provided for in Article 44.9, the Board may declare that a financial exigency exists, but in this case must set out clearly and comprehensively the basis for its decision. If the Board has declared that a financial exigency exists, it may institute lay-offs of Members of the Bargaining Unit by declaring the total compensation saving required within the Bargaining Unit.

(b) Notwithstanding (a) above, the Board will only institute lay-offs of Members of the Bargaining Units following a process of consultation with Senate. In recognition by the parties of the right of Senate to determine the academic priorities of the University, Senate will have the sole right to determine the number of teaching positions to be discontinued within each Faculty and each division provided that the total compensation savings required in Article 44.11(a) are achieved.

(c) The principal criterion to be used in making decisions on teaching staff terminations is the need to maintain the viability, continuity, balance and quality of the University's teaching and scholarly activities, including research.

44.12 In the event that the Board decides that a financial exigency does not exist pursuant to Article 44.1 (a), the Board will be precluded from invoking any of the provisions of this Article for a period of twelve (12) months from the date of its notice under Article 44.2.

- 44.13** After the selection of the Members who are to be laid off but prior to the implementation of such lay-offs, the Employer will make every reasonable effort to secure positions elsewhere in the University, including administrative positions, for those individuals who meet all the basic qualifications and who are to be laid off. Individuals who accept such alternative employment will be given the opportunity to retrain for their new duties, and the Employer will pay any necessary and related tuition fees.
- 44.14 (a)** For each Member serving or having contracted to serve on a limited-term who is selected for lay-off, the Employer will provide the lesser of six (6) months written notice of the proposed date of lay-off or six (6) months' salary in lieu of notice, or notice that the Employer will honour all contractual obligations to the Member and that no further appointment will be offered.
- (b)** For each Member who is serving or has contracted to serve in a tenure-track appointment who is selected for lay-off, the Employer will provide:
- i)** not less than twelve (12) months' written notice of lay-off, with such a notice period to end on a June 30, or salary for the same period in lieu thereof, or an equivalent combination of salary and notice; and,
 - ii)** one (1) months' salary for each year of service with the Employer to a maximum of twelve (12) months' salary, but, in any event, not less than three (3) months' salary.
- (c)** For each Member who is serving or has contracted to serve in a Tenured Appointment who is selected for lay-off, the Employer will provide:
- i)** the same notice or pay in lieu thereof as provided for in Article 44.14(b), and
 - ii)** one months' salary for each year of service with the Employer, to a maximum of eighteen (18) months' salary, but in any event, not less than six (6) months' salary.

Pursuant to the above, all payments will be based on the individual's nominal salary at the date of lay-off.

- 44.15** Members who are laid off, or who voluntarily accept reduced time appointments, or who are transferred to a position outside of the Bargaining Unit will have, for a period of three (3) years from the date of lay-off, a right of first refusal for any post in their former academic unit or sub-unit, unless the Employer can substantiate that the post is so specialized that it cannot be filled by the candidate or by a re-arrangement of the duties of other Members of the same academic unit. The Employer will be entitled to send any such notice to the Member's last known address by registered mail. It will be the Member's obligation to inform the Employer of the Member's then current address. In addition, each Member who is laid off will have a right of first refusal for any other vacant post in the University for which the Member is qualified.

- 44.16** Individuals who are recalled pursuant to Article 44.15 will have up to two (2) months following receipt of notice to accept such recall offer, and a reasonable period, not to exceed twelve (12) months, to terminate alternative employment and take up the offered post. Failure to accept recall is deemed to be a resignation.
- 44.17** Each Member who is recalled to an area or post which is not within the Member's original discipline retains a full right of first refusal for any opening in the Member's original discipline. Recalled employees will be given three (3) months to decide whether they wish to accept recall and will be entitled to a reasonable period of time to fulfill other employment commitments before resuming their duties.
- 44.18** Members who are laid off will have reasonable access to library services, until alternative academic employment is secured, or their recall rights expire or recall is refused, whichever first occurs. Laid off Members, their spouses and their dependents will receive full tuition exemption for any courses taken at the University during the same period.
- 44.19** While a Member is on lay-off under the provisions of this Article, the Employer will not contribute towards pensions and benefits but will permit and facilitate continuance of any coverage if available and if desired by the Member who will pay the applicable premiums.
- 44.20** The cost of the Financial Commission established under this Article will be borne by the Employer.
- 44.21** Should a Member who is laid off because of the declaration of financial exigency wish to grieve the Member's selection for lay-off, the Member will do so under the grievance and arbitration provisions of Article 40 with the exception that the grievance will commence with the Provost, per Article 40.7(a)(ii).
- 44.22** In the event that reassignment of a Member takes place, the Member's rank, type of appointment, seniority and compensation will remain unchanged. If a Member is offered reassignment and declines, the Member will be deemed to have resigned effective on the June 30 following the proposed date of reassignment.
- 44.23** If no reassignment is offered, the Member will be laid off, in which case Articles 44.14 to 44.19 will apply, and Article 44.21 will apply mutatis mutandis.

ARTICLE 45: PROGRAM REDUNDANCY

- 45.1** The Board may declare a program redundancy, as defined in Article 45.3 only on the recommendation of a duly established Senate Redundancy Committee, to which Senate has delegated its power and authority to make such a recommendation in accordance with Article 22(2)(j) of the Nipissing University Act, and only for bona fide reasons under Article 45.5.
- 45.2** No Member will be transferred, redeployed, laid off, terminated or otherwise penalized with respect to terms and conditions of employment and/or rights or privileges relating to employment for reasons of program redundancy except in accordance with this Article.

- 45.3** Program redundancy refers to the cancellation of an academic program when such cancellation results in the transfer (except as provided under Article 24 [Member Transfers]), redeployment, lay-off, termination, or other detrimental change in the terms and conditions of employment of a Member. An academic program is defined as a sequence of courses or other units of study approved by Senate which fulfill the requirements for a diploma, certificate, or degree.
- 45.4** If the University proposes to declare a program redundancy, the Provost, after consultation with the appropriate Dean(s), will so notify Senate and the Association in writing between September 1 and December 1 of any given year, including the proposed reasons for the redundancy, and the proposed reasons for believing that the transfer, redeployment or lay-off of Members of the academic unit(s) affected may be required.
- 45.5** Program redundancy may be declared only for bona fide reasons as determined by a Senate Redundancy Committee in accordance with the procedure outlined in this Article.
- 45.6** As of the date of the notice given in Article 45.4, in the academic program(s) in which the redundancy is proposed:
- i) limited term appointments will be allowed to expire, and
 - ii) the University will impose a moratorium on the hiring of new Members.

These conditions will continue until the proposed redundancy is withdrawn under Article 45.15. If a program redundancy is declared under Article 45.16, no new hirings will be made in the program as the program will have ceased.

- 45.7** Upon receipt of the notification in writing under Article 45.4, Senate will establish a Senate Redundancy Committee as provided for under Article 45.8.
- 45.8** The Senate Redundancy Committee will consist of the following: (a) three (3) Senators appointed by the University, at least one of whom will be a tenured faculty Member; and (b) three (3) Senators, all tenured faculty Members, elected by Senate, including at least one from each Faculty. The Committee will be chaired jointly by one Senator appointed by the University and one Senator elected by Senate. The Provost and tenured faculty Members teaching in the academic program(s) in which the redundancy is proposed may not be appointed or elected to the Senate Redundancy Committee.
- 45.9** The Senate Redundancy Committee will hold its first meeting within ten (10) days of its appointment/election. The mandate of the Committee will be to determine whether bona fide reasons exist for a declaration of program redundancy, and, if bona fide reasons do exist, to recommend such a declaration to the Board. While the Committee will establish its own procedures for this purpose, it will be responsible for addressing the following questions:
- (a) Does the program currently meet acceptable minimum standards for academic quality?

- (b)** Is there evidence, provincially, nationally, or regionally, of societal need for programs similar to the program under consideration?
 - (c)** Have relevant course enrolments in either the current year or previous year been viable?

- 45.10** Members and Academic Administrators will cooperate with the Senate Redundancy Committee in its investigation and deliberations if called upon to do so, and they will provide all documentation necessary to establish to the satisfaction of the Committee whether bona fide reasons exist for a declaration of program redundancy.

- 45.11** The Senate Redundancy Committee will provide all interested persons or groups with a reasonable opportunity to make submissions prior to formulating its final report to Senate.

- 45.12** If the answers to all three questions in Article 45.9 are positive, the Senate Redundancy Committee will report to Senate that bona fide reasons do not exist for a declaration of program redundancy.

- 45.13** If the answer to one or more of the questions in Article 45.9 is negative, the Senate Redundancy Committee will endeavour to determine whether there is a reasonable probability that the answer(s) could become positive within the next two years, given the resources projected to be available to the program during that period. In the event that there is no such reasonable probability of a positive answer(s) within two years, the Committee will report to Senate that bona fide reasons exist for a declaration of program redundancy and that such a declaration will be recommended to the Board on Senate's behalf.

- 45.14** Within 40 working days of its first meeting, the Senate Redundancy Committee will submit its final written report to Senate for receipt with a copy to the Association.

- 45.15** If the Senate Redundancy Committee reports to Senate that bona fide reasons do not exist for a declaration of program redundancy, the Provost will announce that the proposed program redundancy is withdrawn and that no further action will be taken. If the Committee reports instead that bona fide reasons exist for a declaration of program redundancy, the Provost will announce that such a declaration will be recommended to the Board for approval.

- 45.16** Upon approval by the Board of a declaration of program redundancy, the President or designate will prepare a draft plan for the implementation of the program redundancy. This plan will be in accordance with the terms of this Collective Agreement and will affect Members' terms and conditions of employment only to the extent necessary to implement the declared redundancy. The draft plan will include:
 - (a)** a list of all Members affected by the redundancy;
 - (b)** a list of those Members in (a) who may reasonably be considered qualified for current or expected academic and administrative vacancies and who could be transferred with or without retraining;

- (c) a list of those Members in (a) who may qualify for redeployment other than transfer or lay-off, including but not limited to research/study leaves, voluntary early retirement, voluntary resignation, and voluntary transfer to reduced workload with pro-rated pay; and
 - (d) a list of the remaining Members who have been identified for lay-off, with a rationale, should Members in (a) remain who have not been included under (b) and (c) in meeting the requirements of the redundancy plan. Where a Member consents in writing to lay-off, a rationale need not be given.
- 45.17** Within thirty (30) days of approval by the Board of a declaration of program redundancy, the draft redundancy plan under Article 45.16 will be sent to the Association for comment. The Association will make its comments in writing to the President within twenty (20) days of receipt of the draft redundancy plan.
- 45.18** Within twenty (20) days of receipt of the Association's comments, and with due consideration of these comments, the President will present to both the individual Members concerned and the Association the final plan for the transfer, retraining, redeployment, or lay-off of Members. Members may be transferred, retrained, redeployed, or laid off only in accordance with the provisions of this Collective Agreement.
- 45.19** Lay-off of Members for program redundancy reasons may occur if no suitable alternatives are available through transfer, retraining or other redeployment, as outlined in Article 44.15.
- 45.20** A redundant Member may be transferred to another academic program in the University for which the Member is qualified only with the Member's written consent and with the consent of a majority of the Members of the discipline to which the redundant Member is to be transferred. The consent of the Members in this discipline will not be unreasonably withheld. Rank, salary, and benefits will be transferred with the Member. Any transfer of a Member to a position outside the Bargaining Unit will be on terms and conditions satisfactory to the Member and the University. A Member transferred under this Article will retain recall rights pursuant to Articles 44.15, 44.16 and 44.17. If recalled to a position in the Bargaining Unit, the Member's category of appointment and rank will be reinstated. The Member will receive credit for years of service, and the Member's salary will be restored including all increments and adjustments which would have accrued while the individual was excluded from the Bargaining Unit.
- 45.21** When retraining is approved by the University, and the Member and a majority of the Members in the discipline to which the Member is to be transferred have agreed on the transfer, a position will be reserved for the Member until the training period is complete and the Member assumes the position in the new unit. If the retraining is approved by the University, the University will grant and pay for educational leave for that purpose as necessary, normally up to a maximum of two (2) academic years.

- 45.22** If no transfer is available or if a proposed transfer or other proposed redeployment is refused, the University will provide each Member who is to be laid off or who resigns with the same compensation and recall provisions as under Article 44, specifically under Articles 44.14, 44.15, 44.16 and 44.17.
- 45.23** A Member who is laid off will retain reasonable access to library and computer services until alternative academic employment is secured, or their recall rights expire or recall is refused, whichever first occurs. During the same period, the Member may also be granted by the Employer access to shared office or laboratory space, as and when available. In addition, laid off Members, their spouses and their dependents will receive full tuition exemption for any courses taken at the University during the same period.
- 45.24** While a Member is on lay-off under the provisions of this Article, the University will not contribute towards benefits but will permit and facilitate continuance of any coverage if desired by the Member who will pay the applicable premiums.
- 45.25** The cost of the Redundancy Committee established under this Article will be borne by the University.
- 45.26** Any time limits in this Article may be extended by agreement of the parties in writing.
- 45.27** Senate was asked jointly by the President of the University and the President of the Association to approve the procedure for program redundancy established in this Article, and specifically the delegation, to a Senate Redundancy Committee, of Senate's power and authority to recommend to the Board a declaration of program redundancy, in accordance with Article 22(2)(j) of the Nipissing University Act. Senate approved the procedure for program redundancy established in this Article on 18 May 2007.

ARTICLE 46: AMALGAMATION, CONSOLIDATION, MERGER OR EXPANSION OF THE UNIVERSITY

- 46.1** In the event of an amalgamation, consolidation, or merger of Nipissing University or any of its constituent units or subunits with any institution(s), employees eligible for membership in the Association by virtue of meeting the definition of Bargaining Unit members, and who are not members of another Bargaining Unit with a current collective agreement in force will, subject to a favourable outcome of a vote to be administered by the parties, immediately become Members of the Association in which case the terms and conditions of this Collective Agreement will immediately apply to all such persons, unless the terms and conditions of this Collective Agreement are found by the parties to be inappropriate for such employees, in whole or in part. In that event, the parties agree to commence negotiations for new terms and conditions of employment for the employees of such new units or subunits immediately.

- 46.2** In the event of an expansion or extension of Nipissing University through the creation of colleges, schools, centres or any other academic units or subunits offering academic programs or the offering of courses at locations other than the main campus of Nipissing University, the employees in such colleges, schools, centres or other academic units or subunits eligible for membership in the Association by virtue of meeting the definition of Bargaining Unit members will immediately become Members within the meaning of this Collective Agreement. In the event that the terms and conditions of this Collective Agreement are found by the parties to be inappropriate for such employees, in whole or in part, the parties agree to commence negotiation of new terms and conditions of employment for the employees of such new units or subunits immediately.
- 46.3** The University will not voluntarily merge, amalgamate, assign, transfer or sell to any other body any of the academic units or subunits to which any Member belongs unless the successor agrees to be bound by this Collective Agreement for its duration.

ARTICLE 47: NEGOTIATION PROCEDURE

- 47.1** Either party may, within the period of ninety (90) days prior to the expiry of the Collective Agreement, give notice in writing to the other party of its desire to bargain with a view to the renewal of the Collective Agreement.
- 47.2** Meetings will be held at a time and place fixed by mutual consent.
- 47.3** Nothing in this Collective Agreement will prevent its subsequent amendment with the written concurrence of the parties.

ARTICLE 48: STRIKES OR LOCK-OUTS

- 48.1** For the duration of this Agreement, the Employer and the Association agree that the Employer will not call a lockout and the Members of the Association will not take any form of strike action, work stoppage or work slowdown.

ARTICLE 49: DURATION AND CONTINUANCE OF THE AGREEMENT

- 49.1** The Collective Agreement will be binding and remain in effect from May 1, 2022 to April 30, 2023, except where expressly identified within this Agreement.
- 49.2** If the parties have not ratified a new collective agreement on or before April 30, 2023, then all provisions of this Agreement, save and except Article 48, will continue in force:
- (a)** until a new collective agreement has been ratified by the parties; or
 - (b)** unless a legal strike or lockout is in effect.

The parties agree that the continuation of provisions of this Agreement provided for in this section will not constitute a collective agreement.

1. LETTER OF REQUEST FOR EXTERNAL REFERENCE

Date:

Dear _____

(Prof / Dr) (candidate's name), an *(Assistant) (Associate)* Professor in the *(Faculty / Department / School of _____)*, has applied for *(tenure) (and) (promotion to) (Associate Professor) (Professor)* at Nipissing University. Your name has been suggested as an arms-length referee to assist us in our deliberations. External referees make a vital contribution to the process, and I hope you will be able to assist us by serving as a referee in this case. We would require your input into our deliberations by September 1 .

If you cannot conduct an arms-length evaluation, we ask that you decline this invitation. Arms-length referees are those who are not the candidate's family members; have not served as a graduate or postdoctoral research supervisor for the candidate; have not collaborated in any meaningful way with the candidate on research, scholarly and/or creative activities (for example, through co-authorship or joint grant proposals); and do not hold an academic appointment at Nipissing University. You may have met the candidate at a conference, you and the candidate may know people in common, and you may be familiar with each other's works.

You should be aware that the provisions of the Collective Agreement require that the complete contents of your letter of reference will be made available to the candidate, though your authorship will be concealed from the candidate by removing all identifying information. In the unlikely event that the application proceeded to arbitration, your identity may become known to the candidate.

If you are willing and able to act as an arms-length referee in this case, could you please advise me by e-mail at *(e-mail address)* no later than July 25. Upon confirmation from you, I will forward to you copies of *(Prof / Dr) (candidate's name)*'s dossier and teaching evaluations as well as Article 26 (Tenure and Promotion) of the Collective Agreement.

If for any reason you are unable to serve as a referee, I would be grateful if you would let me know as soon as possible so that alternative arrangements can be made.

Thank you for considering this matter.

Sincerely Yours,

[*name*]

Dean of the Faculty of _____

c.c. [*candidate's name*]

2. LETTER WITH DOCUMENTATION FOR EXTERNAL REFEREE

Date:

Dear _____

Thank you for agreeing to act as an external referee in (*Prof / Dr*) (*candidate's name*)'s application for (*tenure*) (*and*) (*promotion to*) (*Associate Professor*) (*Professor*). As I previously indicated to you, we will require your input into our deliberations by September 1.

I would also remind you that the provisions of the Collective Agreement require that the complete contents of your letter of reference will be made available to the candidate, though your authorship will be concealed by removing all identifying information. In order to assist us in this process, we request that the first page consist only of identifying information (your name, title, employer, address, signature, and university letterhead). Begin the second page with **Letter of Reference for (*name of candidate*)**. The first page will be removed, and the remaining text of the letter will be copied and provided to the candidate. In the unlikely event that the application proceeded to arbitration, your identity may become known to the candidate.

I am enclosing the following documentation to assist you in developing your evaluation of the candidate:

- (1) a copy of the Collective Agreement between Nipissing University and the Nipissing University Faculty Association. In particular, you should review the relevant categories and criteria for tenure or promotion listed in Article 26: Tenure and Promotion;
- (2) the candidate's dossier, which includes the candidate's *Statement of the Case for Tenure or Promotion*, a curriculum vitae, as well as comprehensive information on the candidates teaching; research, scholarly and/or creative activities; and service; and
- (3) copies of the candidate's teaching evaluations and the candidate's response to these evaluations, if any.

Of the categories to be evaluated, we ask that you focus primarily on the candidate's research, scholarly and/or creative activities. In your evaluation, please include detailed comments on the quality, originality and significance of the candidate's works as well as the candidate's productivity. We are, of course, not restricting you from commenting on any other aspects of the candidate's abilities, including teaching and service; indeed, we would appreciate you doing so, especially for applications for tenure, keeping in mind the context of Nipissing University as a small, primarily liberal arts university.

Your final determination of whether the candidate has, in your view, met the expectations for (*tenure and/or promotion*) is of considerable importance to us. Please ensure your evaluation contains a detailed account of your reasoning regardless of your decision. It is critically important for our committees to have as much explanatory reasoning from peers as possible. Finally, your evaluation needs to be based only on an assessment of

the materials submitted, in accordance with the relevant criteria in the Collective Agreement. For cases where the candidate is applying for Professor, national and international reputation is one of the key criteria. It can be determined both by the dossier as well as other evidence, including your personal knowledge and awareness of the candidate's standing and reputation in the field.

The enclosed material is confidential. Please do not share it or discuss it with anyone, or use it for any purpose other than this evaluation. After completing your evaluation, we ask that you destroy the dossier. However, you are welcome to keep any publications (whether "stand alone" or "bound" works, which may be removed from the dossier).

If you require further clarification on any matter, please e-mail me rather than telephone since the substance of any communication with you regarding this matter will be disclosed to the candidate.

Thank you for your assistance in this matter.

Sincerely Yours,

[name]

Dean of the Faculty of _____

3. REMINDER LETTER TO EXTERNAL REFEREE PRIOR TO THE DEADLINE

Date:

As that date is fast approaching, I am writing to give you a friendly reminder of the deadline date and to express my hope that you will be in a position to give us your views by that time. If you anticipate any delays in providing us with the evaluation, please advise me at your earliest opportunity.

Thank you for your assistance in this matter.

- (b) Long-Term Disability benefits will be payable only up to the Member's irrevocable retirement date with such benefits being calculated according to the actual salary during the phased retirement period, subject to plan requirements.

- (c) A Member who is eligible and qualifies for Long-Term Disability benefits during the PRP may opt out of the program and retire instead of receiving Long-Term Disability benefits.

The Member's salary during the PRP will be prorated on the basis of the phased appointment of the Member in each year.

LETTER OF AGREEMENT

GRAND-PARENTING OF CURRENT ACADEMIC LIBRARIANS AND ARCHIVISTS FOR VACATION LEAVE

Members designated as Academic Librarians or Archivists as of the date of the signing of this Agreement will be grand-parented with the vacation leave provisions under which they were originally hired.

Members will have access to vacation leave at the following rate for each completed continuous fiscal year of service (fiscal year is May 1 to April 30). All vacation days must be pre-approved by the Executive Director of Library Services.

Years of Continuous Service	Monthly Accrual Rate	Maximum Annual Vacation Credit
Up to 3 years	1.92 days	23 days
After 3 years	2.08 days	25 days
After 5 years	2.25 days	27 days
After 8 years	2.50 days	30 days
After 10 years	2.92 days	35 days

Note: Vacation credits allotted on May 1 of each year are those earned in the preceding year - e.g. vacation allocated on May 1, 2019, is that which is earned from May 1, 2018, to April 30, 2019.

For the portion of the year worked before May 1 in the first year of employment, and for the year when a change in the rate of vacation credit accumulation occurs, vacations will be calculated as follows: One year is to be taken from the date of employment and one month is to be any calendar month in which at least ten (10) days were worked. Vacation days will be calculated to the nearest whole day, not to exceed the total allowed in one fiscal year.

Vacation must be taken on or after May 1 but no later than April 30 of the fiscal year following that in which it was earned. Members shall be allowed to carry a maximum of ten (10) days of vacation forward to the next fiscal year. In exceptional circumstances the Member will consult with the Executive Director of Library Services, who will consider a Member's request to carry over unused vacation days in excess of the maximum ten (10) days permitted by this Article. Unused vacation time that is not carried over will not be redeemable for its monetary value.

Members may borrow a maximum of five (5) vacation days from the next fiscal year, provided that all days borrowed are accrued before they are taken.
